*Reeds Marine Deck 2: Crammer for Deck Officer Oral Exams* Simon Jinks 2023-09-14 A no-nonsense study guide helping seafarers to pass their MCA or Flag State oral exams for Deck Officer qualifications. This handy revision guide

is the one book that Deck Officer Cadets, Master and Deck Officers will want by their side when studying for the much-feared oral exams. Expert marine training director Simon Jinks strips back the masses of information to the core essential points that are easy to absorb and quick to remember when it comes to the oral assessment. The MCA Deck Officer (Officer of the Watch, Chief Mate and Master) syllabi cover a vast amount of information that candidates are required to understand and use in their oral exam, which for many presents a major stumbling block to qualification. While it inevitably takes a long time for candidates to build up this wealth of knowledge, this study aid is the perfect refresher, listing the key points and including helpful sample questions and worked examples on tidal working, radar plotting and more. Written in simple terms, this trusted crammer covers all the principal areas of the MCA's exam syllabus, including sections on business and law conventions, pollution

prevention, responses to emergencies and distress signals. Clearly presented, it is packed with straightforward diagrams and flow charts, making it ideal for revising. This is an invaluable reference for all international STCW Deck Officer candidates, and covers both MCA and Flag State oral exams. It is also suitable for Near Coastal and Boatmaster apprentices, Workboat crew apprentices, Yachtmaster Offshores, Yachtmaster instructors, and fishermen going for their fishing licences on larger vessels, and for shore workers such as vessel superintendents, maritime managers and trainers. There is specific information for all vessels, with sections on smaller, code and domestic vessels.

**The Sea Survival Manual** Frances Howorth 2013-10-28 The Sea Survival Manual is the definitive book on the subject for anyone aboard a yacht of any size. It is aimed at the yachtsman or seafarer who is likely to proceed to sea out of the sight of land, whether for pleasure or professional reasons. Fully compliant with the IMO (International Maritime Organisation) resolutions and MCA (Maritime Coastguard Agency) regulations it embodies Sea Safety checks issued by the MCA and RNLI and is completely international in its appeal. Includes

chapters on safety and survival equipment, Global Maritime Distress and Safety Systems (GMDSS), liferafts, grab bags, medical equipment and advice, first aid and emergency treatment, abandoning ship, survival in a liferaft and rescues at sea. This is the first modern book to tackle the subject from the small craft point of view.
