*Machiavelli for Women* Stacey Vanek Smith 2021-09-07 From the NPR host of *The Indicator* and correspondent for *Planet Money* comes an "accessible, funny, clear-eyed, and practical" (Sarah Knight, *New York Times* bestselling author) guide for how women can apply the principles of 16th-century philosopher Niccolò Machiavelli to their work lives and finally shatter the glass ceiling--perfect for fans of *Feminist Fight Club*, *Lean In*, and *Nice Girls Don't Get the Corner Office*. Women have been making strides towards equality for decades, or so we're often told. They've been increasingly entering male-dominated areas of the workforce and consistently surpassing their male peers in grades, university attendance, and degrees. They've recently stormed the political arena with a vengeance. But despite all of this, the payoff is--quite literally--not there: the gender pay gap has held steady at about 20% since 2000. And the number of female CEOs for Fortune 500 companies has actually been declining. So why, in the age of #MeToo and #TimesUp, is the glass ceiling still holding strong? And how can we shatter it for once and for all? Stacy Vanek Smith's advice: ask Machiavelli "with this delicious look at what we have to gain by examining our relationship to power" (Sally Helgesen, *New York Times* bestselling author). Using *The Prince* as a guide and with charm and wit, Smith applies Renaissance politics to the 21st century, and demonstrates how women can take and maintain power in careers where they have long been cast as second-best. "*Machiavelli For Women* is the ultimate battle guide for our times. Brimming with hard-boiled strategies, laced with wit, it's a must-read for every woman ready to wield power unapologetically" (Claire Shipman, coauthor of *The Confidence Code*).

**City Mouse** Stacey Lender 2017-06-06 "A hilarious book about the city vs. suburb divide." --New York Post, a Must-Read Book "City Mouse is a sharp and sophisticated novel of suburban life with a narrative voice that is equal parts witty, observant, and vulnerable. A bracingly tart portrait of suburban hell." --Kirkus Reviews "Lender's enlightening, beautifully plotted novel dives deep into the notion of having it all while playing with the shallow notions of the American dream." --Publishers Weekly "This defines a beach read for me! So relatable to our own lives as it is all about mom trying to find out exactly where she fits in the in the scheme of suburbia--all that goes along with it. Plus, when a book is described as *The Stepford Wives* meets *Bad Moms*, how can you go wrong?" --Mom of the Year (blog), included in 20 Best Summer Books "It's not long before neighborhood secrets give away to scandal, proving the grass--and the Astro turf--isn't always greener on the other side of the white-picket fence." --Star Magazine "With real estate prices on the rise, Jessica, Aaron, and their kids are forced to ditch their chichi Manhattan digs for the suburbs.
