Opening the Akashic Records Maureen J. St. Germain 2019-04-05 A clear and simple manual of precise instructions for accessing the Akashic Records and confirming the accuracy of the information you receive

- Details exercises, tools, and techniques to clear the energies blocking your access and tune to your Akashic Record Keepers
- Explains the specific markers that allow you to recognize your Record Keepers and to validate the information you receive, rather than "trusting" it to be true
- Provides guidance on accessing the Akashic Records on behalf of other people, how to ask questions, and how to handle the information as it comes in

The Akashic Records are a vast domain of energetic imprints much like a movie library, a living vibrational field that stores all possible futures, the present, and the past. As soon as your soul begins its life experience, a field of energy is released that records every thought, word, action, desire, and emotion. In this guide to opening the Akashic Records, Maureen St. Germain provides precise instructions explaining how to connect with your personal Record Keepers, gain clear access to the Akashic Records, discover information about you and your loved ones, and learn your soul's purpose. The author explains how outside energies can influence your connection to the Akashic Records. She details energetic clearing exercises to remove the energies blocking or shadowing your access and teaches the Higher Self Protocol to ensure an authentic channel of communication. She explores how to find the Record Keepers who will be the most helpful to you and provides techniques and tools, such as guided energy work, to prepare you for Akashic Record access, initiate you into the 5D mindset, and invite more accuracy and a stronger connection. She details the specific markers to look for to recognize genuine Akashic Librarians and to validate and confirm the information you receive, rather than simply "trusting" it to be true. She also provides guidance on accessing the Akashic Records on behalf of other people, how to ask questions, and how to handle the information as it comes in. Explaining why the Ascended Masters opened access to the Akashic Records to all of humanity and how their presence assists you, St. Germain shows how the intended purpose for working with the Akashic Records is for soul growth, not to "repair" your karma debts. By seeing your records and working with your Record Keepers, not only will you learn your soul's purpose and help solve the problems that crop up in everyday life and relationships, but you will amplify your spirituality and begin operating at a higher level in consciousness. Your work in the Akashic Records aids and assists in Earth's ascension.

Apprentice to the Masters Peter Mt. Shasta 2016-02-17 This is the latest revised edition of the true story of encounters with enlightened beings known in the East as Bodhisattvas, who have attained the Rainbow Body, yet who can and do appear in whatever form they are needed to assist humanity. These are the Gods of ancient myth, known in the West as Ascended Masters. Here are the adventures of one individual as the Masters bring him face to face with his own Higher Self—the I AM Presence. When the Master known as Saint Germain materialized before Peter Mt. Shasta in Muir Woods, his life was forever changed. Although offered liberation, he chose to remain and serve the Masters in their mission of preparing humanity for the coming changes. Consequently, he was sent to a woman in Mount Shasta by the name of Pearl for instruction. His training led him not only to inner retreats, but also into the world of business and film making in Hollywood. "Time and again the Masters force him to integrate the profoundest spiritual teachings into daily human life—often with hilarious and/or poignant results." -from the Foreword by Carl Marsak

Dyer explores, for the first time, the region of your highest self; and definitively shows you how you can truly change your concept of yourself, embark upon a God-realized way of living, and fulfill the spiritual truth that with God all things are possible—and "all things" means that nothing is left out. By practicing the specific technique for retraining your subconscious mind, you are encouraged to not only place into your imagination what you would like to manifest for yourself, but you are given the specifics for realigning your life so you can live out your highest calling and stay connected to your Source of being. From the lofty perspective of your highest self, you will learn how to train your imagination in a new way. Your wishes—all of them—can indeed be fulfilled. By using your imagination and practicing the art of assuming the feeling of your wishes being fulfilled, and steadfastly refusing to allow any evidence of the outer world to distract you from your intentions, you will discover that you, by virtue of your spiritual awareness, possess the ability to become the person you were destined to be. This book will

help you See—with a capital S—that you are Divine, and that you already possess an inner, invisible higher self that can and will guide you toward a mastery of the art of manifestation. You can attain this mastery through deliberate conscious control of your imagination!

From Childhood to Christhood Jocelyne Ranucci 2007-01-02 Jocelyne Ranucci saved her own life. Fed up with abusive relationships and dead end jobs, she set out to become the architect of her own salvation. Through a careful process of study and meditation she began to realize that we are all the creators of our own destiny, that we can learn to love and accept ourselves deeply, and that we can leave the destructive patterns of the past behind, forever. Her story is touching, her transformation profound. With great candor, warmth and wit she reveals the most intimate details of her personal struggle and shows us how we can bridge the gap between spirituality and every day life. She teaches us how to unleash the great healing power that lies buried deep within us so that we too can alter our path, conquer our fears and free our spirit, allowing us to embrace the joys and the serenity of the endless possibilities that lie ahead. Extract from the Kirkus review "Jocelyne Ranucci, the author experienced a rough childhood starved of love, approval and support; her mother was highly critical and manipulative and left her to fend for herself at the age of 16. Though she remained deeply convinced of her own value, the author began to realize that she was replicating in her adult relationships the damage she had suffered as a child. In order to overcome these negative patterns, she dedicated herself to her spiritual growth. Here, she shares her journey, the universal laws and divine resources she discovered and the ways in which she was able to reinvent her outlook on life. Ranucci's insights are compelling because they demonstrate how she has concretely improved her daily life, and she offers enough guidance for readers to begin their own journeys."

The Masters' Messenger Aruna Byers 2012-08-01 Could there truly be a powerful and transformative presence called the Ascended Master Saint Germain? What about the phenomenon of channeling, or the real possibility of living a life of awakened awareness? Anyone who has contemplated other ways to walk the world will find compelling insight on these questions and many others in *The Masters' Messenger: Emergence of an Awakened Channel*. Charting the awe-inspiring and wondrous journey of Aruna Byers, this self-termed Awakening Coach reveals how channeling paved the way to self-realization, which in turn transformed her life and her worldview. Merging Western and Eastern spirituality, *The Masters' Messenger: Emergence of an Awakened Channel* uncovers this fascinating topic in two parts. In the first Byers shares the highlights of her own story from childhood to marriage, how she began channeling Ascended Master Saint Germain, and how he transformed her ordinary life into an extraordinary one as he prepared her to meet Papaji, the final catalyst of her awakening. In the second part, she shares her practical unglossed discoveries about channeling and awakened awareness. At the crux of the book is the author's exploration of the world of channeling in order to either cease being deluded or discover what reality, if any, was behind the mystique. Byers ultimately discovered that channeling can make an important contribution to the human experience and that awakened awareness is the optimum platform for "clear" channeling. Byers takes the reader through a brief description of her early, dysfunctional days with a difficult and demanding mother, and into some of her young married life with college sweetheart and husband, Ron. As she wrestles with gaining a better perspective on her spirituality and her calling, the author slowly immerses herself in a world that draws the criticism of many naysayers around her. However, when Ascended Master Saint Germain presents himself, the author becomes profoundly convinced that her true path is unfolding. Soon, her life is transformed in ways she would never have imagined, and she forges a remarkable new road that culminated in her spiritual awakening. In the summer of 2002, she originated the term Awakening Coach. As readers follow her enthralling tale, the author mines the questions of why channeling happens and why people throughout the world are captivated by messages from beings that do

not walk the earth. Refreshingly honest and frequently humorous, her unprecedented foray into an often-debated realm will provide anyone with greater understanding of the significant relationship between channeling and spiritual awakening. A not to be overlooked bonus in this book is the detailed discussion of deepening an awakening—a critically important subject absent in most all literature of this kind. This deeply enriching, eye-opening guide to the consciousness of spiritual awakening is certain to resonate with readers keen to discover whether or not they themselves are truly awake.

I Am Affirmations MT. PETER. SHASTA 2019-12-27 Use "I Am" Affirmations to guide consciousness into manifestation - a process so simple even a child can accomplish miracles. To be effective as Masters we must cut through the illusion of a separate self identified with ego, and return to the consciousness of the Source, the I AM THAT I AM. In that oneness there is no separation between thought and reality, between energy and matter. You are one with all, and all is a part of you. Hence, your thoughts manifest instantaneously. The only obstacle to that manifestation is habitual identification with limitation. The purpose of this book is to give simple yet powerful instruction that will enable you to realize the purpose of your being and break the habitual identification with the lower self. Through meditation on these powerful affirmations you can make the transition to being the Higher Self in thought, word and deed. Use affirmations to say "Yes" to life, to what God wants to come forth. When you align your will with Divine Will every affirmation manifests results instantaneously.
