A Gift from Grandpa Kirby J. Gallagher
2012-03-06 The first half of his life was not faithful nor could it be called spiritual, that is, until he started to see the fallacy of his old beliefsbeliefs about everything he knewor

thought he knew about his world. Words of wisdom began to emerge in unusual ways and from a most unlikely source. David Duncan lived three years longer than doctors predicted, but the cancer had suddenly overtaken his body, and he urgently needed to fulfill a promise, made

several years before, to his ten-year-old grandson, Ryan. Gold stars, root beer, rainbow trout, and their own special handshake forged an unbreakable bond, but only David knew that his grandson was a Crystal child. David shared the same gift and made a promise to unveil its secrets to the boy, and pass on the legacy. Now, nestled beside his grandpas hospital bed, unaware of what he is about to hear and the gift he is about to receive, young Ryan eagerly awaits the story of his grandfathers quest for meaning, purpose, understanding of himself and this world, and his gift. Will David live to fulfill his promise? Passing the Torch to his Crystal Grandson.

Grandparents are Special 2004 Repackaged in a colorful, eye-catching jacket, this bestselling, inspirational quote book makes the perfect gift for the special people in our lives. To most of us, our grandma and grandpa are special people who have nurtured us from childhood into adulthood. A warm hug, freely given cookies and candy, a chance to stay up past bedtime are special memories that only our grandparents have given us. Today's grandparents are just as likely to serve chicken nuggets as chicken soup and teach a computer game instead of a card game. Still, grandparents are always different

from parents, allowed to spoil a child with the special love they give. Grandparents Are Special is a loving tribute to those who seem to nurture with great patience, a celebration of the unique role grandparents play in our lives. Filled with anecdotes, poems, and quotes, this book is a perfect gift to those very special people.

A Fun Day with Grandpa Rick Blesi 2015-08 A FUN DAY WITH GRANDPA offers a new interactive way to connect a grandparent with a grandchild. Each 20 page, colorfully illustrated soft-cover story book comes with seventy-two photo face stickers of a grandfather and a grandchild. An amazing connecting moment occurs when face stickers are used to tell family stories with pre-school grandkids (ages 2 to 5). These personalized sticker books let grandparent and grandchild create their own customized book about their awesome adventures together! We don't use a child's name but rather photo stickers of their faces to tell their stories, as facial recognition is much

better than just a name. When each story page is read, the grandchild sticks photo face stickers of themselves and grandpa to re-create fun experiences they've had together. The reading experience becomes very interactive and personal as stories are told from a young child's perspective. Our books create great memories and a real connection between a grandparent and grandchild. They also help young children remember grandparents they may not see often. Lastly, they are a great keepsake book that kids love to read over-and-over again, as they are the star in their own book! To place an order, visit the Sticking With Family website (www.stickingwithfamily.com). We ask you to upload a face photo each of the child and adult who are main characters of your book. After selecting your best face photos, you'll use our sticker editing tool to create perfect face images that are uploaded to us. It's very simple! When your order is received, we print 36 photo stickers of the child's face and 36 stickers of the

adult's face. Then, we mail them to you with your very special book. Grandkids will always remember grandparents, even when they're not together. It's a great way to keep long-distance family members connected, especially grandparents! We also offer a FUN DAY WITH GRANDMA story book which has the same format and is available on our website. Additional family member books will follow shortly!

Waldo Emerson, My Grandfather, and Me
Eugene X. Perticone 2014-04 When Matthew is almost twelve years old, his grandfather, Sam, decides it's time for him to get to know the work of Ralph Waldo Emerson, a sage the boy has never heard of. During their frequent meetings, Sam introduces Matthew to Emerson's sophisticated notions and wisdoms. Emerson's words, delivered in the essay Self-Reliance and in other writings, teach Matthew practical concepts that give greater meaning to life and help him successfully overcome difficulties for

himself and his family. At the same time, Sam and Matthew develop a very special and loving relationship. In *Waldo Emerson, My Grandfather, and Me*, author Eugene X. Perticone shows that although circumstances and the problems of life may seem different and more complex in our time, the best solutions haven't changed much. The wisdom of Ralph Waldo Emerson as it pertains to both worldly and spiritual matters is shown to be as relevant today as in the time it was written, and a grandfather's approach to teaching this to his grandson results in happiness for both of them as well as many others in the boy's life.

Grandfather's Journal Tom Maxwell 2014-10-15 In 2012, after sharing a number of sea stories with my only grandson, I was told I needed to write a life journal to include my years as a child in the Philippine Islands just following World War II. The journal, which addressed a time from June 7, 1935 to December 28, 2013, includes the

important events of my life, including my twenty-seven years in the US Navy. As could be expected, there are more reflections from my years as a naval aviator, flying combat missions in Vietnam and numerous secret missions against the Soviet Union during the Cold War. Not as exciting, but just as important, was my journal following my naval service after my retirement in December 1982. Most importantly, I have shared what took place in my life on June 9, 1977, two days after my 42nd birthday and two days before my oldest son graduated from high school, when I accepted Jesus Christ as the Lord and Savior of my life. This event radically changed my life and immediately healed a broken family. It also addressed the thirty-plus years in which I was called as a volunteer to serve the least of these in our prison systems. If I have a desire for the journal, it would be that it encourage others to address the importance of their spiritual needs before age forty-two and that it would challenge my grandchildren in

their walk with Christ.

Grandpa, Do You Remember When? Homer J Eldridge 2022-08-01 This was basically written about the life of the author from his birth to his later years in life. It was inspired by his loving wife, Virginia, and his four greataEUR"grandsons. They gave him the "want to" and the desire to write about the many facets of his life, his beliefs, his lifestyle, and his ultimate desires in life. In many of the stories, his wife was with him and especially during his military career. The short stories were added for the purpose of letting his young greataEUR"grandsons know more about their other relatives in a humorous way and a couple of true stories by their mothers in a serious way. My Grandpa Marta Altés 2014-12-04 My Grandpa is the stunning picture book debut from Marta Altés, author of I Am An Artist. A moving and memorable book about the very special relationship between an elderly grandfather and his adoring grandson, this unique look at old age

through the eyes of a young bear is big-hearted, poignant and beautifully observed.

Grandfather's Journal C.W. Hanes 2020-06-26 This is a story I was told when I was fourteen or fifteen years old and it is based on a true story about a cave at the top of a mountain along the Red River. Three men went into a cave that overlooked Red River around 1923 or 1927. You could see the river from the cave, but you couldn't see the cave from the river. As they were searching through the cave they found a pit with a log lying across it about two feet across with a hair rope tied around it descending down, down into the pit. They said it looked like horsehair. They lowered one of the men into the

pit to approximately thirty or forty feet where he landed on a rock ledge. He walked around the ledge shining his carbide light and noticed the pit descended another 100 feet or so.

Circumferencing the ledge area he noticed another opening. He yelled out to the two men at the top of the pit to let them know he found another cave entrance. As he shined his light into the opening of the cave, he became excited; he saw Spanish helmets, breastplates, muskets, bows, and arrows. There were also spears, trunks with clothing, gold, and silver. His heart began to race as he stood at the edge of the entrance. He looked down and noticed a mask mostly covered with dirt on the cave floor in the opening. He bent over, picked it up and brushed the dust off the mask. When he did, the mask began to glow and voices filled the air around him. The voices were deafening and the mask glowed as if it were on fire. He threw the mask down to the cave floor and started screaming pull me up, please get me out of here, pull me

up. They said when his feet hit the cave floor he ran out of the cave never stopping until he had gotten back to the car. He had covered five miles to get back to the car, crossing over mountains and dry creek beds. They couldn't catch him. An hour later when they got back to the car, he was lying on the back floorboard covered with a blanket. When they finally coaxed him out of the car, he told them everything that he experienced. He said: "I'll never go into that cave again as long as I live!"

Grandparents Ursula A. Falk 2010-12 What image comes to mind when we hear the term grandparents? Too often it is the Norman Rockwell view of innocuous, kindly white-haired folk or, conversely, the negative stereotype of doddering dim-witted burdens confined to nursing homes. Unfortunately, such notions shortchange not only older people but younger generations as well, who may never realize how

much grandparents have to offer. This informative, well-researched book aims to add some perspective and depth to the stick-figure images of grandparents promulgated by contemporary culture. Psychotherapist Ursula Falk and sociologist Gerhard Falk provide an illuminating overview of the many facets of being a grandparent in today's society. Among the topics discussed are the history of the grandparent role and its evolution, social forces that have affected the American family including grandparents, the distinctly different roles of grandmother and grandfather, the parental responsibilities that grandparents today are often forced to assume for their grandchildren in the absence of the children's parents, the ways in which other cultures treat grandparents, the usually negative and stereotypical depiction of grandparents in the media and in literature, and finally the supporting role that grandparents play with authentic examples. Also included is an appendix outlining the legal rights of

grandparents. The authors stress that grandparents must be seen as individuals with their own lives to lead and that society needs to reassess the value of the elderly. Ursula Adler Falk, Ph.D. (Kenmore, NY), is a psychotherapist in private practice and a nursing home consultant. She is the author of a number of books, including *On Our Own: Independent Living for Older Persons*. Gerhard Falk, Ph.D., is professor of sociology at the State University of New York College in Buffalo, NY, and the author of many books, including *Stigma: How We Treat Outsiders*.

My Grandfather's Garden Chris Spencer 2011-04 Fred slouched back, getting into a comfortable position to tell me about his trip. As he starting speaking, I just closed my eyes and let his words evaporate into visions. I could almost hear each paddle stroke and each deep footprint as his boots crunched through the forest floor to his special location. Chris has a very special relationship with his grandfather. He can ask

him anything, and is eager to learn all that Fred has to offer. One special year Chris learns about the true meaning of God's love while helping work in the garden. Throughout this special year, Chris pieces together clues left to him by his grandfather as to the location of a secret key, which reveals the ten lessons for living. Based on a true story, *My Grandfather's Garden*, takes us inside a young boy's mind and opens us up to loving lessons that transcend time. Tied together with select poems from Robert Frost, this beautiful story encourages us to discover our past and unlock the secrets of our soul.
