**Albrecht Dürer and the Embodiment of Genius** Jeffrey Chipps Smith 2021-05-28 During the nineteenth century, Albrecht Dürer's art, piety, and personal character were held up as models to inspire contemporary artists and—it was hoped—to return Germany to international artistic eminence. In this book, Jeffrey Chipps Smith explores Dürer's complex posthumous reception during the great century of museum building in Europe, with a particular focus on the artist's role as a creative and moral exemplar for German artists and museum visitors. In an era when museums were emerging as symbols of civic, regional, and national identity, dozens of new national, princely, and civic museums began to feature portraits of Dürer in their elaborate decorative programs embellishing the facades, grand staircases, galleries, and ceremonial spaces. Most of these arose in Germany and Austria, though examples can be seen as far away as St. Petersburg, Stockholm, London, and New York City. Probing the cultural, political, and educational aspirations and rivalries of these museums and their patrons, Smith traces how Dürer was painted, sculpted, and prominently placed to accommodate the era's diverse needs and aspirations. He investigates what these portraits can tell us about the rise of a distinct canon of famous Renaissance and Baroque artists—addressing the question of why Dürer was so often paired with Raphael, who was considered to embody the greatness of Italian art—and why, with the rise of German nationalism, Hans Holbein the Younger often replaced Raphael as Dürer's partner. Accessibly written and comprehensive in scope, this book sheds new light on museum building in the nineteenth century and the rise of art history as a discipline. It will appeal to specialists in nineteenth-century and early modern art, the history of museums and collecting, and art historiography.

No woodcut engravers, printers or apprentices come between Durer and the viewer. This contributes to the particular fascination of such sheets as The Large Piece of Turf or Hare. The introductory essay, portraying Durer as a passionate observer of his surroundings and an exceptionally gifted artist, is followed by thirty-five, high-quality reproductions of his most popular drawings and watercolours."--Jaquette

**The life and art of Albrecht Durer** Erwin Panofsky 1971

**Albrecht Dürer and His Legacy** Giulia Bartrum 2002 "Albrecht Durer (1471-1528) was in a sense the first truly international artist. The

collection of his work in the British Museum is one of the best in the world. This book shows how his sophisticated development of the techniques of woodcut and engraving introduced the idea of multiple images into fine art and thereby altered the history of printmaking. The chronology of his career is traced from his early work in the medieval tradition of Martin Schongauer, through the experience he acquired while living in Italy, to his major print projects for the Holy Roman Emperor, Maximilian I." "The book also examines Durer's influence at later periods, from the obsessive interest in his work by collectors and artists during the late sixteenth century to the virtually iconic status he acquired amid the rise of German nationalism during the nineteenth century. The Nobel-winning German novelist Gunter Grass, himself a printmaker, contributes a subjective view of Durer's images from a twentieth-century standpoint, while other introductory essays by Guilia Bartrum, Joseph Koerner and Ute Kuhlemann consider aspects of Durer's legacy through history. The illustrations include all Durer's best-known prints as well as numerous drawings and watercolours."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

*Albrecht Dürer* Stacey Bieler 2017-12-06 The artist and entrepreneur Albrecht Durer lived in Germany in the early 1500s, when two storms were threatening the Holy Roman Empire. First, Suleiman the Magnificent and his army of Ottoman Turks were expanding from Constantinople to Vienna, the doorstep of Europe. Second, Martin Luther, a German monk and professor, wrote his Ninety-Five Theses identifying corruption within the Roman Catholic Church. This challenged the authority of both Emperor Charles V and Pope Leo X, who responded by accusing Luther of heresy. Albrecht Durer influenced art and media throughout Europe as strongly as Martin Luther influenced people's views of life, death, and their relationship with God. Durer's art and writing reveal how this creative and thoughtful man responded to the changes offered by Luther. Why was Durer so attracted to Luther's writings? Why would he risk being accused of being a heretic? Both of these men inspired changes in art, religion, and politics that still underlie the foundation of today's social structures and Western culture.

**Masters of German Art : Albrecht Dürer** Anja Eichler 1999 Albrecht Durer embodied a new type of artist, one who represented a different attitude to art and enjoyed high social status. With his revolutionary innovations in painting he introduced the Renaissance to German art.

**Albrecht Dürer and the Epistolary Mode of Address** Shira Brisman 2016 The first book to argue that the expansion of literacy and the proliferation of personal letter-writing in the late 15th and early 16th centuries both affected and inspired the great painter and graphic artist Albrecht Durer. Brisman argues, in lucid prose, that the experience of writing, sending, and receiving letters shaped how Durer conceived of the work of art as an agent for communication. She assesses the different kinds of letters that were written in Durer's time, their formulations, the patterns by which they traveled, and the means by which they established relationships between authors and readers. And she thinks about the efficacy of works of art in transmitting messages, developing the idea of an epistolary mode of artistic address that is marked by an appeal from artist to viewer that is direct and intimate while also acknowledging the distance and delay that defers the message before it reaches its recipient."

**The Drawings of Durer** Albrecht Dürer 1964 About 50 of the artist's drawings are represented.

**Albrecht Dürer, 1471-1528** Norbert Wolf 2006 A classic, prize-winning novel about an epic migration and a lone woman haunted by the past in frontier Waipu. In the 1850s, a group of settlers established a community at Waipu in the northern part of New Zealand. They were led there by a stern preacher, Norman McLeod. The community had followed him from Scotland in 1817 to found a settlement in Nova Scotia, then subsequently to New Zealand via Australia. Their incredible journeys actually happened, and in this winner of the New Zealand Book Awards, Fiona Kidman breathes life and contemporary relevance into the facts by creating a remarkable fictional story of three women entangled in the migrations - Isabella, her daughter Annie and granddaughter Maria. McLeod's harsh leadership meant that anyone who ran counter to him had to live a life of secrets. The 'secrets' encapsulated the spirit of these women in their varied reactions to McLeod's strict edicts and connect the past to the present and future.
