Pleasant Gehman 2002 The ultimate lowdown on the secret splendor and seediness that is Los Angeles.

Stand Up Poetry Charles Harper Webb 2002 Witty, sexy, gritty, outrageous, emotional, hilarious, honest, courageous. What do these words describe? A growing movement in American literary circles: Stand Up Poetry. Over twenty years ago, Charles Harper Webb discovered a vibrant and invigorating poetry scene in southern California. Featuring some of America's best contemporary poets, this scene, according to Webb, showed insight, imagination, craft, philosophical depth, but most of all, it was funny, and it was fun. Stand Up Poetry: The Poetry of Los Angeles and Beyond (1990) was

the result of Webb's enthusiasm for this poetic genre. A decade later, the popularity of performance poetry, poetry slams, and poetry readings is on the rise, and Webb has expanded his anthology to include a greater sampling of poets from across the country. From Charles Bukowski to Billy Collins and Allison Joseph, the poets included in this collection are popular and emerging, classical and experimental, young and old; yet all exhibit the characteristics so important to Stand Up Poetry-humor, performability, accessibility, individuality. Most important, these poems are enjoyable when read silently or aloud, on the page or on the stage. Stand Up P

**Wide Awake** Suzanne Lummis 2015 Named one of Los Angeles Times Book Critic David Ulin's "Top 10 Books of 2015", *Wide Awake* draws together nationally acclaimed poets and gifted newer writers-one hundred twelve poets of Los Angeles and its surrounding territories-whose work speaks to the humanity, pathos and comedy, of what may be the most romanticized and scorned, disparaged and exalted, of the world's great cities. With respect to style, the selections range from the narrative to the more open-ended or non-sequential, classic formal verse to robust vernacular, and in this way speak to the lively state of North American poetry in our age. Poets include David St. John, Wanda Coleman, Cecilia Woloch, Lynne Thompson, Timothy Steele, Kate Gale, Gail Wronsky, Terry Wolverton, Luis J. The book includes the voices of oral performance practitioners, while the scholarship of many of the academic contributors is informed by their participation in oral storytelling, whether as poets, singers, or visual artists. Its contributions address the politics and ethics of the utterance and text: textualizing orature and orality, simulations of the oral, the poetics of performance, and reconstructions of the oral.

*Latinx Writing Los Angeles* Ignacio López-Calvo

2018-04-01 Latinx Writing Los Angeles offers a critical anthology of Los Angeles's most significant English-language and Spanish-language (in translation) nonfiction writing from the city's inception to the present.

Contemporary Latinx authors, including three Pulitzer Prize winners and writers such as Harry Gamboa Jr., Guillermo Gómez-Peña, and Rubén Martínez, focus on the ways in which Latinx Los Angeles's nonfiction narratives record the progressive racialization and subalternization of Latinxs in the southwestern United States. While notions of racial memory, coloniality, biopolitics, internal colonialism, cultural assimilation, Mexican or pan-Latinx cultural nationalism, and transnationalism permeate this anthology, contributors advocate the idea of a contested modernity that refuses to accept mainstream cultural impositions, proposing instead alternative ways of knowing and understanding. Featuring a wide variety of voices as well as a diversity of subgenres, this collection is the first

to illuminate divergent, hybrid Latinx histories and cultures. Redefining Los Angeles's literary history and providing a new model for English, Spanish, and Latinx studies, Latinx Writing Los Angeles is an essential contribution to southwestern and borderland studies.

*The Voice of Consciousness: Poems Composed After Ninety* Jack Rothman 2020-10 Poetry. A

deep sense of humanity is at the core of Jack Rothman's poetry. His poems are easy to read, yet surprise you with their intensity as you find yourself looking at the world through his eyes. And what a complex world it is. "I wake immersed in consciousness," he says, and shows you page after page what that means. From the vantage point of ninety-plus years, memory, family, and life in America are examined and shared through language that is direct and laced with humor. The blending of honesty and warmth in Jack's voice makes you feel you are his friend. He has a natural inclination to probe below the surface, cares fervently for matters of peace and equality, and holds close the people he loves. In one of my favorite passages, he states, 'My wife and I together / Mount the steps / of time.' I appreciate that his poems are simultaneously thought provoking and tender."-- Deborah Clayton

More than 100 prominent African American poets contribute, including the distinguished and award-winning poets Toi Derricotte, Sam Cornish, Jabari Asim, and Pinkie Gordon Lane.

Los Angeles has a tantalizing hold on the American imagination. Its self-magnifying myths encompass Hollywood glamour, Arcadian landscapes, and endless summer, but also the apocalyptic undertow of riots, environmental depredation, and natural disaster. This Companion traces the evolution of Los Angeles as the most public staging of the American Dream - and American nightmares. The expert

contributors make exciting, innovative connections among the authors and texts inspired by the city, covering the early Spanish settlers, African American writers, the British and German expatriates of the 1930s and 1940s, Latino, and Asian LA literature. The genres discussed include crime novels, science fiction, Hollywood novels, literary responses to urban rebellion, the poetry scene, nature writing, and the most influential non-fiction accounts of the region. Diverse, vibrant, and challenging as the city itself, this Companion is the definitive guide to LA in literature.

Bestselling author Julissa Arce calls for a celebration of our uniqueness, our origins, our heritage, and the beauty of the differences that make us Americans in this powerful polemic against the myth that assimilation leads to

happiness and belonging for immigrants. “You sound like a white girl.” These were the words spoken to Julissa by a high school crush as she struggled to find her place in America. As a brown immigrant from Mexico, assimilation had been demanded of her since the moment she set foot in San Antonio, Texas, in 1994. She’d spent so much time getting rid of her accent so no one could tell English was her second language that in that moment she felt those words—you sound like a white girl?—were a compliment. As a child, she didn’t yet understand that assimilating to “American” culture really meant imitating “white” America—that sounding like a white girl was a racist idea meant to tame her, change her, and make her small. She ran the race, completing each stage, but never quite fit in, until she stopped running altogether. In this dual polemic and manifesto, Julissa dives into and tears apart the lie that assimilation leads to belonging. She combs through history and her own story to break down this myth, arguing that

assimilation is a moving finish line designed to keep Black and brown Americans and immigrants chasing racist American ideals. She talks about the Lie of Success, the Lie of Legality, the Lie of Whiteness, and the Lie of English—each promising that if you obtain these things, you will reach acceptance and won’t be an outsider anymore. Julissa deftly argues that these demands leave her and those like her in a purgatory—neither able to secure the power and belonging within whiteness nor find it in the community and cultures whiteness demands immigrants and people of color leave behind. In *You Sound Like a White Girl*, Julissa offers a bold new promise: Belonging only comes through celebrating yourself, your history, your culture, and everything that makes you uniquely you. Only in turning away from the white gaze can we truly make America beautiful. An America where difference is celebrated, heritage is shared and embraced, and belonging is for everyone. Through unearthing veiled history and

reclaiming her own identity, Julissa shows us how to do this.

The poems of the book are serious, funny, happy, and a mix of the elements of the form. *Cross Country*, the title, refers to the cross-country travel, the sport of running called cross-country, and the cross itself.

Urban Tumbleweed Harryette Mullen

2013-11-05 "Harryette Mullen is a magician of words, phrases, and songs . . . No voice in contemporary poetry is quite as original,

cosmopolitan, witty, and tragic." —Susan Stewart, citation for the Academy of American Poets Fellowship Urban tumbleweed, some people call it, discarded plastic bag we see in every city blown down the street with vagrant wind. —from Urban Tumbleweed Urban Tumbleweed is the poet Harryette Mullen's exploration of spaces where the city and the natural world collide. Written out of a daily practice of walking, Mullen's stanzas adapt the traditional Japanese tanka, a poetic form suited for recording fleeting impressions, describing environmental transitions, and contemplating the human being's place in the natural world. But, as she writes in her preface, "What is natural about being human? What to make of a city dweller taking a 'nature walk' in a public park while listening to a podcast with ear-bud headphones?"

*In Danger* Suzanne Lummis 1999 "Few can pull off the poetics of hard-edged black (gray?) comedy with her polish and aplomb. Her grimly

hilarious songs have the best virtues of the mode: they're stripped of rhetoric, quick-looted and full of bite....Beneath the captivating narrative surface of these sexy meditations in an emergency, the voice beats with vulnerability and heart." -- Steve Kowitz "(Suzanne Lummis and Nearly Fatal Women) could only be from L.A., where dreams are minted and burned, where both the faithful and the fallen angels have a place, where everybody is potentially a target for a freeway shooting, or is perhaps a pioneer discovering America all over again." -- Peter Fortunato, *The Bookpress* Where poetry and stand up comedy meet, these darkly humorous poems provide a witty yet ultimately serious rendition of surviving contemporary noir life in Los Angeles: bars, riots, earthquakes, O.J., Starbucks. These poems explore the woman poet's self-image where Marilyn Monroe hangs over the collective imagination like an archetype or icon, both victim and muse. Done with great accessibility and the illusion of ease, the

surprising juxtapositions of the pop Hollywood language of L.A. create a glittery surface for these intelligent, passionate, funny, sometimes gritty poems.

*Killing Poetry* Javon Johnson 2017-07-17 Winner of the 2019 Lilla A. Heston Award Co-winner of the 2018 Ethnography Division's Best Book from the NCA In recent decades, poetry slams and the spoken word artists who compete in them have sparked a resurgent fascination with the world of poetry. However, there is little critical dialogue that fully engages with the cultural complexities present in slam and spoken word poetry communities, as well as their ramifications. In *Killing Poetry*, renowned slam poet, Javon Johnson unpacks some of the complicated issues that comprise performance poetry spaces. He argues that the truly radical potential in slam and spoken word communities

lies not just in proving literary worth, speaking back to power, or even in altering power structures, but instead in imagining and working towards altogether different social relationships. His illuminating ethnography provides a critical history of the slam, contextualizes contemporary black poets in larger black literary traditions, and does away with the notion that poetry slams are inherently radically democratic and utopic. *Killing Poetry*—at times autobiographical, poetic, and journalistic—analyzes the masculine posturing in the Southern California community in particular, the sexual assault in the national community, and the ways in which related social media inadvertently replicate many of the same white supremacist, patriarchal, and mainstream logics so many spoken word poets seem to be working against. Throughout, Johnson examines the promises and problems within slam and spoken word, while illustrating how community is made and remade in hopes of eventually creating the radical spaces so many of these

poets strive to achieve.

*Poets Beyond the Barricade* Dale Smith 2012  
Since the cultural conflicts over the Vietnam War and civil rights protests, poets and poetry have consistently raised questions surrounding public address, social relations, friction between global policies and democratic institutions, and the interpretation of political events and ideas. In *Poets Beyond the Barricade: Rhetoric, Citizenship, and Dissent after 1960*, Dale Smith makes meaningful links among rhetoric, literature, and cultural studies, illustrating how poetry and discussions of it shaped public consciousness from the socially volatile era of the 1960s to the War on Terror of today. The book begins by inspecting the correspondence and poetry of Robert Duncan and Denise Levertov, which embodies competing perspectives on the role of writers in the Vietnam War and in the peace movement. The work addresses the rational-critical mode of public discourse initiated by Jürgen Habermas

and the relevance of rhetorical studies to literary practice. Smith also analyses letters and poetry by Charles Olson that appeared in a New England newspaper in the 1960s and drew attention to city management conflicts, land-use issues, and architectural preservation. Public identity and U.S. social practice are explored in the 1970s and '80s poetry of Lorenzo Thomas and Edward Dorn, whose poems articulate tensions between private and public life. The book concludes by examining more recent attempts by poets to influence public reflection on crucial events that led to the wars in Iraq and Afghanistan. By using digital media, public performance, and civic encounters mediated by texts, these poetic initiatives play a critical role in the formation of cultural identity today.

Words in Your Face Cristin O'Keefe Aptowicz 2007-11-13 Words in Your Face traces the rich history of slam poetry through the lens of the New York City scene that pioneered it. Author Cristin O'Keefe Aptowicz situates New York slam poetry in the history of oral tradition in poetry throughout history and around the world, with

particular attention to the three major 20th century arts movements that helped set the stage for it: the Harlem Renaissance, the Beats, and hip hop. Aptowicz explores the birth of slam at the Nuyorican Poets' Café and the genre's explosive growth as the media responded with events like Lollapalooza and MTV's Unplugged. The book expands the canvas by examining the connections between academia and slammers, especially the poets of color, the youth slammers, and the burgeoning hip hop poetry scene. Interviews with key players like Chicago's Marc Smith and San Francisco's Gary Mex Glazner help tell this fascinating story from the inside.

### **Childhood, Youth, and Social Work in**

**Transformation** Lynn M. Nybell 2009-01-30  
Social workers today not only face competing claims concerning the rights and needs of children and youth, but they also confront contradictions between policy and practice. Social workers are expected to fight for the best

interests of the child, even though financial support for children's welfare and education grows scarce. They are asked to save "children at risk," while, at the same time, they are urged to protect communities from "risky children"; and they are encouraged to "leave no child behind," while also implementing "zero tolerance" policies to keep educational environments free from troubled youth. A cutting-edge text that deals directly with the confusion and complexity of modern child welfare, *Childhood, Youth, and Social Work in Transformation* features contributions from a truly interdisciplinary group of practitioners, scholars, and activists. Examining the theoretical, political, and practical aspects of working with youth today, this volume breaks free from existing modes of thought and strategies of practice and prompts readers to critically reflect on accepted approaches and new possibilities of action. Contributors analyze how economic, political, and cultural changes

over the last several decades have reshaped the experiences and representations of children and youth in the United States. They examine conceptions of troubled children and youth in contemporary policies and programs and assess why certain discourses about troubling youth are so compelling to professionals, policymakers, and the public. In conclusion, these skilled professionals explore the reinvention of social work policy and practice, including the need to forge relationships that respect the experiences, rights, and personhood of children and youth. *Los Angeles Magazine* 2001-03 Los Angeles magazine is a regional magazine of national stature. *Poetic Culture* Christopher Beach 1999 In *Poetic Culture*, Christopher Beach questions the cultural significance of poetry, both as a canonical system and as a contemporary practice. By analyzing issues such as poetry's loss of audience, the "anthology wars" of the 1950s and early 1960s, the academic and

institutional orientation of current poetry, the poetry slam scene, and the efforts to use television as a medium for presenting poetry to a wider audience, Beach presents a sociocultural framework that is fundamental to an understanding of the poetic medium. While calling for new critical methods that allow us to examine poetry beyond the limits of the accepted contemporary canon, and beyond the terms in which canonical poetry is generally discussed and evaluated, Beach also makes a compelling case for poetry and its continued vitality both as an aesthetic form and as a site for the creation of community and value.
