Unequal Protection Thom Hartmann 2010-06-07 "This is a seminal work, a godsend really, a clear message to every citizen about the need to reform our country, laws, and companies." —Paul Hawken, New York Times-bestselling author NEW EDITION, REVISED AND UPDATED Unequal taxes, unequal accountability for crime, unequal influence, unequal control of the media, unequal access to natural resources—corporations have gained these privileges and more by

exploiting their legal status as persons. How did something so illogical and unjust become the law of the land? Americans have been struggling with the role of corporations since before the birth of the republic. As Thom Hartmann shows, the Boston Tea Party was actually a protest against the British East India Company—the first modern corporation. Unequal Protection tells the astonishing story of how, after decades of sensible limits on corporate power, an offhand, off-the-record comment by a Supreme Court justice led to the Fourteenth Amendment—originally passed to grant basic rights to freed slaves—becoming the justification for granting corporations the same rights as human beings. And Hartmann proposes specific legal remedies that will finally put an end to the bizarre farce of corporate personhood. This new edition has been thoroughly updated and features Hartmann’s analysis of two recent Supreme Court cases, including Citizens United v. Federal Election Commission, which tossed out corporate campaign finance limits. “If you wonder why and when giant corporations got the power to reign supreme over us, here’s the story.” —Jim Hightower, national radio commentator and New York Times-bestselling author “Tell[s] the grand story of corporate corruption and its consequences for society with the force and readability of a great novel. ”—David C. Korten, bestselling author of When Corporations Rule the World

Citizen-Protectors Jennifer Carlson 2015-04-01 From gang- and drug-related shootings to mass shootings in schools, shopping centers, and movie theatres, reports of gun crimes fill the headlines of newspapers and nightly news programs. At the same time, a different kind of headline has captured public attention: a steady surge in pro-gun sentiment among Americans. In *Citizen-Protectors*, Jennifer Carlson offers a compelling portrait of gun carriers, shedding light on Americans' complex relationship with guns. Delving headlong into the world of guns, Carlson participated in firearms training classes, attending pro-gun events, and carried a firearm herself. Through these experiences, she explores the role guns play in the lives of Americans who carry them and shows how, against a backdrop of economic insecurity and social instability, gun carrying becomes a means of being a good citizen. A much-needed counterpoint to the rhetorical battles over gun control, *Citizen-Protectors* is a captivating and revealing look at gun culture in

America, and a must-read for anyone with a stake in this heated debate.
