How to Change Your Mind Michael Pollan
2018-05-15 "Pollan keeps you turning the pages . . . cleareyed and assured." —New York Times A #1 New York Times Bestseller, New York Times Book Review 10 Best Books of 2018, and New York Times Notable Book A brilliant and brave investigation into the medical and scientific revolution taking place around psychedelic drugs--and the spellbinding story of his own life-changing psychedelic experiences When Michael Pollan set out to research how LSD and

psilocybin (the active ingredient in magic mushrooms) are being used to provide relief to people suffering from difficult-to-treat conditions such as depression, addiction and anxiety, he did not intend to write what is undoubtedly his most personal book. But upon discovering how these remarkable substances are improving the lives not only of the mentally ill but also of healthy people coming to grips with the challenges of everyday life, he decided to explore the landscape of the mind in the first person as well as the third. Thus began a singular adventure into various altered states of consciousness, along with a dive deep into both the latest brain science and the thriving underground community of psychedelic therapists. Pollan sifts the historical record to separate the truth about these mysterious drugs from the myths that have surrounded them since the 1960s, when a handful of psychedelic evangelists inadvertently catalyzed a powerful backlash against what was then a promising field of research. A unique and

elegant blend of science, memoir, travel writing, history, and medicine, *How to Change Your Mind* is a triumph of participatory journalism. By turns dazzling and edifying, it is the gripping account of a journey to an exciting and unexpected new frontier in our understanding of the mind, the self, and our place in the world. The true subject of Pollan's "mental travelogue" is not just psychedelic drugs but also the eternal puzzle of human consciousness and how, in a world that offers us both suffering and joy, we can do our best to be fully present and find meaning in our lives.

Fixer-Upper Mystery series! When Mac Sullivan—famous thriller writer and Shannon’s new beau—first moved to Lighthouse Cove, California, he bought the historic lighthouse mansion that the town is named after. Mac needs help cleaning up the place, and Shannon is more than happy to get her handywoman hands on the run-down Victorian. But during demolition, a grisly discovery is made among the debris—the bones of a teenage girl who went missing fifteen years ago. Locals had always assumed Lily Brogan ran away from her difficult life, but it seems her troubles followed her to the grave. If Shannon has any chance of getting her renovation back on track, she’ll need to tackle the cold case. But with new suspects coming out of the woodwork every day, she’ll have to be careful to pry the right secrets and clues from the poor girl’s problematic past...

Bimbos of the Death Sun Sharyn McCrumb
2010-07-01 A sci-fi convention gets a dose of true crime in this Edgar Award-winning mystery by the New York Times bestselling author of the *Ballad* novels. When Virginia Tech professor James Owen Mega wrote a fictional account of his real-life research, he hardly expected it to get published. But when a publisher changed the title of his novel to *Bimbos of the Death Sun*, James—under the pen name Jay Omega—becomes an overnight sci-fi star. Invited to the annual fan convention *Rubicon*, James is both a fish out of water and a Guest of Honor among the Trekkies and sword-wielding cosplayers. But he’s not the only VIP at the overrun hotel. Revered fantasy author Appin Dungannon never misses a *Rubicon*—or a

chance to belittle his legions of devotees. But when Dungannon turns up dead, police wonder if a die-hard fan finally turned to murder. As the list of suspects grows and hucksters hunt for the victim's autograph, James devises an ingenious way to catch a killer.
