Through the Window Julian Barnes 2012-11-20 From the bestselling, Booker Prize-winning author of *The Sense of an Ending* and one of Britain's greatest writers: a brilliant collection of essays on the books and authors that have meant the most to him throughout his illustrious career. • "[A] blissfully

intelligent gathering of literary essays." —Financial Times In these seventeen essays (plus a short story and a special preface, "A Life with Books"), Julian Barnes examines the British, French and American writers who have shaped his writing, as well as the cross-currents and overlappings of their different cultures. From the deceptiveness of Penelope

Fitzgerald to the directness of Hemingway, from Kipling's view of France to the French view of Kipling, from the many translations of Madame Bovary to the fabulations of Ford Madox Ford, from the National Treasure status of George Orwell to the despair of Michel Houellebecq, Julian Barnes considers what fiction is, and what it can do. As he writes, "Novels tell us the most truth about life: what it is, how we live it, what it might be for, how we enjoy and value it, and how we lose it."

New Critical Approaches to the Short Stories of Ernest Hemingway

Jackson J. Benson
1990-12-28 DIV
With an Overview by Paul Smith and a Checklist to Hemingway Criticism, 1975-1990
New Critical Approaches to the Short Stories of Ernest Hemingway is an all-new sequel to Benson's highly acclaimed 1975 book, which provided the first comprehensive anthology of criticism of Ernest Hemingway's masterful short stories. Since that time the

availability of Hemingway's papers, coupled with new critical and theoretical approaches, has enlivened and enlarged the field of American literary studies. This companion volume reflects current scholarship and draws together essays that were either published during the past decade or written for this collection. The contributors interpret a variety of individual stories from a number of different critical points of view—from a Lacanian reading of Hemingway's "After the Storm" to a semiotic analysis of "A Very Short Story" to an historical-biographical analysis of "Old Man at the Bridge." In identifying the short story as one of Hemingway's principal thematic and technical tools, this volume reaffirms a focus on the short story as Hemingway's best work. An overview essay covers Hemingway criticism published since the last volume, and the bibliographical checklist to Hemingway short fiction criticism, which covers 1975 to mid-1989, has doubled in size.

The Inconceivable Idea of the Sun Anil Menon

2022-06-25 'It was customary, it seems, for an author to begin with excuses, explanations and snivels about their work. Which is quite peculiar since the author is usually the last person to know what their book is about...' Right from the wickedly funny table of contents, which belongs not to this collection but an imagined one, this remarkable genre-defying volume is guaranteed to delight the reader in the mood for something original and different. In the title story, 'The Inconceivable Idea of the Sun', a couple finds that reorganizing their home library has an unexpected consequence on their shared reality; 'The Robots of Eden' is set in a world where stories are no longer essential to be human, because civilized people have developed better technology to mediate their

emotions; in 'Into the Night', an old Brahmin leans into the comforts of an ancient language when the future renders him obsolete; and 'How Not to Tell The Ramayana' is a Borgesian journey into a Ramayana retelling unlike any other. This stellar collection of short fiction, as poignant as it is playful, blurs the distinction between what lies inside a story and what lies outside it. It demonstrates yet again why Anil Menon is one of the most formidable names in contemporary Indian writing. **Short, Sweet & Sacred** Erin Bloom Davenport 2021-05-15 **Short Story Theories** Viorica Patea 2012-09 Short Story Theories: A Twenty-First-Century Perspective problematizes different aspects of the renewal and development of the short story. The aim of this collection is to explore the most recent theoretical issues raised by the short story as a genre and to offer theoretical and practical perspectives on the form. Centering as it does on specific

authors and on the wider implications of short story poetics, this collection presents a new series of essays that both reinterpret canonical writers of the genre and advance new critical insights on the most recent trends and contemporary authors. Theorizations about genre reflect on different aspects of the short story from a multiplicity of perspectives and take the form of historical and aesthetic considerations, gender-centered accounts, and examinations that attend to reader-response theory, cognitive patterns, sociolinguistics, discourse analysis, postcolonial studies, postmodern techniques, and contemporary uses of minimalist forms. Looking ahead, this collection traces the evolution of the short story from Chaucer through the Romantic writings of Poe to the postmodern developments and into the twenty-first century. This volume will prove of interest to scholars and graduate students working in the fields of the short story and

of literature in general. In addition, the readability and analytical transparency of these essays make them accessible to a more general readership interested in fiction. USSR. 1960-07

Haruki Murakami and His Early Work Masaki Mori

2021-02-11 Haruki Murakami and His Early Work first discusses Murakami Haruki's real-life activities and interests, such as his self-identity as a Japanese novelist, his position in the Japanese literary canon, music, translation and running. In this context, three short stories as pivotal to his early

writing career are examined, including "The Second Bakery Attack," "The Elephant Vanishes," and "TV People." Written in an easy style to read, and with the content full of references to select contemporary popular culture and consumer products, his fiction in general tends to invite criticism of irrelevance and frivolity. Against their nonsensical, even humorous appearance, however, the book's close analysis reveals his persistent concern with the plight of today's humanity in postindustrial reality. Through the bewildering stories, Murakami delivers a covert critique of aspects of the sociopolitical system, including unbridled consumerism, relentless pursuit of efficiency, and electronic media saturation, that brings people into total submission without their realization of the plight in which they are placed. In this respect, these short stories rival his acclaimed novels while showing his essential concerns and literary creativity more succinctly.

Collected Stories of William Faulkner William Faulkner
 1995-10-31 "I'm a failed poet. Maybe every novelist wants to write poetry first, finds he can't and then tries the short story which is the most demanding form after poetry. And failing that, only then does he take up novel writing." —William Faulkner Winner of the National Book Award Forty-two stories make up this magisterial collection by the writer who stands at the pinnacle of modern American fiction. Compressing an epic expanse of vision into hard and wounding narratives, Faulkner's stories evoke the intimate textures of place, the deep strata of history and legend, and all the fear, brutality, and tenderness of the human condition. These tales are set not only in Yoknapatawpha County, but in Beverly Hills and in France during World War I. They are populated by such characters as the Faulknerian archetypes Flem Snopes and Quentin Compson, as well as by ordinary men and women who

emerge so sharply and indelibly in these pages that they dwarf the protagonists of most novels.

Award. For as long as Susan can remember, the circus has been part of her family's DNA – her mother was a gifted contortionist, and her grandfather played the role of a man-wrestling bear. Coming from such a storied family, a young woman like Susan should find it easy to walk the tightrope of expectation that comes with being an adult, shouldn't she? But when she starts a new job, she finds herself grappling with the capriciousness of life and love, and questioning her own next steps.

The Bed Book of Short

Stories Lauri Kubuitsile 2010
The bed, dressed in hand sewn quilt or threadbare blanket, may in and of itself be memorable, but it is what happens in the bed - the sex and lovemaking, the dreams, the reading, the nightmares, the rest, giving birth and dying - which give 'bed' special meaning. Whether a bed is shared with a book, a child, a pet or a partner, whether lovers lie in ecstasy or indifference, whether 'bed' relates to intimacy or betrayal, it is memories and recollections of 'bed', in

whatever form, which have triggered the writing of these thirty stories by women from southern Africa. Well known writers Joanne Fedler, Sarah Lotz, Arja Salafranca, Rosemund Handler and Liesl Jobson will delight, but you will discover here new writers from Botswana, Zimbabwe, Mozambique, Malawi, Namibia and Zambia, each with a unique voice as they cast light on the intimate lives of women living in this part of the world and the possibilities that are both available to and denied them. The BED BOOK of short stories - some quirky and tender, others traumatic or macabre - is the perfect companion to take to bed with you, to keep you reading long into the night.

A User's Guide to Postcolonial and Latino Borderland Fiction

Frederick Luis Aldama

2009-10-15 Why are so many people attracted to narrative fiction? How do authors in this genre reframe experiences, people, and environments anchored to the real world without duplicating "real life"? In which ways does fiction differ from reality? What might fictional narrative and reality have in common--if anything? By analyzing novels such as Arundhati Roy's *The God of Small Things*, Amitav Ghosh's *The Glass Palace*, Zadie Smith's *White Teeth*, and Hari Kunzru's *The Impressionist*, along with selected Latino comic books and short fiction, this book explores the peculiarities of the production and reception of postcolonial and Latino borderland fiction. Frederick Luis Aldama uses tools from disciplines such as film studies and cognitive

science that allow the reader to establish how a fictional narrative is built, how it functions, and how it defines the boundaries of concepts that appear susceptible to limitless interpretations. Aldama emphasizes how postcolonial and Latino borderland narrative fiction authors and artists use narrative devices to create their aesthetic blueprints in ways that loosely guide their readers' imagination and emotion. In *A User's Guide to Postcolonial and Latino Borderland Fiction*, he argues that the study of ethnic-identified narrative fiction must acknowledge its active engagement with world narrative fictional genres, storytelling modes, and techniques, as well as the way such fictions work to move their audiences.

Mapping the Fiction of Cristina Fernández Cubas

Kathleen Mary Glenn 2005

Cristina Fernandez Cubas is, without question, one of the most important of the Spanish writers who have begun to publish since the end of the Franco dictatorship. Credited with playing a major role in the renaissance of the short story in Spain, she has won national and international acclaim for her fiction. Works by her have been translated into eight languages and have become a staple of university courses on contemporary Peninsular literature. Fernandez Cubas has created a remarkably coherent narrative world, nourished by a core of fundamental concerns. The eleven essays of Mapping the Fiction of Cristina Fernandez Cubas examine the intellectual preoccupations, narrative strategies, and rhetorical devices that distinguish the four volumes of short stories, two novels, the play, and the

book of memoirs that she has published to date.
