The Memory of Running Ron McLarty 2005-12-27 "Smithy is an American original, worthy of a place on the shelf just below your Hucks, your Holdens, your Yossarians." —Stephen King Every so often, a novel comes along that captures the public's imagination with a story that sweeps readers up and takes them on a thrilling, unforgettable ride. Ron McLarty's The Memory of Running is this decade's novel. By all accounts, especially his own, Smithson "Smithy" Ide is a loser. An overweight, friendless, chain-smoking, forty-three-year-old drunk, Smithy's life becomes completely unhinged when he loses his parents and long-lost sister within the span of one week. Rolling down the driveway of his parents' house in Rhode Island on his old Raleigh bicycle to escape his grief, the emotionally bereft Smithy embarks on an epic, hilarious, luminous, and extraordinary journey of discovery and redemption.

Stone concentrates on "the roads less traveled...the route to take if you truly want to learn what Maine is all about." (Bates College Alumni Newsletter). Included with each tour is total mileage; a detailed map; complete mile-by-mile directions; information on nearby bicycle shops, accommodations, and eateries; and the author's notes on the country you're biking through. Many tours include bonuses:
