## **All Day at the Movies** Fiona Kidman

2016-08-01 Wry, moving, beautifully observed and politically astute, this novel from one of our finest chroniclers pinpoints universal truths through very New Zealand lives. Life isn't always like it appears in the movies. In 1952, Irene Sandle takes her young daughter to Motueka. Irene was widowed during the war and is seeking a new start and employment in the tobacco fields. There, she finds the reality of her life far removed from the glamour of the screen. Can there be romance and happy endings, or will circumstances repeat through the generations? Each subsequent episode in this poignant work follows family secrets and the dynamics of Irene's children. The story doesn't just track their lives, but also New Zealand itself as its attitudes and opportunities change — and reverberate — through the decades. '... she is at a literary point when age is all gain - consummate craft, passion aplenty, the complex resonance of memory, and the edginess that comes from knowing about loss' - New Zealand Books Winner of the Heritage Book Awards, Fiction Category

**Dreams** Olive Schreiner 2022-11-13 Dreams is a collection of beautifully written short stories based on author's dreams and life on a farm in South Africa. In Dreams depicts Olive Schreiner her fascinating looks on the world. Olive Schreiner (1855 -1920) was a South African author, anti-war campaigner and intellectual. Since the late 20th century, scholars have also credited Schreiner as an advocate for the

Afrikaners, and other South African groups who were excluded from political power for decades, such as indigenous Blacks, Jews and Indians. Although she showed interest in socialism, pacifism, vegetarianism and feminism amongst other topics, her views escaped restrictive categorizations. Her published works and other surviving writings promote implicit values such as moderation, friendship, and understanding amongst all peoples, and avoid the pitfalls of political radicalism.

**A Short History of the Girl Next Door** Jared Reck 2018-12-24 Equal parts hilarious and heartbreaking, this unrequited-love story will appeal to fans of Jennifer Niven, John Green, and Jesse Andrews. Seriously, how can you see a person nearly every day of your life and never think a thing of it, then all of a sudden, one day, it's different? You see that goofy grin a thousand times and just laugh. But goofy grin #1,001 nearly stops your heart? Right. That sounds like a bad movie already. Matt Wainwright is constantly sabotaged by the overdramatic movie director in his head. He can't tell his best friend, Tabby, how he really feels about her, he implodes on the JV basketball team, and the only place he feels normal is in Mr. Ellis's English class, discussing the greatest fart scenes in literature and writing poems about pissed-off candy-cane lumberjacks. If this were a movie, everything would work out perfectly. Tabby would discover that Matt's madly in love with her, be overcome with emotion, and fall into his arms. Maybe in the rain. But that's not how it works. Matt watches Tabby get swept away by

senior basketball star and all-around great guy Liam Branson. Losing Tabby to Branson is bad enough, but screwing up and losing her as a friend is even worse. After a tragic accident, Matt finds himself left on the sidelines, on the verge of spiraling out of control and losing everything that matters to him. From debut author Jared Reck comes a fiercely funny and heart-wrenching novel about love, longing, and what happens when life as you know it changes in an instant. "This story broke my heart and made me laugh and gave me hope—and really, what more can you ask of a book than that? I loved it, and I have a feeling you will too." —Jennifer E. Smith, author of *Windfall* and *The Statistical Probability of Love at First Sight* "In the blink of an eye, *A Short History of the Girl Next Door* goes from hilarious to haunting to harrowing to heartbreaking to hopeful and back." —Jeff Zentner, award-winning author of *The Serpent King* and *Goodbye Days* "Sharp, smart, and unforgettable." —Kate Hattemer, critically acclaimed author of *The Vigilante Poets of Selwyn Academy* and *The Land of 10,000 Madonnas* "A powerful novel about first love, the intimacy of childhood friendships, and moving forward from loss." —Publishers Weekly "Pair this with other novels that explore loss from a male perspective, such as Jeff Zentner's *Goodbye Days* or Adam Silvera's *History Is All You Left Me*." —Booklist "Reck gives subtlety and depth to Matt, so he's believable as a flawed guy negotiating his way through his feelings for Tabby as well as his social status in school, his ideas of masculinity, and his insecurities." —The Bulletin "Recommend this to readers who enjoyed Steven Levenson's *Dear Evan Hansen*." —VOYA

*Stories of the Vikings* Mary MacGregor  
2018-03-01 On a summer day nearly twelve hundred years ago, three ships with bright red sails drew near to one of the little ports of the Dorset coast in the south of England. The townsfolk saw the ships, and paying no heed to the bright sails, said carelessly one to another, 'The merchantmen will be in port to-day.' And the harbour-master gathered together a few of his men and hastened to the quay. For he, too, had seen the ships, and, as in duty bound, he went to meet them, to demand from the captains the port taxes which were lawfully due to the

king. But townsfolk and harbour-master alike had made a grievous mistake that summer day. For, as they soon discovered to their cost, and as the red sails might have forewarned them, the three ships were no peaceful merchantmen...

With virtuosic skill and soaring imaginative power, Nicole Krauss gradually draws these stories together toward a climax of "extraordinary depth and beauty" (Newsday).

2022-07-26 A USA TODAY and New York Times bestseller Perfect for fans of Kasie West and Jenn Bennett, this "sweet and funny" (Kerry Winfrey, author of *Waiting for Tom Hanks*) teen rom-com follows a hopelessly romantic teen girl and her cute yet obnoxious neighbor as they scheme to get her noticed by her untouchable crush. Perpetual daydreamer Liz Buxbaum gave her heart to Michael a long time ago. But her cool, aloof forever crush never really saw her before he moved away. Now that he's back in town, Liz will do whatever it takes to get on his radar—and maybe snag him as a prom date—even befriend Wes Bennet. The annoyingly attractive next-door neighbor might seem like a prime candidate for romantic comedy fantasies, but Wes has only been a pain in Liz's butt since they were kids. Pranks involving frogs and decapitated lawn gnomes do not a potential boyfriend make. Yet, somehow, Wes and Michael are hitting it off, which means Wes is Liz's in. But as Liz and Wes scheme to get Liz noticed by Michael so she can have her magical prom moment, she's shocked to discover that she likes being around Wes. And as they continue to grow closer, she must reexamine everything she thought she knew about love—and rethink her own ideas of what Happily Ever After should look like.

**A Short History of Drunkenness** Mark

Forsyth 2018-05-08 From the internationally bestselling author of *The Etymologicon*, a lively and fascinating exploration of how, throughout history, each civilization has found a way to celebrate, or to control, the eternal human drive to get sloshed "An entertaining bar hop though the past 10,000 years."—The New York Times Book Review Almost every culture on earth has drink, and where there's drink there's

drunkenness. But in every age and in every place drunkenness is a little bit different. It can be religious, it can be sexual, it can be the duty of kings or the relief of peasants. It can be an offering to the ancestors, or a way of marking the end of a day's work. It can send you to sleep, or send you into battle. Making stops all over the world, *A Short History of Drunkenness* traces humankind's love affair with booze from our primate ancestors through to the twentieth century, answering every possible question along the way: What did people drink? How much? Who did the drinking? Of the many possible reasons, why? On the way, learn about the Neolithic Shamans, who drank to communicate with the spirit world (no pun intended), marvel at how Greeks got giddy and Sumerians got sauced, and find out how bars in the Wild West were never quite like in the movies. This is a history of the world at its inebriated best.

**Action Movies** Harvey O'Brien 2012-11-20  
*Action Movies: The Cinema of Striking Back* is a study of action cinema, exploring the ethics and aesthetics of the genre with reference to its relatively short history. It moves from seminal classics like *Bullitt* (1968) and *Dirty Harry* (1971) through epoch-defining films like *Rambo: First Blood Part II* (1985) and *Die Hard* (1988) to revisions, reboots, and renewals in films like *Kill Bill Vol. 1* (2003), *Taken* (2008), and *The Expendables* (2010). The action genre is a fusion of form and content: a cinema of action about action. It is a cinema of the will, configured as a decisive reaction to untenable circumstances. Action heroes take up arms against the sea of troubles that beset them, safe in the knowledge that if they don't do it, nobody will. Though this makes the action movie profoundly disturbing as an embodiment of moral ideology, its enduring appeal proves the appetite for assurance remains undiminished, even in the wake of 9/11.

**Black and White Cinema** Wheeler Winston Dixon 2015-11-06  
 From the glossy monochrome of the classic Hollywood romance, to the gritty greyscale of the gangster picture, to film noir's moody interplay of light and shadow, black-and-white cinematography has been used to create a remarkably wide array of tones. Yet today, with black-and-white film stock nearly impossible to find, these cinematographic techniques are virtually extinct, and filmgoers' appreciation of them is similarly waning. *Black and White Cinema* is the first study to consider the use of black-and-white as an art form in its own right, providing a comprehensive and global overview of the era when it flourished, from the 1900s to the 1960s. Acclaimed film scholar Wheeler Winston Dixon introduces us to the masters of this art, discussing the signature styles and technical innovations of award-winning cinematographers like James Wong Howe, Gregg Toland, Freddie Francis, and Sven Nykvist. Giving us a unique glimpse behind the scenes, Dixon also reveals the creative teams—from lighting technicians to matte painters—whose work profoundly shaped the look of black-and-white cinema. More than just a study of film history, this book is a rallying cry, meant to inspire a love for the artistry of black-and-white film, so that we might work to preserve this important part of our cinematic heritage. Lavishly illustrated with more than forty on-the-set stills, *Black and White Cinema* provides a vivid and illuminating look at a creatively vital era.

*Live Cinema and Its Techniques* Francis Ford Coppola 2017-09-26 From a master of cinema comes this "gold mine of a book . . . a rocket ride to the potential future" of filmmaking (Walter Murch). Celebrated as an "exhilarating account" of a revolutionary new medium (Booklist), Francis Ford Coppola's indispensable guide to live cinema is a boon for moviegoers, film students, and teachers alike. As digital movie-making, like live sports, can now be performed by one director—or by a collaborative team online—it is only a matter of time before cinema auteurs will create "live" movies to be broadcast instantly in faraway theaters. "Peppered with brilliant personal observations" (Wendy Doniger), *Live Cinema and Its Techniques* offers a behind-the-scenes look at a consummate career: from Coppola's formative boyhood obsession with live 1950s television shows and later attempts to imitate the spontaneity of live performance on set, the book usefully includes a

guide to presenting state-of-the-art techniques on everything from rehearsals to equipment. A testament to Coppola's prodigious enthusiasm for reinvigorating the form, *Live Cinema* is an indispensable guide that "reenergizes . . . the search for a new way of storytelling" (William Friedkin).

*A Short History of World War II* James L.

**The Movies** Gerald Mast 1996

[A Short History of Film](#) Wheeler Winston Dixon 2013-02-15 A Short History of Film, Second Edition, provides a concise and accurate overview of the history of world cinema, detailing the major movements, directors, studios, and genres from 1896 through 2012. Accompanied by more than 250 rare color and black-and-white stills—including many from recent films—the new edition is unmatched in its panoramic view, conveying a sense of cinema's sweep in the twentieth and early twenty-first centuries as it is practiced in the United States and around the world. Wheeler Winston Dixon and Gwendolyn Audrey Foster present new and amended coverage of the industry in addition to updating the birth and death dates and final works of notable directors. Their expanded focus on key films brings the book firmly into the digital era and chronicles the death of film as a production medium. The book takes readers through the invention of the kinetoscope, the introduction of sound and color between the two world wars, and ultimately the computer-generated imagery of the present day. It details significant periods in world cinema, including the early major industries in Europe, the dominance of the Hollywood studio system in the 1930s and 1940s, and the French New Wave of the 1960s. Attention is given to small independent efforts in developing nations and the more personal independent film movement that briefly flourished in the United States, the significant filmmakers of all nations, and the effects of censorship and regulation on production everywhere. In addition, the authors incorporate the stories of women and other minority filmmakers who have often been overlooked in other texts. Engaging and accessible, this is the best one-stop source for the history of world film available for students, teachers, and general audiences alike.

**Journalism in the Movies** Matthew C. Ehrlich 2010-10-01 Now in paperback, Matthew C. Ehrlich's *Journalism in the Movies* is the story of Hollywood's depiction of American journalism from the start of the sound era to the present. Ehrlich argues that films have relentlessly played off the image of the journalist as someone who sees through lies and hypocrisy, sticks up for the little guy, and serves democracy. Focusing on films about key figures and events in journalism, including *Mr. Smith Goes to Washington*, *All the President's Men*, and *The Insider*, *Journalism in the Movies* presents a unique opportunity to reflect on how movies relate not only to journalism but also American life and democracy.

**Migrating to the Movies** Jacqueline Najuma Stewart 2005-03-28 The rise of cinema as the predominant American entertainment around the turn of the last century coincided with the migration of hundreds of thousands of African Americans from the South to the urban "land of hope" in the North. This richly illustrated book, discussing many early films and illuminating black urban life in this period, is the first detailed look at the numerous early relationships between African Americans and cinema. It investigates African American migrations onto the screen, into the audience, and behind the camera, showing that African American urban populations and cinema shaped each other in powerful ways. Focusing on Black film culture in Chicago during the silent era, *Migrating to the Movies* begins with the earliest cinematic representations of African Americans and concludes with the silent films of Oscar Micheaux and other early "race films" made for Black audiences, discussing some of the extraordinary ways in which African Americans staked their claim in cinema's development as an art and a cultural institution.
