A Man of the People Chinua Achebe
2016-09-30 From the renowned author of The African Trilogy, a political satire about an unnamed African country navigating a path between violence and corruption As Minister for

Culture, former school teacher M. A. Nanga is a man of the people, as cynical as he is charming, and a roguish opportunist. When Odili, an idealistic young teacher, visits his former instructor at the ministry, the division between them is vast. But in the eat-and-let-eat

atmosphere, Odili's idealism soon collides with his lusts—and the two men's personal and political tauntings threaten to send their country into chaos. When Odili launches a vicious campaign against his former mentor for the same seat in an election, their mutual animosity drives the country to revolution. Published, prophetically, just days before Nigeria's first attempted coup in 1966, *A Man of the People* is an essential part of Achebe's body of work.

Concerning the Lord's Recovery Witness Lee 1983-09-01 These messages cover the primary and crucial aspect of the Lord's recovery of the truth today—to recover the dispensing of the Triune God as life into His redeemed people in order that He may be fully expressed on the earth.

Fit to Serve James C. Hormel 2011-10-11 This is the memoir of James C. Hormel—a man who grew up feeling different not only because his

family owned the Hormel “empire” and lived in a twenty-six-bedroom house in a small Midwest town, but because he was gay at a time when homosexuality was not discussed or accepted. Outwardly he tried to live up to the life his father wanted for him—he was a successful professional, had married a lovely woman, and had children—but as volatile changes in the late 1960s impeded on the American psyche, Hormel realized that he could not hide his true self forever. Hormel moved to New York City, became an antiwar activist, battled homophobia, lost dear friends to AIDS, and set out to become America's first openly gay ambassador, a position he finally won during the Clinton administration. Today, Hormel continues to fight for LGBT equality and gay marriage rights. This is a passionate and inspiring true story of the determination for human equality and for attaining your own version of the American Dream—life, liberty, and the pursuit of happiness without exception.

On the Duty of Civil Disobedience Henry David Thoreau 1903

The Mismeasure of Man (Revised and Expanded) Stephen Jay Gould 2006-06-17 The definitive refutation to the argument of The Bell Curve. When published in 1981, The Mismeasure of Man was immediately hailed as a masterwork, the ringing answer to those who would classify people, rank them according to their supposed genetic gifts and limits. And yet the idea of innate limits—of biology as destiny—dies hard, as witness the attention devoted to The Bell Curve, whose arguments are here so effectively anticipated and thoroughly undermined by Stephen Jay Gould. In this edition Dr. Gould has written a substantial new introduction telling how and why he wrote the book and tracing the subsequent history of the controversy on innateness right through The Bell Curve. Further, he has added five essays on questions of The Bell Curve in particular and on race, racism, and biological determinism in

general. These additions strengthen the book's claim to be, as Leo J. Kamin of Princeton University has said, "a major contribution toward deflating pseudo-biological 'explanations' of our present social woes."

[The Negro Motorist Green Book](#) Victor H. Green

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

No Man Can Serve Two Masters Philip Ames
2019-09-03 The true story of a man whose purpose in life was changed by God from gathering garbage to saving souls; a

multimillionaire head of eleven corporations who gave it all away to become a missionary among the poorest of the poor in Latin America. The evangelistic movement begun by him and his wife has resulted in the conversion of more than three million souls and is still active on three continents. You will see how God provides when no one else can. You will experience vicariously the persecution as well as the victory that comes to new Christians, and old, who put their faith on the line and depend on the promises of Jesus Christ. You will see for yourself how an ordinary Christian can be transformed from living for himself among lukewarm churchgoers to putting his life completely in the hands of the One who said, "I will never leave you nor forsake you." You will see what it means to be in the center of God's will and to make a real difference in the lives of countless souls who would have been eternally lost if you had remained in your comfort zone.

Life-Study of Psalms Witness Lee 1984-05-01
In the Lord's recovery during the past five hundred years the church's knowledge of the Lord and His truth has been continually progressing. This monumental and classical work by Brother Witness Lee builds upon and is a further development of all that the Lord has revealed to His church in the past centuries. It is filled with the revelation concerning the processed Triune God, the living Christ, the life-giving Spirit, the experience of life, and the definition and practice of the church. In this set

Brother Lee has kept three basic principles that should rule and govern every believer in their interpretation, development, and expounding of the truths contained in the Scriptures. The first principle is that of the Triune God dispensing Himself into His chosen and redeemed people; the second principle is that we should interpret, develop, and expound the truths contained in the Bible with Christ for the church; and the third governing principle is Christ, the Spirit, life, and the church. No other study or exposition of the New Testament conveys the life nourishment or ushers the reader into the divine revelation of God's holy Word according to His New Testament economy as this one does.

Far Out Damon Knight 2011-09-29 What would you do if little men in purple uniforms filled your living room with impossible machinery? A machine made it possible to bury your crimes in the future? You were abandoned on an asteroid alone with a murderous living snake of metal?

To Serve Man Karl Wurf 1976-12-01 Some argue that cowboy meat is too tough to be served any other way, especially since the spices tend to kill the taste of whatever the donor may have been smoking, drinking, or chewing. Others discount this argument, but agree that Chili is a practical, quick way to serve Man in well-disguised form.

Meat of 1 reasonably well-muscle Cowboy, ground coarsely -- 15 pounds onions, chopped -- 10 cloves garlic, crushed -- 1/2 cup cooking oil -- 25 pounds pre-cooked kidney beans -- 25 pounds fresh tomatoes -- 2 oz. salt -- 6 to 12 oz. chili powder -- 2 oz. sugar -- 1/2 oz. pepper, freshly ground -- (Optional: 40 green bell peppers) -- (Optional: 3 tsp. paprika) On a frying grill or in a battery of skillets, brown onions, meat, and bell

peppers (cut up) if used, for about 5 minutes per batch. Peel and quarter tomatoes. Put tomatoes, beans with their cooking water, and 2-1/2 gallons additional water in large kettle or wash boiler (or divide among several smaller ones). The Road Cormac McCarthy 2007-03-20
WINNER OF THE PULITZER PRIZE •
NATIONAL BESTSELLER • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle).
• From the bestselling author of *The Passenger* A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father

and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's latest bestselling novels, *The Passenger* and *Stella Maris*.

The Social Function of Accounts John Flower
2017-05-25 Accountancy as presently practised is tied to the paradigm of modern financial capitalism with its reliance on market solutions and the maximization of the firm's profits, which are the fundamental causes of most these problems. *The Social Function of Accounts* argues that accountancy, as currently organized and practised, is failing society, both in Britain and in the world as a whole. Examining the current problems afflicting the world: financial crises and instability, global warming, degradation of the environment, growing

inequality, this book asks the question - what contribution does accountancy make to the solution of these problems? The book argues that the accountancy profession does not serve the public interest, notwithstanding its claim to this effect. The Social Function of Accounts argues that the moral responsibility of the accountant is analysed with reference to the principal theories of ethics continuing that the individual accountant has a moral responsibility to consider the impact of his actions on other people and on society as a whole. This responsibility is then analysed in a series of chapters dealing with four specific aspects of the matter: Distributive Justice, Sustainability, Financial reporting & the Accountancy Profession. Concluding with a call for the accountancy profession to adopt a new ethic of service to the public The Social Function of Accounts redraws the boundaries of current accounting literature and will be vital reading for academics, researchers and policy makers in

accounting and related disciplines.

God and Man at Yale William F. Buckley
2012-02-06 "For God, for country, and for Yale... in that order," William F. Buckley Jr. wrote as the dedication of his monumental work—a compendium of knowledge that still resonates within the halls of the Ivy League university that

tried to cover up its political and religious bias. In 1951, a twenty-five-year-old Yale graduate published his first book, which exposed the "extraordinarily irresponsible educational attitude" that prevailed at his alma mater. The book, *God and Man at Yale*, rocked the academic world and catapulted its young author, William F. Buckley Jr. into the public spotlight. Now, half a century later, read the extraordinary work that began the modern conservative movement. Buckley's harsh assessment of his alma mater divulged the reality behind the institution's wholly secular education, even within the religion department and divinity school. Unabashed, one former Yale student details the importance of Christianity and heralds the modern conservative movement in his preeminent tell-all, *God and Man at Yale: The Superstitions of "Academic Freedom."*

To Serve the Living Smith 2010-02-25 In the "hush harbors" of the slave quarters, African Americans first used funerals to bury their dead and to plan a path to freedom. Similarly, throughout the long struggle for racial equality in the 20th century, funeral directors aided the cause by honoring the dead while supporting the living. Here is their story.

To Serve Mankind Margaret Galloway 1986
Everything I Need to Know I Learned in the Twilight Zone Mark Dawidziak 2017-02-28 Can you live your life by what The Twilight Zone has to teach you? Yes, and maybe you should. The proof is in this lighthearted collection of life lessons, ground rules, inspirational thoughts, and stirring reminders found in Rod Serling's timeless fantasy series. Written by veteran TV critic, Mark Dawidziak, this unauthorized tribute is a celebration of the classic anthology show, but also, on another level, a kind of fifth-dimension self-help book, with each lesson supported by the morality tales told by Serling and his writers. The notion that "it's never too late to reinvent yourself" soars through "The Last Flight," in which a World War I flier who

goes forward in time and gets the chance to trade cowardice for heroism. A visit from an angel blares out the wisdom of "follow your passion" in "A Passage for Trumpet." The meaning of "divided we fall" is driven home with dramatic results when neighbors suspect neighbors of being invading aliens in "The Monsters Are Due on Maple Street." The old maxim about never judging a book by its cover is given a tasty twist when an alien tome is translated in "To Serve Man."
