The Complete Poetry of

James Hearst James Hearst

2001 Part of the regionalist movement that included Grant Wood, Paul Engle, Hamlin Garland, and Jay G. Sigmund, James Hearst helped create what Iowa novelist Ruth Suckow called a poetry of place. A lifelong Iowa farmer,

Hearst began writing poetry at age nineteen and eventually wrote thirteen books of poems, a novel, short stories, cantatas, and essays, which gained him a devoted following. Many of his poems were published in the regionalist periodicals of the time, including the *Midland*, and by the great regional presses, including Carroll Coleman's Prairie Press.

Drawing on his experiences as a farmer, Hearst wrote with a distinct voice of rural life and its joys and conflicts, of his own battles with physical and emotional pain (he was partially paralyzed in a farm accident), and of his own place in the world. His clear eye offered a vision of the midwestern agrarian life that was sympathetic but not sentimental - a people and an art rooted in place.

engaging portrait of a most beguiling Southern city: "Elegant and wicked.... [This] might be the first true-crime book that makes the reader want to book a bed and breakfast for an extended weekend at the scene of the crime." —The New York Times Book Review Shots rang out in Savannah's grandest mansion in the misty, early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. John Berendt's sharply observed, suspenseful, and witty narrative reads like a thoroughly engrossing novel, and yet it is a work of nonfiction. Berendt skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the

well-bred society ladies of the Married Woman's Card Club; the turbulent young redneck gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the "soul of pampered self-absorption"; the uproariously funny black drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young blacks dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and intrigues that thrive in a town where everyone knows everyone else. *Midnight in the Garden of Good and Evil* is a sublime and seductive reading experience. Brilliantly conceived and masterfully written, this true-crime book has become a modern classic.

The Resonance of Unseen

Things Susan Lepselter
2016-03-03 The Resonance of Unseen Things offers an ethnographic meditation on the “uncanny” persistence and cultural freight of conspiracy theory. The project is a reading of conspiracy theory as an index of a certain strain of late 20th-century American despondency and malaise, especially as understood by people experiencing downward social mobility. Written by a cultural anthropologist with a literary background, this deeply interdisciplinary book focuses on the enduring American preoccupation with captivity in a rapidly transforming world. Captivity is a trope that appears in both ordinary and fantastic iterations here, and Susan Lepselter shows how multiple troubled histories—of race, class, gender, and power—become compressed into stories of uncanny memory. “We really don’t have anything like this in terms of a focused, sympathetic, open-minded ethnographic study of UFO experiencers. . . . The

author’s semiotic approach to the paranormal is immensely productive, positive, and, above all, resonant with what actually happens in history.” —Jeffrey J. Kripal, J. Newton Rayzor Professor of Religion, Rice University “Lepselter relates a weave of intimate alien sensibilities in out-of-the-way places which are surprisingly, profoundly, close to home. Readers can expect to share her experience of contact with complex logics of feeling, and to do so in a contemporary America they may have thought they understood.” —Debbora Battaglia, Mount Holyoke College “An original and beautifully written study of contemporary American cultural poetics. . . . The book convincingly brings into relief the anxieties of those at the margins of American economic and civic life, their perceptions of state power, and the narrative continuities that bond them to histories of violence and expansion in the American West.” —Deirdre de la Cruz, University of Michigan

The Last Lecture Randy Pausch
2008-04-08 After being
diagnosed with terminal
cancer, a professor shares the
lessons he's learned—about
living in the present, building a
legacy, and taking full
advantage of the time you
have—in this life-changing
classic. "We cannot change the
cards we are dealt, just how we
play the hand." —Randy Pausch
A lot of professors give talks
titled "The Last Lecture."
Professors are asked to
consider their demise and to
ruminate on what matters most
to them. And while they speak,
audiences can't help but mull
over the same question: What
wisdom would we impart to the
world if we knew it was our
last chance? If we had to
vanish tomorrow, what would
we want as our legacy? When
Randy Pausch, a computer
science professor at Carnegie
Mellon, was asked to give such
a lecture, he didn't have to

imagine it as his last, since he
had recently been diagnosed
with terminal cancer. But the
lecture he gave—"Really
Achieving Your Childhood
Dreams"—wasn't about dying.
It was about the importance of
overcoming obstacles, of
enabling the dreams of others,
of seizing every moment
(because "time is all you have .
. . . and you may find one day
that you have less than you
think"). It was a summation of
everything Randy had come to
believe. It was about living. In
this book, Randy Pausch has
combined the humor,
inspiration and intelligence
that made his lecture such a
phenomenon and given it an
indelible form. It is a book that
will be shared for generations
to come.

Andrew Collins 2008-09-04
Andrew Collins was born 37 years ago in Northampton. His parents never split up, in fact they rarely exchanged a cross word. No-one abused him. Nobody died. He got on well with his brother and sister and none of his friends drowned in a canal. He has never stayed overnight in a hospital and has no emotional scars from his upbringing, except a slight lingering resentment that Anita Barker once mocked the stabilisers on his bike. Where Did It All Go Right? is a jealous memoir written by someone who occasionally wishes life had dealt him a few more juicy marketable blows. The author delves back into his first 18 years in search of something - anything - that might have left him deeply and irreparably damaged. With tales of bikes, telly, sweets, good health, domestic harmony and happy holidays, Andrew aims to bring a little hope to all those out there living with the emotional after-effects of a really nice childhood. Andrew Collins kept a diary from the age of five, so

he really can remember what he had for tea everyday and what he did at school, excerpts from his diary run throughout the book and it is this detail which makes his story so compelling.

Carolinian-English Dictionary Frederick H.

Jackson 2019-03-31 Carolinian is a member of the Trukic subgroup of the Micronesian group of Oceanic languages. This is the first English dictionary of the three Carolinian dialects spoken by descendants of voyagers who migrated from atolls in the Central Caroline Islands to Saipan in the Northern Mariana Islands. This dictionary provides English definitions for almost 7,000 Carolinian entries and an English-Carolinian finder list. A special effort was made to include culturally important words, particularly those related to sailing, fishing, cooking, house building, traditional religion, and family structure. With this work, the compilers also establish an acceptable standard writing system with which to record the Carolinian language.

proprietor of the Shiprock Trading Company. Probably more than most of his fellow traders, he had a strong interest in Navajo culture. The effort he made to record and share what he learned certainly was unusual. He published in the Farmington and New Mexico newspapers and other periodicals, compiling many of his pieces into a book manuscript. His subjects were Navajos he knew and traded with, their stories of historic events such as the Long Walk, and descriptions of their culture as he, an outsider without academic training, understood it. Evans's writings were colored by his fondness for, uncommon access to, and friendships with Navajos, and by who he was: a trader, folk artist, and Mormon. He accurately portrayed the operations of a trading post and knew both the material and artistic value of Navajo crafts. His art was mainly inspired by Navajo sandpainting. He appropriated and, no doubt, sometimes misappropriated that sacred

art to paint surfaces and objects of all kinds. As a Mormon, he had particular views of who the Navajos were and what they believed and was representative of a large class of often-overlooked traders. Much of the Navajo trade in the Four Corners region and farther west was operated by Mormons. They had a significant historical role as intermediaries, or brokers, between Native and European American peoples in this part of the West. Well connected at the center of that world, Evans was a good spokesperson.

Cultural Politics of Emotion

Sara Ahmed 2014-06-11

Emotions work to define who we are as well as shape what we do and this is no more powerfully at play than in the world of politics. Ahmed considers how emotions keep us invested in relationships of power, and also shows how this use of emotion could be crucial to areas such as feminist and queer politics. Debates on international terrorism, asylum and migration, as well as reconciliation and reparation, are explored through topical case studies. In this book the difficult issues are confronted head on. The *Cultural Politics of Emotion* is in dialogue with recent literature on emotions within gender studies, cultural studies, sociology, psychology and philosophy. Throughout the book, Ahmed develops a theory of how emotions work,

Six Masters of the Spanish

Sonnet Willis Barnstone 1997

With poems selected and translated by one of the preeminent translators of our day, this bilingual collection of 112 sonnets by six Spanish-language masters of the form ranges in time from the seventeenth to the twentieth centuries and includes the works of poets from Spanish America as well as poets native to Spain. Willis Barnstone's selection of sonnets and the extensive historical and biographical background he supplies serve as a compelling survey of Spanish-language poetry that should be of interest both to lovers of poetry in general and to scholars of

Spanish-language literature in particular. Following an introductory examination of the arrival of the sonnet in Spain and of that nation's poetry up to Francisco de Quevedo, Barnstone takes up his six masters in chronological turn, preceding each with an essay that not only presents the sonneteer under discussion but also continues the carefully delineated history of Spanish-language poetry. Consistently engaging and informative and never dull or pedantic, these essays stand alone as appreciations--in the finest sense of that word--of some of the greatest poets ever to write. It is, however, Barnstone's subtle, musical, clear, and concise translations that form the heart of this collection. As Barnstone himself says, "In many ways all my life has been some kind of preparation for this volume."

supposedly “silent” images Colonial depictions of the North and South American landscape and its indigenous inhabitants fundamentally transformed the European imagination—but how did those images reach Europe, and how did they make their impact? In *Sound, Image, Silence*, noted art historian Michael Gaudio provides a groundbreaking examination of the colonial Americas by exploring the special role that aural imagination played in visible representations of the New World. Considering a diverse body of images that cover four hundred years of Atlantic history, *Sound, Image, Silence* addresses an important need within art history: to give hearing its due as a sense that can inform our understanding of images. Gaudio locates the noise of the pagan dance, the discord of battle, the din of revivalist religion, and the sublime sounds of nature in the Americas, such as lightning, thunder, and the waterfall. He invites readers to listen to visual media that seem

deceptively couched in silence, offering bold new ideas on how art historians can engage with sound in inherently “mute” media. *Sound, Image, Silence* includes readings of Brazilian landscapes by the Dutch painter Frans Post, a London portrait of Benjamin Franklin, Thomas Edison’s early Kinetoscope film *Sioux Ghost Dance*, and the work of Thomas Cole, founder of the Hudson River School of American landscape painting. It masterfully fuses a diversity of work across vast social, cultural, and spatial distances, giving us both a new way of understanding sound in art and a powerful new vision of the New World.
