A Valency Dictionary of English Thomas Herbst

2004-01-01 This dictionary provides a valency

description of English verbs, nouns and

adjectives. Each entry contains a comprehensive list of the complementation patterns identified on the basis of the largest corpus of English

available at the present time. All examples are taken directly from the COBUILD/Birmingham corpus. The valency description comprises statements about the quantitative valency of the lexical units established, an inventory of their obligatory, contextually optional and purely optional complements as well as systematic information on the semantic and collocational properties of the complements. An outline of the model of valency theory used in this dictionary is provided in the introduction.

**The Grammar of Japanese Mimetics** Noriko Iwasaki 2016-12-01 Mimetic words, also known as 'sound-symbolic words', 'ideophones' or more popularly as 'onomatopoeia', constitute an important subset of the Japanese lexicon; we find them as well in the lexicons of other Asian languages and sub-Saharan African languages. Mimetics play a central role in Japanese grammar and feature in children's early utterances. However, this class of words is not considered as important in English and other European languages. This book aims to bridge the gap between the extensive research on Japanese mimetics and its availability to an international audience, and also to provide a better understanding of grammatical and structural aspects of sound-symbolic words from a Japanese perspective. Through the accounts of mimetics from the perspectives of morpho-syntax, semantics, language development and translation of mimetic words, linguists and students alike would find this book particularly valuable.

**Renata's Journey** Renata Kawepo Tama-Ki-Hikurangi 1994 Original Maori text in parallel with English translation of one of the earliest surviving pieces of writing in Maori: an account written from a Maori perspective of a journey in 1843-44 with Anglican missionary Bishop Selwyn's party. There is an introduction, commentary on text and manuscript, some history and biography, map, genealogy, b/w photos and sketches, etc. from manuscript, bibliography and index.

**Tikanga Māori** Hirini Moko Mead 2003 'Relationships between and among people need to be managed and guarded by some rules'. Professor Hirini Moko Mead's comprehensive survey of tikanga Maori (Maori custom) is the most substantial of its kind every published.

Ranging over topics from the everyday to the esoteric, it provides a breadth of perspectives and authoritative commentary on the principles and practice of tikanga Maori past and present. *Causation and Reasoning Constructions* Masaru Kanetani 2019-03-15 Causation and reasoning are different but related types of relationships. Both causal relations and reasoning processes may be expressed with one and the same connective word in some languages: English speakers use because and Japanese speakers use kara. How then are causation and reasoning processes related to and different from each other? How do we construe and encode them? How is because different from other conjunctions with similar meanings? To account for these and related empirical questions, this book presents an integrated analysis in accordance with the original principles of Construction Grammar. In particular, the book shows that the analysis proposed is compatible with our general knowledge about causation and reasoning and that it is valid for English and Japanese. The proposed analysis is also comprehensively applicable to a variety of related phenomena, ranging from the just because X doesn't mean Y construction to the innovative and less known because X construction.

**The Kingdom of Ladakh** Luciano Petech 1977 **Te Marae** Patricia Tauroa 2009-04-16 Hiwi and Pat Tauroa outline the sequence of events that begins when visitors arrive at the gates of a marae and ends with their departure.

Appropriate behaviour is described at each stage; the spiritual background is explained; and a selection of waiata (songs), karakia (prayers) and mihi (greetings) are provided for the visitor who wishes to make correct responses. There is also a moving personal account of the marae that have played an important role in Hiwi Tauroa's life.

**First Words in Maori** Paul Tilling 2002-07-03 First Words in Maori is an introduction to Maori words used for everyday items that occur in the lives of New Zealand children. Scenes from the park, in the classroom, on the marae, at the construction site and more provide vocabulary-building opportunities for learners of Maori. Also included are months of the year, colours, shapes and numbers.

Contemporary Māori Words New Zealand. Māori Language Commission 1996 Designed to help promote Maori as a living language, this dictionary includes 5,500 new words developed by the Maori language commission since 1987, and 3,000 previously unpublished Maori equivalents for English terms. **The Prajñāpāramitā Literature** Edward Conze 1978 Description: The literature on Prajnaparamita, vast, deep and vital to an understanding of the Mahayana. It has so far been neglected by the European scholars. With the aim of facilitating the study, the author has set out a certain amount of information about it. Thus this handbook records for the use of scholars the very limited knowledge acquired during the last century.

*Taoism and Chinese Religion* Henri Maspero 2014-09 Taoism and Chinese Religion by Henri Maspero Translated by Frank A. Kierman, Jr.

Revised Edition - Quirin Pinyin Updated Editions (QPUE) This book is a translation of *Le Taoisme et les Religions Chinoises*, which was posthumously published in France in 1971. It is the first English translation of most of the seminal works on Chinese religion of the great sinologist Henri Maspero. First released by The University of Massachusetts Press in 1981, this Quirin Press Revised Edition brings back into print this classic of Western sinology and offers the full original text with the following features: Older Wade-Giles transliteration fully updated and revised to Pinyin. Fully re-typeset and proofed for typographical errors and inconsistencies. Expanded index including Chinese characters. "It is largely thanks to [Maspero's] pioneer work in the fields of Chinese religion, anthropology, linguistics and history that China's contribution to the achievement of man could first be reviewed on terms of parity with those of other civilizations. "To the question whether his discoveries, opinions and interpretations have been outdated by the subsequent thirty years' research, it may be answered that leading scholars still rely with the utmost confidence on his writings as a framework whose validity has outdated their most recent findings, and whose detail has in many cases not been bettered." -Michael Loewe, University of Cambridge (from the sleeve-note to the original 1981 edition) Maspero (1883-1945) was the first Western scholar to study the vast and recondite compendium of Daoist writing, the *Daozang*, and explore its historic meaning. The first part of the book closely examines Chinese society, religion, and folk-myth; the second part specifically focuses on the practice and form of Daoism and includes an extensive investigation of yoga-like procedures of nutrition, breathing exercises, and sexual techniques-all designed to ensure personal immortality in ancient Daoism. The titles of the nine "books" comprising this study give an indication of its breadth and variety: Chinese Religion in Its Historical Development; The Mythology of Modern China; The Society and Religion of the Ancient Chinese and of the Modern Tai; How Was Buddhism Introduced into China?; Daoism in Chinese Religious Beliefs of the Six Dynasties Period; The Poet Xi Kang and the Club of Seven Sages of the Bamboo Grove; An Essay on Daoism in the First

Centuries CE; How to Communicate with the Daoist Gods; Methods of "Nourishing the Vital Principle" in the Ancient Daoist Religion.

These essays explore the continuities and discontinuities between the Neo-Confucian thought of Ming China and early Tokugawa Japan and the practical learning of the 17th and 18th centuries, underlining the need for a deeper examination of the complex relationship between traditional and modern thoughts and values.

Beartato and the Incredible Event 2017-03-04  
Funny, all-ages comic strips starring Reginald (a bird) and his best friend Beartato (a bear-potato). What do you get when you mix "Twilight" with "The Da Vinci Code"? Who cares about that! Instead of thinking about silly questions you could be reading this book about Beartato and Reginald and sometimes Harrison is there too. Contains the "Brain Problems" series and the all-new short story "Beartato Gets Stuck in a Tree"! Anthony Clark is a cartoonist from Indiana. Besides his Beartato comics, he is illustrator and co-author (with KC Green) of the fantasy graphic novel BACK.

**Hawaiian Grammar** Samuel H. Elbert

2001-04-01 Without question, this is the definitive grammar of the Hawaiian language. Indeed it is the first attempt at a comprehensive treatment of the subject since W. D. Alexander published his concise Short Synopsis of the Most Essential Points in Hawaiian Grammar in 1864. This grammar is intended as a companion to the Hawaiian Dictionary, by the same authors. The grammar was written with every student of the Hawaiian language in mind—from the casual interested layperson to the professional linguist and grammarian. Although it was obviously impossible to avoid technical terms, their use was kept to a minimum, and a glossary is included for those who need its help. Each point of grammar is illustrated with examples, many from Hawaiian-language literature.

**The Years Before Waitangi** Patricia Bawden 1987 "In The years before Waitangi the author brings together material from letters, journals and books written by early European visitors to these shores, detailed accounts of what those people saw and experienced, to give the reader a glimpse of the culture and life-style of Maori and Europeans in New Zealand prior to the Treaty of Waitangi." --Back cover.

**Handbook of Japanese Semantics and Pragmatics** Wesley M. Jacobsen 2020-10-12

The volume on Semantics and Pragmatics presents a collection of studies on linguistic meaning in Japanese, either as conventionally encoded in linguistic form (the field of semantics) or as generated by the interaction of form with context (the field of pragmatics), representing a range of ideas and approaches that are currently most influential in these fields. The studies are organized around a model that

has long currency in traditional Japanese grammar, whereby the linguistic clause consists of a multiply nested structure centered in a propositional core of objective meaning around which forms are deployed that express progressively more subjective meaning as one moves away from the core toward the periphery of the clause. The volume seeks to achieve a balance in highlighting both insights that semantic and pragmatic theory has to offer to the study of Japanese as a particular language and, conversely, contributions that Japanese has to make to semantic and pragmatic theory in areas of meaning that are either uniquely encoded, or encoded to a higher degree of specificity, in Japanese by comparison to other languages, such as conditional forms, forms expressing varying types of speaker modality, and social deixis.
