Within the psychological depths with this moving evaluation, we will embark upon a sincere exploration of the book is primary themes, dissect their charming writing type, and succumb to the powerful resonance it evokes serious within the recesses of readers hearts.

Ride for Justice John Harte 2008-05 When Texas rancher Tom Calvert reluctantly returns to his native Virginia to take up arms against the Union, his wife and their son Jack take care of the ranch and pray for a quick end to the war. Not everyone feels the same way. With visions of glory before his eyes, young ranch-hand and friend of Jack's, Jamie Blanchard, prays for the war to last long enough for him to get in on the fighting so that he can show his own father a thing or two. He gets his wish as the war grinds on year after year. In a cruel twist of fate, Tom, managing to survive the war, is attacked by ruthless outlaws while returning home to his family, leading Jack to vow vengeance on those responsible.

Justice and Faith Greg Zipes 2021-04-26 Frank Murphy was a Michigan man unafraid to speak truth to power. Born in 1890, he grew up in a small town on the shores of Lake Huron and rose to become Mayor of Detroit, Governor of Michigan, and finally a U.S. Supreme Court Justice. One of the most important politicians in Michigan's history, Murphy was known for his passionate defense of the common man, earning him the pun "tempering justice with Murphy." Murphy is best remembered for his immense legal contributions supporting individual liberty and

fighting discrimination, particularly discrimination against the most vulnerable. Despite being a loyal ally of Franklin Delano Roosevelt, when FDR ordered the removal of Japanese Americans during World War II, Supreme Court Justice Murphy condemned the policy as "racist" in a scathing dissent to the *Korematsu v. United States* decision—the first use of the word in a Supreme Court opinion. Every American, whether arriving by first class or in chains in the galley of a slave ship, fell under Murphy's definition of those entitled to the full benefits of the American dream. *Justice and Faith* explores Murphy's life and times by incorporating troves of archive materials not available to previous biographers, including local newspaper records from across the country. Frank Murphy is proof that even in dark times, the United States has extraordinary resilience and an ability to produce leaders of morality and courage.

Establishment of Military Justice United States. Congress. Senate. Committee on Military Affairs 1919

Until There Is Justice Jennifer Scanlon 2016-01-20 A demanding feminist, devout Christian, and savvy grassroots civil rights organizer, Anna Arnold Hedgeman played a key role in over half a century of social justice initiatives. Like many of her colleagues, including A. Philip

Randolph, Betty Friedan, and Martin Luther King, Jr., Hedgeman ought to be a household name, but until now has received only a fraction of the attention she deserves. In *Until There Is Justice*, author Jennifer Scanlon presents the first-ever biography of Hedgeman. Through a commitment to faith-based activism, civil rights, and feminism, Hedgeman participated in and led some of the 20th century's most important developments, including advances in education, public health, politics, and workplace justice. Simultaneously a dignified woman and scrappy freedom fighter, Hedgeman's life upends conventional understandings of many aspects of the civil rights and feminist movements. She worked as a teacher, lobbyist, politician, social worker, and activist, often crafting and implementing policy behind the scenes. Although she repeatedly found herself a woman among men, a black American among whites, and a secular Christian among clergy, she maintained her conflicting identities and worked alongside others to forge a common humanity. From helping black and Puerto Rican Americans achieve critical civil service employment in New York City during the Great Depression to orchestrating white religious Americans' participation in the 1963 March on Washington, Hedgeman's contributions transcend gender, racial, and religious boundaries. Engaging and profoundly inspiring, Scanlon's biography paints a compelling portrait of one of the most remarkable yet understudied civil rights leaders of our time. *Until There Is Justice* is a must-read for anyone with a passion for history, biography, and civil rights.

Do Justice Kristi Burton Brown 2017-08-08 Justice cries out for

action—from you—today. Social justice is no longer a hidden topic. Christians now understand that it is indeed biblical. But it may not look the way you think; it may not sound the way you've been told. *Do Justice* is a hands-on guide that will allow you to dive in and discover what you can do now in your corner of the world. Hear the stories of brave men and women who have gone before, and be inspired by the work of others as you make your own action plan. After all, God doesn't expect you to do everything, but he does ask you to do something. What is your something?

The Genius of Justice Timothy C. Ahrens 2022-12-12 There are geniuses in every field of work and all walks of life. Throughout my life, I have seen the geniuses of justice at work in this nation and in faith communities. This book tells the stories of fifty-three "geniuses of justice." They are Conservative and Reform Jews, Mainline, Pentecostal, Evangelical and Catholic Christians, "spiritual but not religious," women, men; Black, brown, white, gay and straight, young and old. Each is a powerful witness for justice. Each has the "IT" factor of justice burning in their bones. How did they become who they are? What drives them to "do the right thing" on behalf of others that is translatable to anyone, anywhere? These geniuses of justice are "just folks" who are justice folk. They can empower and teach each of us to change the world right where we are. This book passes on their genius for justice to you to strengthen and empower you for "bending the moral arc of the universe" to justice. This book is for everyone to learn something that will empower them to change the world - in the place where they live and have power to make a difference.

Becoming a Storyteller William Schmidt Ph. D 2009-09 A young mother leaves her parents, her infant son and her homeland in hope of finding a way to support her family; A middle-aged man wrestles with the sexual abuse he experienced as a child; A teenage girl struggles with her

drug use; A teenage boy confronts his anger about his father's imprisonment; A young man decides how he might best serve his country. All of these people have something in common. All of them are on an adventure that began within. *Storytelling: Wisdom, Trauma and the Dalai Lama* is guidebook to becoming your very best self. It is an aide to discovering the gold hidden in your experience. The treasure you seek is within you. The tale you tell is sacred history. The most important experiences in finding the meaning in your life are oftentimes the most painful ones. Addictions and other compulsions are distractions from the adventure to become your best self. This book will help you identify, write about, heal and learn from the trauma in your life. *Storytelling* will introduce you to other wisdom figures that, like Beatrice in Dante's *Inferno*, will accompany you on your journey to becoming 'all you can be.' In the telling of your story you will change the world. Enjoy the adventure. Remember, if you can tell a story about your experience, you can learn from it, heal it and help others.

*108-1 Hearings: Departments of Commerce, Justice, and State, The Judiciary, and Related Agencies Appropriations For 2004, Part 7, March 26, 2003, * 2004*

Ethics, Justice and International Relations Peter Sutch 2013-04-15 This topical and timely book critically explores contemporary liberal international relations theory. In the fifty years since the declaration of human rights, the language of international relations has come to incorporate the language of justice and injustice. The book argues that if justice is to become the governing principle of international politics, then liberals must recognise that their political preferences cannot be the preconditions of global ethics. The hierarchy of international political ethics must be constructed afresh so that the first principles of justice are accessible to all agents as political and ethical equals. This book will be essential reading for students and scholars in politics, international relations, political theory and ethics.

Racializing Justice, Disenfranchising Lives M. Marable 2007-09-03 African Americans today face a systemic crisis of mass underemployment, mass imprisonment, and mass disfranchisement. This

comprehensive reader makes clear to students the mutual constitution of these three crises.

The Spectator 1894 A weekly review of politics, literature, theology, and art.

Business Digest and Investment Weekly Arthur Fremont Rider 1920
The Glass Sword Don Crockett 2005-04 Standing Tall: Doing Justice in Time of War is the story of a boy whose father dies when he is thirteen years of age, and the meaning he ascribes to this event. His journey through twelve years of seminary studies culminates in his ordination to the priesthood. The connection between celibacy and action on behalf of justice lead him to volunteer for an assignment in El Salvador. He works with his Jesuit colleagues for a persecuted church that is misunderstood by the Vatican and feared by policy-makers in the United States. The courage and commitment of the Salvadoran people, along with the Salvadoran Church's pastoral plan based on the "preferential option for the poor" take him on many adventures, both within the Central American region and within his own mind and heart.

Tough Justice: Courtroom Roleplaying in the Time of the Bloody Code Ian Warner

Justice Keepers Saga - Books 10-12 R.S. Penney 2023-04-29 Books 10-12 in R.S. Penney's 'Justice Keepers Saga', a series of science fiction novels, now in one volume! *Cry Havoc*: A war erupts as the Ragnosians attack the colony world of Alios, and Jack, Anna, and Melissa must defend against an invasion force. Meanwhile, Slade reveals his origins and plots to assassinate the Prime Council, which will alter the political landscape of many worlds. The Overseers are preparing for their final move, and the galaxy will never be the same again. *No Shelter Here*: The Justice Keepers find themselves in the midst of a galaxy-wide war sparked by Grecken Slade's devious plan. As tensions rise, an authoritarian leader takes office, and Jack Hunter is faced with a difficult choice. Will he follow orders or follow his conscience? This action-packed sci-fi adventure is the 11th book in the Justice Keepers Saga. *The Firing Line*: In *The Firing Line*, Anna and Melissa work to build a resistance on Salus Prime against the Ragnos Confederacy, while Jack assembles a rebel

group on Leyria to fight against the tyrannical government. Meanwhile, Claire tries to escape the chaos, but the Overseers have their eyes on her. The Justice Keepers Saga continues with another action-packed installment.

Doing Justice Leroy H. Pelton 1999-01-01 Offers a revised liberal political philosophy, arguing that group-based policies are discriminatory and proposing individual-oriented policies in their place.

The Battle for Justice in Palestine Ali Abunimah 2014-03-25 Ali Abunimah provides an effective strategy for advancing the struggle for a just, single-state solution in Palestine.

Model Rules of Professional Conduct American Bar Association. House of Delegates 2007 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Jochen Peiper Justice Denied David G Williams 2013-08-25 Jochen Peiper was a Colonel in the Waffen SS. One of the wars more divisive men who was accused and convicted of more than 900 murders yet he walked free after only a few years in prison, why? This book covers his

whole life, from his humble beginnings in Berlin to his rise to full Colonel in the SS, and his participation in numerous campaigns in Europe and the Eastern Front. The story leads to the war crimes trial held in Dachau in 1946, the results of that trial, and the use of coercion and dubious interrogation methods leading up to it. Many guilty men walked free and many innocent men remained in jail. Others who were clearly guilty and named were never prosecuted at all. Rules were dismissed and what was supposed to be a shining example of justice became an embarrassing mess. If Peiper and his men were guilty of the crimes convicted of, why were the sentences never carried out? Thoroughly researched using original archived documents and other material this book sheds new light on an old story.

Justice Oliver Wendell Holmes G. Edward White 1995-11-16 By any measure, Oliver Wendell Holmes, Jr., led a full and remarkable life. He was tall and exceptionally attractive, especially as he aged, with piercing eyes, a shock of white hair, and prominent moustache. He was the son of a famous father (Oliver Wendell Holmes, Sr., renowned for "The Autocrat of the Breakfast Table"), a thrice-wounded veteran of the Civil War, a Harvard-educated member of Brahmin Boston, the acquaintance of Longfellow, Lowell, and Emerson, and for a time a close friend of William James. He wrote one of the classic works of American legal scholarship, *The Common Law*, and he served with distinction on the Supreme Court of the United States. He was actively involved in the Court's work into his nineties. In *Justice Oliver Wendell Holmes*, G. Edward White, the acclaimed biographer of Earl Warren and one of America's most esteemed legal scholars, provides a rounded portrait of this remarkable jurist. We see Holmes's early life in Boston and at Harvard, his ambivalent relationship with his father, and his harrowing service during the Civil War (he was wounded three times, twice nearly fatally, shot in the chest in his first action, and later shot through the neck at Antietam). White examines Holmes's curious, childless marriage (his diary for 1872 noted on June 17th that he had married Fanny Bowditch Dixwell, and the next sentence indicated that he had become the sole editor of the *American Law Review*) and he includes new information on Holmes's

relationship with Clare Castletown. White not only provides a vivid portrait of Holmes's life, but examines in depth the inner life and thought of this preeminent legal figure. There is a full chapter devoted to The Common Law, for instance, and throughout the book, there is astute commentary on Holmes's legal writings. Indeed, White reveals that some of the themes that have dominated 20th-century American jurisprudence—including protection for free speech and the belief that "judges make the law"—originated in Holmes's work. Perhaps most important, White suggests that understanding Holmes's life is crucial to understanding his work, and he continually stresses the connections between Holmes's legal career and his personal life. For instance, his desire to distinguish himself from his father and from the "soft" literary culture of his father's generation drove him to legal scholarship of a particularly demanding kind. White's biography of Earl Warren was hailed by Anthony Lewis on the cover of The New York Times Book Review as "serious and fascinating," and The Los Angeles Times noted that "White has gone beyond the labels and given us the man." In Justice Oliver Wendell Holmes, White has produced an equally serious and fascinating biography, one that again goes beyond the labels and gives us the man himself.

A Unified Theory of Justice and Crime Michael J. DeValve 2018-09-15 This book addresses the idea of justice in order to guide society towards a more effective justice system. The authors trace impoverished and accomplished thinking in criminological and justice discourses and show that when justice and love are seen as synonyms, the historic ills that

have plagued humanity tend to evaporate.

Strong Justice Jon Land 2012-04-24 Fifth-generation Texas Ranger Caitlin Strong learns that only strong justice can save the day when she comes face to face with a serial killer who's left a trail of bodies along the Mexico border. Reissue.

Standing Tall William Schmidt 2004-04 Jesse Graye's Tears of the Phoenix illuminates an entire healing process, from a wounding past, over treacherous roads of despair and indignation, through gardens of hope and affirmation, and into visions of glory, as she reclaims her rightful inheritance as a child of the universe, with humility, bravado, honesty, humor, and high regard for Spirit. Her poems and essays often take the reader around an unforeseen corner ("treat regret like the thief it is"), offer a fresh look at well-worn images (the loose-fitting robes of the Christ are "one-size-fits-all"), and match the mundane to the sacred with wry originality ("I am the brains in this relationship, [God] is the muscle and the laughs"). She expresses emotions familiar to us all, rage, loneliness, fear, joy and love, but through her personal alchemy they become "diamonds in the dust at [her] feet" and hold us "captive by silken restraints." We are reminded, in phrases that might well be magnetized to the refrigerator, that phantoms of the past "have only the power we give them" and that the light of truth can shine through nature, silence, gratitude, patience, and the remembrance of who we are. (From Preface by Lesta Bertoia)

Stand Down James Hasson 2019-08-27 "James is a terrific reporter, and this account of the effort to shape our military to reflect left-wing social values rather than the priorities of readiness and capability is vital." —BEN SHAPIRO, bestselling author of The Right Side of History and host of The Ben Shapiro Show "Stand Down is a must-read for anyone who wants to understand how progressives have forced radical changes on our military—no matter how much harm it does to combat readiness." —MOLLIE HEMINGWAY, bestselling coauthor of Justice on Trial "Stand Down exposes one of the greatest but least-discussed scandals of our era. Time and time again, the Obama administration undermined the military to advance left-wing political goals — and Hasson brings the goods to

prove it. Every patriotic American who cares about the military needs to read this book." — BUCK SEXTON, Former CIA Counterterrorism Officer, Host of The Buck Sexton Show "James Hasson makes a powerful and convincing case in this exceptionally well-written book. Stand Down is a scathing indictment of the Obama administration's misuse of the military as a vehicle for progressive social change at the expense of men and women in uniform." —SEAN PARNELL, Army combat veteran and New York Times bestselling author of Outlaw Platoon "Safe space" stickers on office doors at the Naval Academy. Officers apologizing for "microaggressions" against Air Force cadets. An Army "gender integration study" urging an end to "hyper-masculinity" in combat-arms units. Power Point presentations teaching commanders about "male pregnancy." A cover-up, as senior officials placed their thumbs on the scales to ensure the success of the first female candidates at the Army's legendary Ranger School. These are just a few of the examples documented in this explosive book, *Stand Down: How Social Justice Warriors are Sabotaging the U.S. Military* by former Army Captain, Afghanistan veteran, and attorney James Hasson. Hasson exposes the relentless campaign by powerful Obama administration ideologues to remake the culture and policies of the U.S. military, even over the explicit objections of military leaders. He presents evidence—drawn from government documents and exclusive interviews with more than forty sources, including high-ranking officers and Pentagon insiders—that progressive activists in the Obama Administration used the U.S. Military as their preferred vehicle to advance the progressive agenda. The stories paint a troubling picture of what happens when leftwing political operatives impose a political agenda on our nation's military: they render our forces less effective, place our military men and women in greater danger, and compromise the military's sole objective: to protect America by winning the nation's wars. "Military readiness" is a term politicians and pundits often use in the abstract to describe our military's ability to defeat its adversaries. But it ultimately describes how well we have prepared and equipped a young soldier or sailor to prevail over an enemy determined to do them harm. Hasson makes a compelling case that our

nation has a moral obligation to ensure that the sons and daughters it sends to war have the best possible chance of victory—which means we must embrace only the policies that help us win wars and reject those that don't. Political agendas of any kind invite corruption, jeopardize lives, and undermine the mission. They have no place in military policy—a principle that the Obama administration either disdained or failed to understand.

Standing Up for Justice Theodor Meron 2021-03-25 This is a book about international criminal justice written by one of its foremost practitioners and academic thinkers, Judge Theodor Meron. For two decades, Judge Meron has been at the heart of the international criminal justice system, serving as President of the International Criminal Tribunal for the former Yugoslavia (ICTY), President of the International Residual Mechanism for Criminal Tribunals, and a Judge of the Appeals Chambers of the ICTY and the International Criminal Tribunal for Rwanda. Drawing on this experience, and his life and career before serving as an international judge, Judge Meron reflects on some of the key questions facing the international criminal justice system. In the opening chapter, Judge Meron writes vividly about his childhood experiences in Poland during World War II, his education, career with the Israeli Foreign Ministry, and subsequent move into academia in the United States. The book continues with Meron's reflections on what it means to transform from a law professor into an international criminal judge, and shifts focus to the criminal courtroom, addressing topics such as the judicial function, the rule of law, and the principle of fairness in trying atrocity crimes: genocide, crimes against humanity, and war crimes. Judge Meron discusses judicial independence and impartiality in international criminal courts, shedding light on the mystery of judicial decision-making and deliberations. Notably, he addresses the controversial subjects of acquittals and the early release of prisoners. Although acquittals are often seen as a failure of international justice, Judge Meron argues that legal principle must come before any extraneous purpose, however desirable that purpose may be. Finally, the book looks ahead at the challenges facing the future of international justice and accountability,

and discusses the all-important question: does international criminal justice work?
