Haunted America FAQ Dave Thompson 2015-09-01 (FAQ Pop Culture). Take a fast-paced survey of the ghosties, ghouls, and associated denizens of the country's haunted history with *Haunted America FAQ* . Tracing local ghost stories

back to Native American legends and then forward through horror tales both ancient and modern, the book revisits some of the best known haunted locales, as well as some of the most obscure creepy places, in America. Delving deep into the cultural

history of American hauntings, Haunted America FAQ includes chapters on ghostly books, movies, and television. Also included is an A-Z of reality-TV ghost hunts and a state-by-state gazetteer of haunted spots.

Paranormal Experience and Survival of Death Carl B. Becker 1993-09-06 Reviews accounts of demon-possession, memories of past lives, ghostly apparitions, and out-of-body experiences collected from Europe, Asia, and the Americas over the past century; and examines the tension between religious and scientific perspectives on the

phenomena, the medical evidence, and the taboo on studying such subjects in the social sciences. Paper edition (unseen), \$18.95. Annotation copyright by Book News, Inc., Portland, OR
Everybody's Guide to Natural ESP Ingo Swann 2018-09-02 In this milestone book, Ingo Swann guides the reader through revolutionary techniques he developed and tested in thousands of experiments, with startling results, for tapping ESP potential. His exciting new concepts of "mind mound," "mind manifestation," and the "ESP core" help readers demystify ESP and link this important inner reality to what is already known about dreams, memory, quantum physics, and human creativity. Swann shows how to become more receptive to the "deeper self" and make contact with the hidden reality in which ESP operates.

Samadhi Mike Sayama The key to self-development, says Mike Sayama, is the experience of Samadhi, a state of relaxed

concentration in which the individual neither freezes out of fear nor clings due to desire. Simply stated, samadhi is the free flow of vital energy within the body and between the body and the universe. Moving effortlessly across traditions and techniques, Sayama discovers that sages throughout history—Greek philosophers, German mystics, Indian seers, and our own Albert Einstein among others—have taught that this experience of transcendental oneness lies at the heart of full self-realization. The first part of the book studies self-realization in Zen Buddhism. The author pinpoints its essence in Buddha's enlightenment. The development of Zen is then traced, continuing down to living masters who in very recent times have transplanted their lineages from Japan to the United States. Sayama notes that we must choose as masters those to whom the authentic teaching has been transmitted through generations, and he examines

in loving detail the sometimes strange and astonishing behaviors of those whose very presence communicates the state of samadhi. The second part of the book presents Zen therapy, a way of self-development emphasizing the cultivation of samadhi through psychophysical training. Sayama compares the effects of Rolfing, Feldenkrais, and Zen therapy on the human body and mind. He includes easy-to-follow directions for creating the inner state he describes. He tells vivid stories of extraordinary cases treated from the point of view that the best therapy is nothing less than the removal of all dualism. Four main practices are presented: zazen (meditation), hara development, circulation of the vital energy, and communication.

Parapsychology Review 1988

[The Science of Channeling](#)

Helané Wahbeh 2021-09-01

From the director of research at the Institute of Noetic Sciences (IONS)—a nonprofit parapsychological research institute cofounded by

astronaut Edgar Mitchell—this groundbreaking guide explores the cutting-edge science behind channeling, and offers powerful tools to help you hone your own abilities. Do you have an event in your life that can't be explained? Perhaps it presented itself as a feeling of intuition, an image, a sense of knowing, or even a full-blown premonition. You may have felt judged when you told someone about it, or even wondered, "did that really happen, or did I just imagine it?" Chock-full of cutting-edge research, this guide will show you just how common this type of phenomenon is—and how you can fine-tune your unique abilities to add richness and depth to your life. In *The Science of Channeling*, scientist and author Helané Wahbeh will show you how to identify and target your own channeling skills, process the channeled information you receive, and use your unique gift to improve your life—and the world around you. You'll find detailed information about different channeling types,

including mind-to-mind communication, your intention affecting matter, and sensing the future. And finally, you'll discover a wealth of physiological studies pertaining to the science of channeling, providing ample evidence that channeling is a real phenomena and insights into how it works. If you're ready to explore the power of channeling, or are looking to strengthen the skills you already have, this guide has everything you need to get started today.

700 Conscientiology

Experiments Waldo Vieira

2018-08-22 A reference work on conscientiology, this treatise, with more than 5,000 entries in the bibliography, first published in Portuguese in 1994, presents the reader with the bases of the neoscience conscientiology. The author proposes 300 tests for self-application, dealing with topics of great relevance such as assistance, the theory of thosene (thought, sentiment and energy), and the theories of inversion and existential recycling, among others. The work presents conscientiology as the science applied to the study of consciousness (ego, personality) in an integral approach, with all its vehicles of manifestation (bodies), previous existences and attributes. The content being deepened and presented in a theoretical and practical way,

so a reader understands the importance of this knowledge to their life. The science of conscientiology utilizes the best of the main lines of human knowledge: common sense, religion, philosophy, political ideology and conventional science; and is based on multidimensional self-experience, having consciousness as both the instrument and object of research.

Death Hal Banks 2000-03-21
The theme of this book is: it is impossible to die; there is no death; each of us has eternity to fulfill our destinies. It will give the reader great hope, an upsurge of optimism. It will help assuage the tyranny of the fear of death. It provides an antidote to the fundamentalist theology of hell-fire, damnation and a mythical devil. Dr. Banks shares his personal convictions and requests a fair hearing. The best is yet to be as we struggle in this kindergarten of the soul. The ultimate decision to believe or not is entirely in the reader's hands. The Soul of God's creation is LOVE!

The Holy Grail Mystery Solved Frank C. Tribbe 2003
What was the Holy Grail? A cup? A stone? A platter? According to the author, this sacred relic was none of these things. While setting forth the history of the Grail and its literature, Frank Tribbe demonstrates conclusively that the Grail was none other than the Shroud of Turin, protected in a rectangular box covered with a patterned cloth--a "greille."

Das große Buch vom Channeln Helané Wahbeh 2022-08-31 »Channeln«

bezeichnet die Fähigkeit, auf medialem Weg Botschaften von Wesenheiten aus der Geistigen Welt zu empfangen. Was steckt wirklich hinter diesem geheimnisvollen Phänomen? Sind gechannelte Botschaften tatsächlich real? Und wie können wir diese Gabe in uns entdecken und ausbilden? Helané Wahbeh ist Wissenschaftlerin und renommiertes Channel-Medium. In einer brillanten Verbindung von moderner Forschung und spiritueller Erfahrung führt sie ihre Leser*innen durch die Welt der übersinnlichen Wahrnehmung. Mit klarer Anleitung und praktischen Übungen motiviert sie dazu, die Kraft des Channels zu entdecken, gezielt zu schulen und dadurch dem eigenen Leben ungeahnten Reichtum und Tiefe zu verleihen. Für alle, die sich mit der Energie der Geistigen Welt verbinden und Rat und Hilfe aus höheren Dimensionen erhalten wollen. Unsolved! Craig P. Bauer 2017-05-22 Watch Craig Bauer discuss the Zodiac Killer's

cipher on HISTORY's new miniseries The Hunt for the Zodiac Killer In 1953, a man was found dead from cyanide poisoning near the Philadelphia airport with a picture of a Nazi aircraft in his wallet. Taped to his abdomen was an enciphered message. In 1912, a book dealer named Wilfrid Voynich came into possession of an illuminated cipher manuscript once belonging to Emperor Rudolf II, who was obsessed with alchemy and the occult. Wartime codebreakers tried—and failed—to unlock the book's secrets, and it remains an enigma to this day. In this lively and entertaining book, Craig Bauer examines these and other vexing ciphers yet to be cracked. Some may reveal the identity of a spy or serial killer, provide the location of buried treasure, or expose a secret society—while others may be elaborate hoaxes. Unsolved! begins by explaining the basics of cryptology, and then explores the history behind an array of unsolved ciphers. It looks at ancient ciphers, ciphers created by

artists and composers, ciphers left by killers and victims, Cold War ciphers, and many others. Some are infamous, like the ciphers in the Zodiac letters, while others were created purely as intellectual challenges by figures such as Nobel Prize-winning physicist Richard P. Feynman. Bauer lays out the evidence surrounding each cipher, describes the efforts of geniuses and eccentrics—in some cases both—to decipher it, and invites readers to try their hand at puzzles that have stymied so many others. *Unsolved!* takes readers from the ancient world to the digital age, providing an amazing tour of many of history's greatest unsolved ciphers.

Parapsychology Rhea A. White 1990 "... provides systematic, largely nonjudgmental descriptions of books on parapsychological issues published in the period 1973 to 1989....rewarding gold mine of information. White's continuing bibliographic contributions to parapsychology are

unparalleled." --AUSTRALIAN PARAPSYCHOLOGICAL REVIEW
