The Oxford Handbook of Canadian Cinema Janine Marchessault 2019-03-20 The chapters in The Oxford Handbook of Canadian Cinema present a rich, diverse overview of Canadian cinema. Responding to the latest developments in Canadian film studies, this volume takes into account the variety of artistic voices, media technologies, and places which have marked cinema in Canada throughout its history.

Drawing on a range of established and emerging scholars from a range of disciplines, this volume will be useful to teachers, scholars, and to a general readership interested in cinema in Canada. Moving beyond the director-focused approach of much previous scholarship, this book is concerned with communities, institutions, and audiences for Canadian cinema at both national and international levels. The choice of subjects covered ranges from popular, genre cinema to the most experimental of artistic interventions. Canadian cinema is seen in its interaction with other forms of art-making and media production in Canada and at the international level. Particular attention has been paid to the work of Indigenous filmmakers, members of diasporic communities and feminist and LGBTQ artists. The result is a book attentive to the complex social and institutional contexts in which Canadian cinema is made and consumed.

Estates, Taxes, and Professional Ethics

International Academy of Estate and Trust Law. Conference 2003-01-01 Part 1. Trusts and taxes Italian style. Introduction: Trusts--some observations from a civil law perspective / Maurizio Lupoi ; Trusts and company law--the Italian experience / Edoardo Andreoli ; Trusts and income taxes in Italy / Guglielmo Maisto ; Analysis of indirect taxation on transfers of trust property in Italy / Paolo Gaeta -- pt. 2. Report of Proceedings of the Tax Conference Canadian Tax Foundation 1973 *Studies in the History of Tax Law, Volume 2* John Tiley 2007-01-29 This work contains the full text of the papers presented at the second Tax Law History Conference in July 2004. The Conference was organised by the Cambridge Law Faculty's

Centre for Tax Law. The papers range widely in terms of period - from the Old Testament to the twentieth century - and geographical areas, with papers on matters relating to not only the United Kingdom but also Canada, Australia and the US. The matters discussed are also broad and include the concept of taxation developed by Adam Smith and his fellow United Kingdom writers of the Enlightenment, problems of adjudication in tax law and of access to justice for taxpayers, definitions of income and its UK subset 'total income', capital gains tax, stamp duty on newspapers, the wartime excess profits tax, the nature of tithes, the strange tale of Jasper Moore, the real nature of the decision in the Duke of Westminster case, the demise of wealth transfer taxes in Canada, the nature of the US corporate tax and debates in the US about whether to raise war finance by issuing bonds or levying tax. As a whole the papers illustrate not only the wide variety but also the real depth of the issues waiting to be investigated in this rapidly growing field of scholarship.

The Other Islanders Frances Ruley Karttunen 2005 "Contrary to what public history and popular literature might have led us to believe, Nantucket is historically an island of rich cultural diversity. Here, author Frances Ruley Karttunen introduces us to the original Nantucketers -- the Wampanoags -- as well as to African slaves, Pacific Islanders, Irish refugees, Azoreans, and Cape Verdeans who over the years have found a home on Nantucket. Here, too, is a look at the island's connection to Jamaica, the Middle East, Europe, and Asia -- all sources of people who have contributed to the island's economy and added dimensions to Nantucket's culture" -- Back cover.

LIFE 1958-03-17 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century. New England and the Maritime Provinces

Stephen John Hornsby 2005 A wide-reaching, inter-disciplinary examination of the links between New England and the Maritimes.

Dictionary of Cape Breton English William John Davey 2016-10-27 Biff and whiff, baker's fog and lu'sknikn, pie social and milling frolic - these are just a few examples of the distinctive language of Cape Breton Island, where a puck is a forceful blow and a Cape Breton pork pie is filled with dates, not pork. The first regional dictionary devoted to the island's linguistic and cultural history, the Dictionary of Cape Breton English is a fascinating record of the island's rich vocabulary. Dictionary entries include supporting quotations culled from the editors' extensive interviews with Cape Bretoners and considerable study of regional variation, as well as definitions, selected pronunciations, parts of speech, variant forms, related words, sources, and notes, giving the reader in-depth information on every aspect of Cape Breton culture. A substantial and long-awaited work of linguistic research that captures Cape Breton's social, economic, and cultural life through the island's language, the Dictionary of Cape Breton English can be read with interest by Backlanders, Bay byes, and those from away alike.

Scenic Driving Atlantic Canada Chloe Ernst

2011-06-14 A first edition, Scenic Driving Atlantic Canada features nearly thirty separate drives through the beautiful Canadian coastline, from Nova Scotia up to Newfoundland. An indispensable highway companion, Scenic Driving Atlantic Canada includes route maps and in-depth descriptions of attractions.

Regional Geography of the United States

and Canada Daniel R. Montello 2021-03-29 The fifth and thoroughly revised edition of Regional Geography of the United States and Canada provides a rich and comprehensive overview of both the physical and human geography of these two countries, and in the true spirit of geography, the interactions and interrelations of the physical and human. Following long traditions of the discipline of geography, this text incorporates words, maps, drawings, photographs, and numerical data to present its information in an engaging way. After covering beneficial precursor topics—such as the basics of physical and human geography—the text explores fifteen regions of the US and Canada. The authors observe and describe our planet's geography in thorough and accessible detail, while laying out the spatial basics of the location, shape, and size of the different regions, and summarizes their most distinctive thematic qualities. Physical topics covered include the region's topography and landforms, soils, climate, hydrography, vegetation, and wildlife. The human topics include the region's population; the ethnicities and settlement history of its people; economic activities, including agriculture, forestry, mining, fishing, manufacturing, and service industries; cities; and transportation. In-depth essays expand on specific topics of interest and importance, while outlook sections prognosticate about the near future of the regions. Each chapter concludes with a bibliography of books, articles, and reports that provide further sources for the interested reader.

Nova Scotia David Orkin 2013-04 Virtually surrounded by the sea, the ocean's salty waters pulse through Nova Scotia's historic veins. Nova Scotia's rich folklore is steeped in sea-related superstitions together with fables, myths, Scottish legends and ghost stories. Here fishermen have cast their nets for centuries and the abundance of contemporary seafood

restaurants and historic lighthouses breathe life into their traditions. It includes detailed sections on topics such as wildlife, history, culture, sights and cuisine. Resident in the province David Orkin's insider knowledge provides in-depth insight into the best B & Bs, wineries, beaches, remote villages and top spots to see moose and seals while cycling and walking. Interviews with locals bring the destination to life. For everyone from the first time visitor to the most seasoned traveller, this guide delves deeper than any other guide to reveal the best of this fascinating province both on and off the beaten track.

Imprisoning Our Sisters Stephanie Hayman 2006 Using extensive interviews and previously unexplored archival material, Hayman examines the work of the Task Force on Federally Sentenced Women and assesses the opening of the first three prisons. She questions the notion that prisons can simultaneously "heal" and punish, suggesting that the power of "the prison" inevitably triumphs over the good intentions of reformers.
