Sticking Points Haydn Shaw 2013-07-22 This is the first time in American history that we have had four different generations working side-by-side in the workplace: the Traditionalists (born before 1945), the Baby Boomers (born 1945-1964), Gen X (born 1965-1980), and the Millennials (born 1981-2001). Haydn Shaw, popular business speaker and generational expert, has identified 12 places where the 4 generations typically come apart in the workplace (and in life as well). These sticking points revolve around differing attitudes toward managing one's own time, texting, social media, organizational structure, and of course, clothing preferences. If we don't learn to work together and stick together around these 12 sticking points, then we'll be wasting a lot of time fighting each other instead of enjoying a friendly and productive team. Sticking Points is a must-read book that will help you understand the generational differences you encounter while teaching how we can learn to speak one another's language and get better results together.

There are pivotal moments in history when the trajectory of marriages, families, businesses, movements, and nations could go one way or another, producing very different outcomes. This is such a moment for the church in America. The need of our generation is the same as every other: a disciplined army of credible men who know, practice, and invest seven things in the next generation. Crowds in the 21st Century John Drury 2015-02-20 Crowds in the 21st Century presents the latest theory and research on crowd events and crowd behaviour from across a range of social sciences, including psychology, sociology, law, and communication studies. Whether describing the language of the crowd in protest events, measuring the ability of the crowd to empower its participants, or analysing the role of professional organizations involved in crowd safety and public order, the contributions in this volume are united in their commitment to a social scientific level of analysis. The crowd is often depicted as a source of irrationality and danger - in the form of riots and mass emergencies. By placing crowd events back in their social context - their ongoing historical and proximal relationships with other groups and social structures - this volume restores meaning to the analysis of crowd behaviour. Together, the studies described in this collection demonstrate the potential of crowd research to enhance the positive experience of crowd participants and to improve design, planning, and management

around crowd events. This book was originally published as a special issue of Contemporary Social Science.

An Educational Leader's Guide to Curriculum Mapping Janet A. Hale 2010-06-28 Curriculum mapping initiatives are started with the essential goal of improving student achievement, yet the mapping process can be challenging to navigate or lead. While the main work of curriculum mapping is conducted by classroom teachers, administrators must be actively involved, and they must also take into account the demands curriculum mapping places on teachers. This book provides administrators with the foundational understandings and specific guidance and strategies to effectively support a curriculum mapping initiative in their schools and districts. The authors discuss administrative leadership for curriculum mapping, including the roles and responsibilities of various administrative positions, such as the superintendent, headteacher, and curriculum director, and provide protocols and procedures for writing administrative maps. A Leader's Guide to Curriculum Mapping offers concrete information and suggestions for moving a curriculum mapping initiative forward in a positive manner and ultimately ensuring that curriculum mapping is not only sustained, but is embedded in the cultural consciousness and becomes the natural way of conducting professional curriculum work throughout a learning organization. The book: - Includes brief but necessary coverage of theory and foundational concept - Focuses on administrative leadership with curriculum design in mind and administrative support for systemic change - Provides administrators with guidance, protocols, and step-by-step directions for the stages of a curriculum mapping initiative - Offers practical applications, realistic expectations, and real-life examples - Addresses significant concerns such as time and resources necessary for sustainability.

Here's where I Stand Jesse Helms 2005 The first Republican elected to the Senate from North Carolina since Reconstruction, Helms was both a bane and a boon to presidents for 30 years. He chronicles the inside story of his rise to power and all those who defended or fought

The Fearless Passage of Steven Kim Carl Herzig 2013-03-14 For the first five decades of his life, Steven Kim was a businessman who pursued financial prosperity, while largely ignoring both his family and his commitment to God. But after moving to China and rededicating his life to Christ, this South Korean-turned-American citizen felt called by God to help North Korean refugees escape from Chinese enslavement. In 2003, he was arrested while leading a prayer meeting of nine North Koreans in his apartment. Kim would spend the next four years in a Chinese labor camp. Despite great hardship and suffering, he immersed himself in the Scriptures and led fellow inmates, including a hardened murderer, and his prison guard to Christ. Since his release, Kim has been a powerful advocate for North Korean refugees in China, raising awareness about their plight and fighting for their human rights. Kim's story is thrilling, heartbreaking, and victorious. His life reminds us that God can use anyone in any circumstance to achieve great things for His kingdom!

[A igreja desviada](#) Charles Swindoll 2012-01-01 Considerando as leis da física e os sentidos humanos, quanto mais longe estamos de um objeto, mais dificuldades teremos em enxergá-lo com nitidez e clareza de detalhes. Quanto mais distantes ficamos de um rádio ligado, mais dificuldades teremos em ouvir e compreender o som que sai de seus alto-falantes. A mesma lógica é válida para o nosso relacionamento com Deus. Se estamos longe dele, não oramos, não lemos a Bíblia, não frequentamos alguma igreja, não vivemos em comunhão com outros cristãos, mais difícil será obter as respostas para nossas inquietudes e orientação para as decisões que devemos tomar. Mais míopes e surdos seremos para compreender seu plano, sua vontade para nós. Charles Swindoll, consagrado autor da série Heróis da Fé, apresenta para o debate os desafios que a igreja cristã enfrenta nos dias atuais, ameaçada que está pelo secularismo e humanismo desenfreados, que a afasta da verdade pura e simples do evangelho de Cristo. A igreja desviada é um alerta contundente e definitivo para todo aquele que ama o Senhor e reconhece a igreja de Cristo como sinal visível

do Reino de Deus.

"This book is not a Snuggie. The words on these pages will not go down like Ambien. I'm not writing to calm or coddle you. With God's help, I intend to incite a riot in your mind. The Church Awakening Charles R. Swindoll 2010-09-08 In *THE CHURCH AWAKENING*, Charles Swindoll discusses the challenges, struggles, and priorities of the church in the twenty-first century. He reveals the problems inherent in the entertainment-based postmodern church and shows how a return to biblical teaching will restore its strength and impact. Now being replaced by a feel-good message instead of what Christians need to know to stand strong in a world that's lost its way--Swindoll exposes the problems of--and solutions for--the postmodern evangelical church. Just as he opened readers' eyes with his bold statements in *The Grace Awakening*, now he offers a straightforward volume revealing how to reestablish a life-altering church with Christ as Lord and Master. Illuminating and empowering, *THE CHURCH AWAKENING* will ignite a revolution in the way Christians "do church" for years to come.

The Uplift Generation Clayton McClure Brooks

2017-03-22 Offering a fresh look at interracial cooperation in the formative years of Jim Crow, *The Uplift Generation* examines how segregation was molded, not by Virginia's white political power structure alone but rather through the work of a generation of Virginian reformers across the color line who from 1900 to 1930 engaged in interracial reforms. This group of paternalists and uplift reformers believed interracial cooperation was necessary to stem violence and promote progress. Although these activists had varying motivations, they worked together because their Progressive aims meshed, finding themselves unlikely allies. Unlike later incarnations of interracialism, this early work did not challenge segregation but rather helped to build and define it, intentionally and otherwise. The initiatives—whose genesis ranged from private one-on-one communications to large-scale interracial organizations—shaped Progressivism, the emergence of a race-conscious public welfare system, and the eventual parameters of Jim Crow in Virginia. Through extensive use of personal papers, newspapers, and other archival materials, *The Uplift Generation* shares the stories of these fascinating—yet often forgotten—reformers and the complicated and sometimes troubling consequences of their work.

From Bards to Biblical Exegetes David Emanuel 2012-08-22 A cursory glance through the Psalter reveals numerous allusions to events in Israel's literary history. While a range of literary and oral sources were obviously available to psalmists, the relationships between these sources and the psalmists' final work are more obscure. Concerning these relationships, numerous questions remain unanswered: - How strictly did the psalmists replicate their sources? - What kinds of alterations did they make (additions, omissions, etc.)? - Did they alter the meaning of their sources in their own compositions? Departing from the more classical approaches to researching the psalms—engaging in the determination of Sitz im Leben and Gattungen—this intertextual study addresses the aforementioned issues by focusing on a group of psalms associated with Israel's exodus tradition (105, 106, 135, and 136). Through a detailed comparison of lexical correspondences between the psalms and other biblical texts, together with a relative dating of each psalm, the study identifies literary sources employed by the psalmists. It additionally includes a close reading of each psalm to establish the unity and meaning of each composition. Emanuel then analyzes and categorizes lexical variances between each psalm and its sources, providing potential explanations for alterations found between the two, and revealing how the psalmists reinterpreted their biblical sources.

More Than a Cup of Coffee and Tea David D. Grafton 2021-06-21 Islamophobia continues to rise among Americans even within progressive mainline churches, creating a poisonous and dangerous atmosphere for interfaith relations. American Lutherans, however, have been engaged in dialogue with Islam for over a generation. Originally, like other Protestant churches, Lutherans studied Islam as a monolithic religious system for the purpose of proselytizing the Christian faith. Over the years and with experience, American Lutherans came to know Islam as a faith tradition of believers in different cultures and contexts. By developing relationships with Muslim neighbors, some ELCA Lutherans and their international partners have learned that it is possible to witness to the Christian faith and listen to Muslim neighbors for the purpose of understanding and to work for a common cause of justice. *More Than a Cup of Coffee and Tea* documents the "Focus on Islam" that began in the 1980s among ELCA Lutherans and then reflects on more than a generation of engagement with Muslims in various domestic and international contexts. This volume documents where the ELCA has been, what it has learned, and encourages others to continue to develop positive relationships with Muslim neighbors and communities as a Christian activity and to combat Islamophobia.

Together, Somehow Luis Manuel Garcia-Mispireta 2023-06-30 In *Together, Somehow*, Luis Manuel Garcia-Mispireta examines how people find ways to get along and share a dancefloor, a vibe, and a sound. Drawing on time spent in the minimal techno and house music subscenes in Chicago, Paris, and Berlin as the first decade of the new millennium came to a close, Garcia-Mispireta explains this bonding in terms of what he calls stranger-intimacy: the kind of warmth, sharing, and vulnerability between people that happens surprisingly often at popular electronic dance music parties. He shows how affect lubricates the connections between music and the dancers. Intense shared senses of sound and touch help support a feeling of belonging to a larger social world. However, as Garcia-Mispireta points out, this sense of belonging can be vague, fluid, and may hide exclusions and injustices. By showing how sharing a dancefloor involves feeling, touch, sound, sexuality, and subculture, Garcia-Mispireta rethinks intimacy and belonging through dancing crowds and the utopian vision of throbbing dancefloors.

This fascinating book also shows another side of the donors in *Generation Impact*: they want to respect the past even as they transform the future. What they are learning from previous generations, and what they want to bring to their work alongside those generations. How we can all ensure their historic potential is channeled in ways that make our world better. The Impact Revolution will be messy, but it could also result in solutions for some of our most persistent problems. Generation Impact offers targeted, practical advice to parents, families, and their advisors, as well as nonprofit professionals—those who work closest with these next gen donors—on how to engage, nurture, and encourage them as they reshape major giving and make their mark on history. Help them channel their enthusiasm—and their wealth—to make the most positive difference in a world with such great need.

iGen Jean M. Twenge 2017-08-22 As seen in Time, USA TODAY, The Atlantic, The Wall Street Journal, and on CBS This Morning, BBC, PBS, CNN, and NPR, iGen is crucial reading to understand how the children, teens, and young adults born in the mid-1990s and later are vastly different from their Millennial predecessors, and from any other generation. With generational divides wider than ever, parents, educators, and employers have an urgent need to understand today's rising generation of teens and young adults. Born in the mid-1990s up to the mid-2000s, iGen is the first generation to spend their entire adolescence in the age of the smartphone. With social media and texting replacing other activities, iGen spends less time with their friends in person—perhaps contributing to their unprecedented levels of anxiety, depression, and loneliness. But technology is not the only thing that makes iGen

distinct from every generation before them; they are also different in how they spend their time, how they behave, and in their attitudes toward religion, sexuality, and politics. They socialize in completely new ways, reject once sacred social taboos, and want different things from their lives and careers. More than previous generations, they are obsessed with safety, focused on tolerance, and have no patience for inequality. With the first members of iGen just graduating from college, we all need to understand them: friends and family need to look out for them; businesses must figure out how to recruit them and sell to them; colleges and universities must know how to educate and guide them. And members of iGen also need to understand themselves as they communicate with their elders and explain their views to their older peers. Because where iGen goes, so goes our nation—and the world.

It is a moment to focus on the future. We must know the season we are in and prepare to maximize our opportunities as we engage in the cultural battles that are sure to befall us. In his stirring new book, *Focus on the Future*, Clinton provides a learned overview of our embattled liberties, the intents of our Founding Fathers, and the heroic efforts of individuals such as Dobson to preserve those intentions. Clinton arms readers for the days ahead by tackling topics such as the following: The new war on the American family and how we can change America one family at a time The power of righteous masculinity and the forces determined to destroy it The battle against abortion How neuroscience is changing our approach to healing the traumatized, our veterans, and our society as a whole Clinton is not just a wise counselor. He is also a warrior summoning other warriors to their great cause. He challenges readers by chronicling the global persecution of the Christian faith and by telling believers how they can make a difference. *Focus on the Future* is both a culmination of decades of learning and activism as well as a cutting-edge response to today's events. We can indeed have vital families in a thriving nation and see righteousness pervade our land.
