Artistic Glass: One Studio and Fifty Years of Stained Glass Cloe Joël Aigner 2020-01-15

Celebrating 50 years of a master craftsman Arts and crafts help define a culture; they reflect people's values, beliefs, and the things they hold dear. Artistic Glass: One Studio & Fifty Years of Stained Glass is the first of its kind: a full-color large format art book contextualizing the history of stained glass in Canada and showcasing the life and work of Josef Aigner, an artist and master craftsman whose 50-year career has had a lasting impact on the Canadian art landscape. Written and photographed by the artist's daughter, Cloe Aigner, Artistic Glass presents a visually stunning showcase and unique insight into the world of stained glass. Celebrating the mastery, innovation, and skill underlying the art form, Artistic Glass illustrates the diverse use of age-old and contemporary techniques behind the projects and reveals the processes of the artist, lifting the veil from this ancient craft. One of Canada's most pervasive public forms of art, stained glass is a tradition worth acknowledgment and celebration. This is a full-colour fixed layout digital book intended to be viewed on tablets, smartphones and desktop computers. This book may not be compatible with other eReading devices.

Stained Glass Rain Bruce Boston 1993

[The Preservation and Repair of Historic Stained and Leaded Glass \(Classic Reprint\)](#) Neal A. Vogel 2017-10-27 Excerpt from The Preservation and Repair of Historic Stained and Leaded Glass Despite many failed starts, the War of 1812, and British competition, American glass production increased steadily throughout the 19th century. Stained glass was available on a very limited basis in America during the first quarter of the 19th century, but American stained glass did not really emerge in its own right until the windows at St. Ann and the Holy Trinity Episcopal Church in Brooklyn, New York, made by John and William Jay Bolton between 1843 and 1848, are perhaps the most significant early American stained glass installation (fig. Other important early stained glass commissions were the glass ceilings produced by the]. G. H. Gibson Company of Philadelphia for the House and Senate chambers of the United States Capitol in 1859. America's glass industry boomed during the second half of the 19th century. (and although stained and leaded glass is found nationwide, the manufacturing was based in the

Northeast and Midwest, where good natural ingredients for glass, and coal reserves for the kilns were available. Moreover, nearly all of the nationally renowned studios were based in major metropolitan areas of the central and northeastern states - near the manufacturers that supplied their raw materials.) In response to this growth, the industry formed self-regulating associations that established guidelines for business and production. In 1879 the Window Glass Association of America was established, and in 1903 The National Ornamental Glass Manufacturers' Association, precursor of the Stained Glass Association in America, was formed. The 60 years from about 1870 to 1930 were the high point for stained glass in the us. In the early years, American stylistic demands reflected those current in Europe, including various historic revivals, and aesthetic and geometric patterns. American patterns prevailed thereafter; they tended to be more Vivid, brash, and bold (fig. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Stained Glass of the Middle Ages in England and France Hugh Arnold 1913 Stained Glass of the Middle Ages in England and France is a 500-page volume on the artistry of stained glass. The book contains information on historical methods and techniques of making a stained glass window. It also has dozens of colorful illustrations of Gothic stained glass windows.

Radiance and Symbolism in Modern Stained Glass Liana De Girolami Cheney 2016-02-08 This book focuses on the aesthetic, symbolic, and cultural concepts of radiance and beauty in stained glass in modern art; global exchanges between stained-glass artists in Europe and the Americas; and the transformation of stained

glass from religious decoration to secular material culture. Unique features of the book include its geographic breadth, encompassing England, France, Italy, USA, and Mexico, and its inclusion of American female glassmakers. Essays consider how stained glass became an art form during this time, and show how the narrative for the figurative design drew from the Bible, mythology, history, literature, and the symbolism of the time, including popular culture such as ecology and materiality. Written for students and the general public interested in the humanities, literature, history, art history, and new media and popular culture, this book examines the visual beauty and symbolism of stained-glass windows in Europe and American cultures during the late nineteenth and early twentieth centuries - the modern era.

[A Thousand Years of Stained Glass](#) Catherine Brisac 1986 A compilation of illustrations enhances this history of stained glass that covers its evolution, historical tradition, techniques, materials, and modern developments.

Stained Glass Janet Hanna 2013-03-05 When we think of God, we automatically tend to think of Him in a couple of extremes. He is either some nebulous power that pops up every now and then, or some sort of wild control freak wiping out nations, causing hurricanes, and ruining fun. This book will hopefully show the reader a picture of God's intimate and absolute communion with mankind. The stories deal with themes not commonly associated with the Almighty. In this book Jesus walks on water, but not on people. He smiles on success, but not sin. His favor falls on the most unsuspecting, and most of the time we never suspect it could be us. The stories and poems raise questions, spirits, hopes, and sometimes eyebrows. Author Janet Hanna hopes that, as you read this book, you will know there is a God. He rolls up His sleeves and goes to work shutting things, holding off on things, saying "yes" to this and "no" to that. He

is closing doors but opening windows—windows of stained glass.

Stained Glass Virginia Chieffo Raguin 2013 Stained glass is a monumental art, a corporate enterprise dependent on a patron with whom artists blend their voices. Combining the fields now labeled decorative arts, architecture, and painting, the window transforms our experience of space. Windows of colored glass were essential features of medieval and Renaissance buildings. They provided not only light to illuminate the interior but also specific and permanent imagery that proclaimed the importance of place. Commissioned by monks, nuns, bishops, and kings, as well as by merchants, prosperous farmers, and a host of anonymous patrons, these windows vividly reflect the social, religious, civic, and aesthetic values of their eras. Beautifully illustrated with reproductions from the remarkable stained glass collection at the J. Paul Getty Museum, *Stained Glass* addresses the making of a stained glass window, its iconography and architectural context, the patrons and collectors, and the challenges of restoration and display. The selected works include examples from Austria, Belgium, England, France, Germany, the Netherlands, and Switzerland. Subject matter ranges from monumental religious scenes for Gothic churches to lively heraldic panels made for houses and other secular settings.

Integrating comparisons to works of art in other media, such as manuscripts, drawings, and panel paintings, this book encourages the general reader to see stained glass as an element of a broad artistic production.

Stained glass work Christopher Whall 1920 *Decorative Stained Glass Designs* Louise Mehaffey 2013 38 patterns for beautiful botanical and traditional designs for the home Full-color photos show the finished panels All original designs by a professional craftsperson Tips on creating successful designs [Extra Virgin](#) Judith Schaechter 2006 Judith Schaechter's stained glass narratives are a paradoxical assemblage of medieval depictions, mediated by contemporary tales of human failings. Hers is a demented carnival world, made claustrophobic by dizzying arrays of texture, obsessive detail and intense color. In a field much better known for abstraction, her

imagery relies on painstaking draftsmanship and the figure. Indeed, the artist has given new meaning to the stained glass genre precisely by adopting its historical narrative function. The artist balances the methods of painting on glass that harken back to the middle ages with an unmistakably contemporary style aligned with those of underground comics and political artists

Stained Glass Brown 2010

Stained Glass Windows of Distinction Randy Wardell 1995 This luscious, colourful book contains 108 colour photographs of leaded glass window installations and 46 detailed line drawings rendered in a professional client proposal format. This collection is drawn from the studio designer's portfolio of McMow Art Glass covering more than 18 years of commissions. The styles include all aspects of leaded glass design from beveled panels to landscapes, but the spectacular entryways are particularly outstanding. This book is essential for all art glass libraries and will prove invaluable for architects, builders, interior designers, glass artists and ultimately for all lovers of leaded glass and design.

Light Through Stained Glass Richard Blackwell 2010-10

The Glass Swallow Julia Golding 2010 Rain designs exquisite stained glass for the windows of her city. But the law is clear - it is forbidden for girls to be part of the glassmakers' guild. To keep her secret hidden, she leaves home and travels to the strange new country of Magharna. When Peri witnesses Rain's capture by a gang of bandits, both his fate and his heart become tied to hers. They escape the outlaws, but Peri and his family of falconers are untouchables who are scorned by all, and Rain is not allowed to be part of their lives. Can Rain and Peri's love survive the prejudices against them? And with the country on the brink of disaster will they be able

to stop their world from smashing apart?
