*Big Panda and Tiny Dragon* James Norbury 2021-09-21 A thought-provoking journey of companionship, courage, tenderness, and tea. *Big Panda and Tiny Dragon* embark on a journey through the seasons of the year together. They get lost, as many of us do. But while lost, they discover many beautiful sights they'd never have found had they gone the right way. Told through a series of beautiful drawings and quiet, sometimes silly, conversations, the panda and the dragon explore the thoughts and emotions, hardships and happiness that connect us all. In nature, they learn how to live in the moment, how to be at peace with uncertainty, and how to find the strength to overcome life's obstacles together. Inspired by Buddhist philosophy and spirituality, British author and artist James Norbury created the adventures of *Big Panda* and *Tiny Dragon* to share ideas that have helped him through difficult times. The book's series of

vignettes can be read cover to cover or dipped into whenever inspiration is needed. James hopes the book's words and images will inspire others to pause, enjoy the stillness, and look at life in a positive new way. **Tales of Giants from Brazil** Elsie Spicer Eells

1918 When the Spring Princess had led her mother safely outside the castle walls she thanked the Giant of the Great Wind for all he had done to help her. Then the Giantess of the Great River and the Spring Princess hastened back to the wonderful palace of mother-of-pearl set with gold and silver and precious stones, where the Great River runs into the Sea. As soon as she had safely reached there once more the Spring Princess suddenly remembered that she had stayed away from her home in the palace of the Sun Giant longer than the three months she was supposed to stay according to the agreement. She at once said good-bye to her mother and hastened to the home of the Sun Giant, her husband, and to her baby son. Now the Sun Giant had been very much worried at first when the three months had passed and the Spring Princess had not come back to him and her little son. Then he became angry. He became so angry that he married another princess. The new wife discharged the nurses who were taking care of the tiny son of the Spring Princess and put him in the kitchen just as if he had been a little black slave baby. When the Spring Princess arrived at the palace of the Sun Giant the very first person she saw was her own little son, so dirty and neglected that she hardly recognized him. Then she found out all that had happened in her absence. The Spring Princess quickly seized her child and clasped him tight in her arms. Then she fled to the depths of the sea, and wept, and wept, and wept. The waters of the sea rose so high that they reached even to the palace of the Sun Giant. They covered the palace, and the Sun Giant, his new wife, and all the court entirely disappeared from view. For forty days the face of the Sun Giant was not seen upon the earth. The little son of the Spring Princess grew up to be the Giant of the Rain. In the rainy season and the season of thunder showers he rules upon the earth. He sends upon the earth such tears as the Spring Princess shed in the depths of the seas.

During a mission on planet Tragul, I have the misfortune to get stranded with Lieutenant Agan Drankai, the most arrogant prick in the entire alien army of the country Ravie. I save his life during combat. But the big, tough Agan isn't too pleased about having a "tiny" female as a mission partner. When he and I end up separated from the rest, we get captured and brought to a secret lab supposedly operated by our allies. A rogue scientist performs an illegal experiment on Agan, which finally allows the cocky lieutenant to get a taste of his own medicine. The tough guy is now no bigger than my palm. He thought he hated fighting side by side with a woman before? Now, he literally has to be carried back to his army base by one. And the safest way for me to do that is to stuff him in my bra. Despite his small size, Agan's ego remains as big as ever, but so are his confidence, courage, and loyalty. The better I get to know him, the more I find his "little self"

growing on me. How much does the size really matter? And does it matter at all?

**Small Giants** Bo Burlingham 2016-10-11 How maverick companies have passed up the growth treadmill — and focused on greatness instead. It's an axiom of business that great companies grow their revenues and profits year after year. Yet quietly, under the radar, a small number of companies have rejected the pressure of endless growth to focus on more satisfying business goals. Goals like being great at what they do, creating a great place to work, providing great customer service, making great contributions to their communities, and finding great ways to lead their lives. In *Small Giants*, veteran journalist Bo Burlingham takes us deep inside fourteen remarkable companies that have chosen to march to their own drummer. They include Anchor Brewing, the original microbrewer; CitiStorage Inc., the premier independent records-storage business; Clif Bar & Co., maker of organic energy bars and other nutrition foods; Righteous Babe Records, the record company founded by singer-songwriter Ani DiFranco; Union Square Hospitality Group, the company of restaurateur Danny Meyer; and Zingerman's Community of Businesses, including the world-famous Zingerman's Deli of Ann Arbor. Burlingham shows how the leaders of these small giants recognized the full range of choices they had about the type of company they could create. And he shows how we can all benefit by questioning the usual definitions of business success. In his new afterward, Burlingham reflects on the similarities and learning lessons from the small giants he covers in the book.

**Rachelle Tiny and the Giant Kitty Cat** Cullen

Gwin 2015-01-13 It was a wonderful day. Little three-year-old Rachelle Tiny was in a good mood. She was pushing her brand new baby in its brand new stroller, up and down the passageways inside the walls of the big people's house. And all the while she was singing a happy

song. Papa Tiny had made the stroller out of a half a walnut shell, with wheels made of four matching buttons. The teeny Tiny baby doll that fit in it was no more than half an inch tall from the top of its curly yarn head to the bottom of its teeny Tiny feet. Mama Tiny had made the doll for her from a few scraps of leftover material and a piece of yarn. Rachelle thought the whole thing was magnificent! And to make the whole effect even better, Rachelle was also wearing her dress up things. She had on a necklace made of tiny beads. They came down to a point on which was hung a gold foil star from a discarded Christmas decoration. In the very center was a piece of silver glitter that sparkled and shone like a diamond. The glitter necklace, as she called it, matched the other tiny pieces of gold foil with glitter that sparkled on her ears. All in all, Rachelle thought the effect was stunning. In fact, Rachelle was thinking so much about how pretty she looked that she wasn't paying attention to where she was going. The next thing you know, Rachelle looked around her and realized that she was lost! Read about Rachelle's adventure, and what happens when she meets up with one of the big people's cats. The Tinys are a family of very small people that live inside the walls of a big person's apartment. In many ways Tinys are like littles, but they don't have tails like littles do. There are four children in the Tiny family. Gabrielle (or Brie as she is better known) is the oldest. Then comes Aaron, the only boy. After Aaron are the twins, Danielle and Rachelle. They all live with their mother and father. Living nearby are their grandmother and their Aunti Karen, who they spend a lot of time with. The Tinys all live in the walls of an apartment that belongs to the Martin family. In the Martin Family there are the parents, June and Jerry, and their only child, Peter. They also have three cats! As you may know, cats love to chase things that are smaller than they are, and tinys are just the right size for a cat to chase. The cats will pounce on the tinys and bat them around. They may not mean to hurt the tinys, but they do. That's why tinys don't like cats. The Tinys work hard at making things work. They like to recycle things that the big people throw away. They also like parties, and good times, and spending time together. In many ways, Tinys are just like you and me, only smaller. Read about

the adventures of the Tinies in this series. Ages 7 to 12. Reading level: 4.3 3029 Words  
**Tiny Hamster Is a Giant Monster** Joel Jensen 2015-06-02 Tiny Hamster eats more than tiny burritos when he turns into a giant monster in this debut photographic picture book starring the YouTube sensation Tiny Hamster, whose viral videos have been viewed more than 16 million times. When Tiny Hamster accidentally eats some mad scientist goo, he turns into a giant, Godzilla-like hamster, stomping through the city and eating everything in sight! This adorably monstrous story perfectly pairs with an all-new video set to release simultaneously with the book. There's a reason Time deemed the creators of the HelloDenizen YouTube channel "heroes of the Internet"—because Tiny Hamster is just that irresistible.
