Journal of a Voyage Around the World Thomas Worthington King 2021-01-29 In 1841 Thomas Worthington King accepted a position as supercargo on the Helena, a ship some have called "the first American clipper," as it was about to make its maiden voyage to China. Journal of a Voyage around the World recounts the travel of Thomas Worthington King on the Helena from 1841 to 1842. In full and well-written entries, King recounts the routines and surprises of life at sea, where storms and calms could be equally threatening, and the next day might bring a stop at St. Helena to see Napoleon's tomb or an encounter with pirates. King provides details often missing from histories that give a real sense of the period. In his description of Chile and Peru we learn about activities as diverse as cockfighting and courtship. We learn about produce and prisons, mints and monasteries, fruits and fashions. In his account

of China, King vividly describes rivers so full of boats that one could "see no water--nothing but the large mat sales" and calm groves of "green lychee, or broad leaved & rustling plantain." Perhaps the most important subject of the diary is the diarist himself, whose talent and confidence develop on the pages of his record. Thomas Worthington King was born and raised in Chillicothe, Ohio, and was the grandson of two Ohio Senators: Rufus King and Thomas Worthington.

The People's House David Pepper 2016-08-15 Can someone heist the majority of the House of Representatives with no one noticing? That's the electoral coup that turns America upside down in THE PEOPLE'S HOUSE... ..Until one man notices. Political reporter Jack Sharpe is logging time at the tail end of a disappointing career -- jaded about politics and stung by personal hard knocks. But after an odd election result in the Ohio Congressional district he covers, Sharpe stumbles across irregularities that spur him to dig deeper. The story takes him far beyond his corner of Ohio as he discovers an international plot—one that strikes at the heart of American democracy by taking advantage of weaknesses in today's political architecture. His reporting leads to a showdown with the philandering Congressman and Presidential contender who knew about the plan but told nobody, and the eccentric but deadly Russian energy baron who masterminded it all. In order to save himself and the country, Sharpe must rekindle his old fire to navigate a treacherous journey through danger, betrayal, and atonement.
