

# Short Fiction Of The Seventeenth Century

Reviewing **Short Fiction Of The Seventeenth Century**:  
Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing. Within the pages of "**Short Fiction Of The Seventeenth Century**," an enthralling opus penned by a highly acclaimed wordsmith, readers set about an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.

*The New England Merchants In The Seventeenth Century*  
Bernard Bailyn 2013-04-16 In detail Bailyn here presents the struggle of the merchants to achieve full social recognition as their successes in trade and in such industries as fishing and lumbering offered them avenues to power. Surveying the rise of merchant families, he offers a look in depth of the

emergence of a new social group whose interests and changing social position powerfully affected the developing character of American society.

**English Prose of the Seventeenth Century 1590-1700** Roger Pooley 2014-06-06 This is the first book-length history of the range of seventeenth-century English prose writing. Roger

Pooley's study begins with narrative, ranging from the fiction of Bunyan and Aphra Behn to the biographical and autobiographical work of Aubrey and Pepys. Further sections consider religious prose from the hugely influential Authorised Version to Donne's sermons, the political writing of figures as diverse as Milton, Hobbes, Locke and Marvell, cornucopian texts and the writings of the new scientists from Bacon to Newton. At a time when the boundaries of the 'canon' are being increasingly revised, this is not only a major survey of a series of great works of literature, but also a fascinating social history and a guide to understanding the literature of the period as a whole.

*The New Oxford Book of Seventeenth-Century Verse*  
Alastair Fowler 2008-10  
Alistair Fowler's celebrated anthology includes generous selections from the work of all the century's major poets, notably Donne, Jonson, Milton, Drayton, Herbert, Marvell, and

Dryden. It strikes a balance between Metaphysical wit and intellect and Jonsonian simplicity, while also accommodating hitherto neglected popular verse. The result is a truer, more Catholic representation of seventeenth-century verse than any previous anthology.

This book is a short novel by Aphra Behn, published in 1688, concerning the love of its hero, an enslaved African in Surinam in the 1660s, and the author's own experiences in the new South American colony. It is one of the earliest English novels. Interest in it has increased since the 1970s, critics arguing that Behn is the foremother of British women writers, and that Oroonoko is a crucial text in the history of the novel. Aphra Behn (1640-1689) was a prolific dramatist of the English Restoration, the first English professional female

literary writer. Her writing contributed to the amatory fiction genre of British literature. Along with Delarivier Manley and Eliza Haywood, she is sometimes referred to as part of "The fair triumvirate of wit." Behn's work *Oroonoko* (1688) is critically acknowledged as important to the development of the English novel. She was also a key writer in seventeenth century theatre. She is perhaps best known to modern audiences for her short novel.

**Idle Talk Under the Bean Arbor** Aina the Aina the Layman 2019-09-03 Written around 1660, the unique Chinese short story collection Idle Talk under the Bean Arbor (Doupeng xianhua), by the author known only as Aina the Layman, uses the seemingly innocuous setting of neighbors

swapping yarns on hot summer days under a shady arbor to create a series of stories that embody deep disillusionment with traditional values. The tales, ostensibly told by different narrators, parody heroic legends and explore issues that contributed to the fall of the Ming dynasty a couple of decades before this collection was written, including self-centeredness and social violence. These stories speak to all troubled times, demanding that readers confront the pretense that may lurk behind moralistic stances. Idle Talk under the Bean Arbor presents all twelve stories in English translation along with notes from the original commentator, as well as a helpful introduction and analysis of individual stories. **Mandeville** William Godwin 2017-07-19 Nineteenth Century Collections Online: European Literature, 1790-1840: The Corvey Collection includes the full-text of more than 9,500 English, French and German titles. The Lady of Linshui Pacifies

Demons 2021-02-15 The Lady

of Linshui—the goddess of women, childbirth, and

childhood—is still venerated in south China, Taiwan, and

Southeast Asia. Her story evolved from the life of Chen

Jinggu in the eighth century and blossomed in the Ming

dynasty (1368–1644) into vernacular short fiction,

legends, plays, sutras, and stele inscriptions at temples

where she is worshipped. The full-length novel *The Lady of*

*Linshui Pacifies Demons* narrates Chen Jinggu's lifelong

struggle with and eventual triumph over her spirit double

and rival, the White Snake demon. Among accounts of

goddesses in late imperial China, this work is unique in its

## Short Fiction Of The Seventeenth Century

focus on the physical aspects of womanhood, especially the dangers of childbirth, and in its dramatization of the contradictory nature of Chinese divinities. This unabridged, annotated translation provides insights into late imperial Chinese religion, the lives of women, and the structure of families and local society.

An Anthology of Seventeenth-century Fiction Paul Salzman 2001 Few readers today are aware of the vigorous prose experiments undertaken in the seventeenth century. This anthology presents a representative selection of that work, with examples from Aphra Benn, John Bunyan, William Congreve, Percy Herbert, and Thomas Dangerfield. Also included are Mary Wroth's feminist romance *Urania* and Margaret Cavendish's female utopia *The Blazing World*, in print here for the first time since their original publication.

The Anchor Anthology of Short Fiction of the Seventeenth Century. Selected and Edited

by Charles C. Mish Charles Carroll MISH 1963  
English Short Fiction in the Seventeenth Century Charles Carroll Mish 1969\*  
Cervantes in Seventeenth-Century England Dale B. J. Randall 2009-01-29 Cervantes in Seventeenth-century England garners well over a thousand English references to Cervantes and his works, thus providing the fullest and most intriguing early English picture ever made of the writings of Spain's greatest writer. Besides references to the nineteen books of Cervantes's prose available to seventeenth-century English readers (including four little-known abridgments), this new volume includes entries by such notable writers as Ben Jonson, John Fletcher, William Wycherley, Aphra Behn, Thomas Hobbes, John Dryden, and John Locke, as well as many lesser-known and anonymous writers. A reader will find, among others, a counterfeiter, a midwife, an astrologer, a princess, a diarist, and a Harvard graduate.

Altogether this broad range of writers, famed and forgotten alike, brings to light not only sectarian and political tensions of the day, but also glimpses of the arts-of weaving, singing, acting, engraving, and painting. Even dancing, for there was a dance called the "Sancho Panzo". The volume opens with a wide-ranging Introduction that among other things traces the English reception of both Cervantes's *Don Quixote* and his *Novelas ejemplares*, including the part they played in English drama. In the main body of the work, individual items are arranged chronologically by year and, within that framework, alphabetically by author, thus providing little-known seventeenth-century evidence regarding the nature and breadth of British interest in Cervantes in various decades. Thorough annotation helps readers to place individual entries in their historical, social, political, and in some instances religious contexts. The volume includes twenty-nine germane seventeenth-

century pictures, an index of references to chapters in *Don Quixote*, and a full bibliography and index.

Palmer, Printers Subjects English fiction -- 19th century. *The Seventeenth Century* Jenny Wormald 2008 The Union of the Crowns of England and Scotland in 1603 dramatically changed the nature and level of interaction between the constituent parts of the British Isles, and over the course of the century that followed the seismic shocks of constitutional revolutions and civil wars were felt in each one of thee very different kingdoms that had been forced together under one king. The chapters in this volume, each written by a leading scholar of the period, analyze in turn the response to the Union of 1603, the religious controversies under the early Stuarts, the Civil War, Commonwealth, and Restoration periods, and the social and economic context within which these developments took place. The final chapter then looks at the vibrant cultural interaction between the kingdoms of the British Isles in the seventeenth century, which stands in sharp contrast to the political,

Downloaded from  
[beautifulordinary.com](http://beautifulordinary.com) on  
2020-02-29 by guest

religious, and social doubts and fears that permeated the period. Throughout, the book maintains a careful balance, focusing on the ways in which the various tensions within each individual kingdom came together, whilst at the same time looking beyond the confines of any one of the kingdoms and recognizing their interlinking "British" impact. *Stories from a Ming Collection* 1958

*Short Fiction of the Seventeenth Century* Charles Carroll Mish 1968-01 This lively collection of short fiction introduces the modern reader to the remarkable variety of fictional forms that flourished in England before the advent of the novel.

Reading for the Moral Maria Franca Sibau 2018-03-20 Reassesses didacticism in seventeenth-century Chinese vernacular fiction and challenges the view that the late Ming was a notoriously immoral time. Reading for the Moral offers an innovative reassessment of the nature of moral representation and exemplarity in Chinese

vernacular fiction. Maria Franca Sibau focuses on two little-studied story collections published at the end of the Ming dynasty, Exemplary Words for the World (Xingshi yan, 1632) and Bell in the Still Night (Qingye zhong, c. 1645). Far from being tediously moralistic tales, these stories of loyal ministers, filial children, chaste widows, and selfless friends provide a deeper understanding of the five cardinal relationships central to Confucian ethics. They explore the inherent tension between what we might call textbook morality, on the one hand, and untidy everyday life, on the other. The stories often take a critical view of mechanical notions of retribution, countering it with the logic of virtue as its own reward. Conflict between passion and duty is typically resolved in favor of duty, a duty redefined with a palpable sense of urgency. In constructing vernacular representations of moral exemplars from the recent historical past rather than from remote or fictitious

antiquity, the story compilers show how these virtues are not abstract or monolithic norms, but play out within the contingencies of time and space. Maria Franca Sibau is Assistant Professor of Chinese at Emory University.

### **The Short Story in Spain in the Seventeenth Century**

Caroline B. Bourland 1973

### **The Seventeenth Century**

Joseph Bergin 2001 The complete Short Oxford History of Europe (series editor: Professor T.C.W. Blanning) will cover the history of Europe from Classical Greece to the present in eleven volumes. In each, experts write to their strengths tackling the key issues - including society, economy, religion, politics, and culture - head-on in chapters that will be at once wide-ranging surveys and searching analyses. Each book is specifically designed with the non-specialist reader in mind; but the authority of the contributors and the vigour of the interpretations will make them necessary and challenging reading for fellow

academics across a range of disciplines. Lying between the two great "peaks" of European history, the Reformation and the Enlightenment in the centuries fore and aft, the seventeenth century seems not to have a popular identity itself. And yet, as Professor Bergin points out in his Introduction, it is the very proliferation of majorevents, crises and processes throughout Europe that has made this transitional age so difficult to label. In this book, the seventeenth century, heavy with significance for the future of Europe, is fully explored by Professor Bergin and six major authors as they address, in turn, economy, society, politics, war and international relations, science, thought and culture ('The Age of Curiosity'), and Europe in the wider world. In a set of chapters covering and contrasting the European experience across the full century and the full continent, the reader is offered a rich, lively, and provocative introduction to the period, and students a superbly

authoritative context for more detailed work.

*The Heart's Highway*

Mary E. Wilkins Freeman 2007-05-04  
The narrative charmingly depicts the enduring power of love. The influence of feelings and emotions shapes and builds the character. Bliss for those who experience it, Freeman has made it a blessing for the reader as well.

Portraying the deep love in its true form, she has created an enchanting story that engulfs the imagination.

**The Heart's Highway** Mary Wilkins Freeman 2006

**Short Fiction of the Seventeenth Century** Charles Carroll Mish 1963

*British Short Fiction in the Early Nineteenth Century* Tim

Killick 2016-05-23 In spite of the importance of the idea of the 'tale' within Romantic-era literature, short fiction of the period has received little attention from critics.

Contextualizing British short fiction within the broader framework of early nineteenth-century print culture, Tim Killick argues that authors and publishers sought to present short fiction in book-length volumes as a way of competing with the novel as a legitimate and prestigious genre.

Beginning with an overview of the development of short fiction through the late eighteenth century and analysis of the publishing conditions for the genre, including its appearance in magazines and annuals, Killick shows how Washington Irving's hugely popular collections set the stage for British writers. Subsequent chapters consider the stories and sketches of writers as diverse as Mary Russell Mitford and James Hogg, as well as didactic short fiction by authors such as Hannah More, Maria

Edgeworth, and Amelia Opie. His book makes a convincing case for the evolution of short fiction into a self-conscious, intentionally modern form, with its own techniques and imperatives, separate from those of the novel.

*The short story in Spain in the seventeenth century, with a bibliography of the novela from 1576 to 1700* Caroline Brown Bourland 1927

### **The Short Story in Spain in the Seventeenth Century**

Caroline Brown Bourland 1927

*Seventeenth-Century Fiction* Jacqueline Glomski 2016-06-03

In the past few years, discussion of fiction in all sorts of media has intensified. The prominence of literary critics has increased, the awarding of lucrative book prizes has become more publicized, and reports of the formation of reading groups have proliferated. *Seventeenth-Century Fiction: Text & Transmission* responds to the present interest in the novel by offering a fresh approach to the history of early modern fiction that shifts away from

the outmoded 'rise-of-the-novel' perspective and reaches beyond the boundaries of a single national literature.

Starting from the literary text and looking outwards, this volume focuses on the changes in prose forms and their usage at a critical point in the evolution of modern fiction, and comes to grips with the instabilities of the novel and novella during this period. It explores the nature of seventeenth-century fiction and examines how authors fused fictional and non-fictional materials to create new, hybrid genres. Furthermore, it takes into consideration the cultural interchange between different geographical regions and languages (English, French, Spanish, Italian, Neo-Latin), and uncovers the deeper roots of seventeenth-century literary innovation, by casting light on the Continental influences on the formation of the English novel and on the role played by women's writings at the time. This landmark volume not only contributes to a more comprehensive history of the

novel but promotes an authentic appreciation of early modern fiction.

Causality and Containment in  
Seventeenth-Century Chinese  
Fiction Keith McMahon 1988 A  
number of features

characterize late Ming  
vernacular fiction as part of the  
general cultural expansion of  
that period. These features  
centrally include the exposition  
of sexual transgression and the  
function of containment, by  
which is meant the ideology of  
the control of desires. The late  
Ming writers are studiously  
devoted to illustrating minute,  
obscene, or erotic details that  
believe the decorum of the  
orthodox surface. However,  
this subversiveness of detail  
decreases in intensity from the  
late Ming to the early Qing,  
when values of containment  
are reinvoked. Related topics  
are: the theme of causality and

its role in the story's mapping  
of the logic of adultery;  
adultery as an emblem of the  
woman's escape from  
containment and the use of the  
narrative topos of the gap in  
the wall as a locus of sexual  
transgression.
