2,000 Miles on Foot: Walks Through Great Britain and France E. W. Fox 1911 "The author makes the journey on foot during the time when bicycles were a popular means of transportation and automobiles were just starting out. He provides many comparisons between what he sees and what he knows back home. Clearly, his intended audience are people who live in England and are familiar with the English countryside. Overall, he takes a cheerful tone in relating his memories of his journey. The stories are as much a travel through time as a journey on foot." --Online review, Google Books.

The England Coast Path 2nd edition Stephen Neale 2023-03-02 The definitive guidebook to the entire 3,000-mile length of the new England Coast Path. For anyone planning a trip to the coast or a UK summer holiday, the new England Coast Path national trail is a hugely exciting

prospect, and this guidebook shows you how to make the most of every single glorious mile. Environmentalists, volunteers, campaigners, land owners and politicians all came together to create this 'ninth wonder of the world', and from the opening of the path in 2020 onwards, anyone has been able to walk and wild camp along the entire 3,000-mile length of the English coast. It's a fantastic opportunity for all walkers, campers, fans of the coast and the outdoors. Stephen Neale has spent many happy months walking, camping and surveying the path, and from that experience has written a fantastically detailed and rich guidebook covering the route itself, along with everything from the best places to swim, hunt for fossils and eat seafood to hidden away beaches and canoeing spots. Fully updated for its second edition, with 100 extra adventures from the newly opened sections of the path and spectacular new aerial photography, the book is divided up into the 16 coastal counties and features 1,100 places to see, camp and explore

around the coast. Each place has map coordinates and basic directions from the path, allowing walkers to either visit specific places or link highlights together, walking between them along the path. The England Coast Path represents what makes England so great: a little bit mad, a little bit proud, and the lucky host to one of the most spectacular and wild coastlines in the world. With this book you too can join the adventure.
