

To Appomattox Nine April Days 1865

Whispering the Strategies of Language: An Emotional Journey through **To Appomattox Nine April Days 1865**

In a digitally-driven earth where monitors reign great and immediate conversation drowns out the subtleties of language, the profound techniques and psychological nuances hidden within words frequently move unheard. However, situated within the pages of **To Appomattox Nine April Days 1865** a charming fictional value sporting with raw thoughts, lies an exceptional quest waiting to be undertaken. Written by an experienced wordsmith, that charming opus encourages visitors on an introspective trip, softly unraveling the veiled truths and profound impact resonating within the material of each word. Within the emotional depths of the poignant evaluation, we shall embark upon a heartfelt exploration of the book's primary themes, dissect its charming writing design, and fail to the effective resonance it evokes strong within the recesses of readers hearts.

Sherman's March Through the Carolinas John G. Barrett 2014-02-01 In retrospect, General William Tecumseh Sherman considered his march through the Carolinas the greatest of his military feats, greater even than the Georgia campaign. When he set out northward from Savannah with 60,000 veteran soldiers in January 1865, he was more convinced than ever that the bold application of his ideas of total war could speedily end the conflict. John Barrett's story of what happened in the three months that followed is based on printed memoirs and documentary records of those who fought and of the civilians who lived in the path of Sherman's onslaught. The burning of Columbia, the battle of Bentonville, and Joseph E. Johnston's surrender nine days after Appomattox are at the center of the story, but Barrett also focuses on other aspects of the campaign, such as the undisciplined pillaging of the 'bummers,' and on its effects on local populations.

The Fifth Massachusetts Colored Cavalry in the Civil War Steven M. LaBarre 2016-07-19 In January 1863, a long-anticipated military order arrived on the desk of Massachusetts Governor John Andrew. President Lincoln's secretary of war, Edwin Stanton, had granted the governor authority to raise regiments of black soldiers. Two units--the 54th and 55th Massachusetts Infantry--were soon mustered and in December, Andrew issued General Order No. 44, announcing "a Regiment of Cavalry Volunteers, to be composed of men of color...is now in the

process of recruitment in the Commonwealth." Drawing on letters, diaries, memoirs and official reports, this book provides the first full-length regimental history of the Fifth Massachusetts Cavalry--its organization, participation in the Petersburg campaign and the guarding of prisoners at Point Lookout, Maryland, and its triumphant ride into Richmond. Accounts of the postwar lives of many of the men are included. **April 1865** Jay Winik 2010-11-16 One month in 1865 witnessed the frenzied fall of Richmond, a daring last-ditch Southern plan for guerrilla warfare, Lee's harrowing retreat, and then, Appomattox. It saw Lincoln's assassination just five days later and a near-successful plot to decapitate the Union government, followed by chaos and coup fears in the North, collapsed negotiations and continued bloodshed in the South, and finally, the start of national reconciliation. In the end, April 1865 emerged as not just the tale of the war's denouement, but the story of the making of our nation. Jay Winik offers a brilliant new look at the Civil War's final days that will forever change the way we see the war's end and the nation's new beginning. Uniquely set within the larger sweep of history and filled with rich profiles of outsize figures, fresh iconoclastic scholarship, and a gripping narrative, this is a masterful account of the thirty most pivotal days in the life of the United States.

Lee's Last Retreat William Marvel 2006-02-01 Few events in Civil War history have generated such deliberate mythmaking as the retreat that

ended at Appomattox. As the popular imagination would have it, Robert E. Lee's tattered, starving, but devoted troops found themselves hopelessly surrounded thro

brilliant narrative, Amanda Foreman tells the

fascinating story of the American Civil War—and

the major role played by Britain and its citizens

in that epic struggle. Between 1861 and 1865,

thousands of British citizens volunteered for

service on both sides of the Civil War. From the

first cannon blasts on Fort Sumter to Lee's

surrender at Appomattox, they served as officers

and infantrymen, sailors and nurses, blockade

runners and spies. Through personal letters,

diaries, and journals, Foreman introduces

characters both humble and grand, while

crafting a panoramic yet intimate view of the

war on the front lines, in the prison camps, and

in the great cities of both the Union and the

Confederacy. In the drawing rooms of London

and the offices of Washington, on muddy fields

and aboard packed ships, Foreman reveals the

decisions made, the beliefs held and contested,

and the personal triumphs and sacrifices that

ultimately led to the reunification of America.

The Era of the Civil War--1820-1876 Louise A.

Arnold-Friend 1982

The American Civil War Steven E. Woodworth

1996-12-09 The single most important volume for anyone interested in the Civil War to own and consult. (From the foreword by James M. McPherson) The first guide to Civil War literature to appear in nearly 30 years, this book provides the most comprehensive, up-to-date, and informative survey and analysis of the vast body of Civil War literature. More than 40 essays, each by a specialist in a particular subfield of Civil War history, offer unmatched thoroughness and discerning assessments of each work's value. The essays cover every aspect of the war from strategy, tactics, and battles to logistics, intelligence, supply, and prisoner-of-war camps, from generals and admirals to the men in the ranks, from the Atlantic to the Far West, from fighting fronts to the home front. Some sections cover civilian leaders, the economy, and foreign policy, while others deal with the causes of war and aspects of Reconstruction, including the African-American experience during and after the war. Breadth of topics is matched by breadth of genres covered. Essays discuss surveys of the war, general reference works, published and unpublished papers, diaries and letters, as well as the vast body of monographic literature, including books, dissertations, and articles. Genealogical sources, historical fiction, and video and audio recordings also receive attention. Students of the American Civil War will find this work an indispensable gateway and guide to the enormous body of information on America's pivotal experience.

To Appomattox Burke Davis 1959

Appomattox Michael E. Haskew 2015-03 They endured hardship and deprivation as they fought for their home and ideals - relive the final days of the Army of Northern Virginia. Appomattox: The Last Days of Robert E. Lee's Army of Northern Virginia encompasses the defense and evacuation of the Confederate capital of Richmond, the horrific combat in the trenches of Petersburg, General Robert E. Lee's withdrawal toward the Carolinas in his forlorn hope of a rendezvous with General Joseph E. Johnston's Army of Tennessee to carry on the fight, the relentless pursuit of Union forces, and the ultimate realization that further resistance against overwhelming odds was futile. The Army of Northern Virginia was the fighting soul of the Confederacy in the Eastern Theater of the Civil

War. From its inception, it fought against overwhelming odds. Union forces might have occupied territory, but as long as the Confederate army was active in the field, the rebellion was alive. Through four years of bitter conflict, the Army of Northern Virginia and its longtime commander, General Robert E. Lee, became the stuff of legend. By April 1865, its days were numbered. There are many stories of heroism and sacrifice, both Union and Confederate, during the Civil War, and Robert E. Lee and the Army of Northern Virginia wrote their own epic chapter. Author Michael E. Haskew, a researcher, writer, and editor of many military history subjects for over twenty years, puts the hardship and deprivation suffered by this Army's soldiers while defending their home and ideals into proper perspective. The Last Citadel Noah Andre Trudeau 2014-12-19 This revised Sesquicentennial edition of Noah Andre Trudeau's *The Last Citadel*, which includes updated text, redrawn maps, and new material, is a groundbreaking study of the most extensive military operation of the Civil War—the investment of Petersburg, Virginia. The Petersburg campaign began on June 9, 1864, and ended on April 3, 1865, when Federal troops at last entered the city. It was the longest and most costly siege ever to take place on North American soil, yet it has been overshadowed by other actions that occurred at the same time period, most notably Sherman's famous "March to the Sea," and Sheridan's celebrated Shenandoah Valley campaign. The ten-month Petersburg affair witnessed many more combat actions than the other two combined, and involved an average of 170,000 soldiers, not to mention thousands of civilians who were also caught up in the maelstrom. By its bloody end, the Petersburg campaign would add more than 70,000 casualties to the war's total. Petersburg was the key to the war in the East. It lay astride five major railroad lines that in turn supplied the Confederate capital, Richmond. Were Petersburg to fall, these vital arteries would be severed, and Richmond doomed. With the same dogged determination that had seen him through the terrible Overland Campaign, Lieutenant General Ulysses S. Grant fixed his sights on the capture of Petersburg. Grant's opponent, General Robert E. Lee, was

equally determined that the "Cockade City" would not fall. Trudeau crafts his dramatic and moving story largely through the words of the men and women who were there, including officers, common soldiers, and the residents of Petersburg. What emerges is an epic account rich in human incident and adventure. Based on exhaustive research into official records and unpublished memoirs, letters, and diaries, as well as published recollections and regimental histories, *The Last Citadel* also includes 23 maps and a choice selection of drawings by on-the-spot combat artists. With *The Last Citadel*, the Petersburg campaign at last emerges from the shadows to take its rightful place among the unforgettable sagas of the Civil War.

Riders in the Storm John D. Warner Jr. 2022-05-15 The service of African-American soldiers during the Civil War is one of that conflict's most stirring, if still not completely understood, aspects. In this comprehensive account—from recruitment into combat, and covering all the military, political, and social aspects of this story—John D. Warner recounts the history of the 5th Massachusetts Cavalry Regiment, the only Black cavalry regiment raised in the North during the war. After Massachusetts made history with the 54th and 55th Infantry Regiments, its governor wanted to continue the experiment of training African-Americans as Union fighting men, this time as cavalry. Where the infantry regiments recruited largely free Blacks from the North, the 5th focused on escaped slaves who it was believed would be better horsemen. (But not solely: the regiment's members included a son of Frederick Douglass and, interestingly, several Hawaiian islanders.) This gave the regiment a sharper edge: not only would the former slaves be fighting for themselves, but they would be fighting to liberate loved ones still enslaved. The 5th's officers were drawn from Boston's abolitionist elite, including Charles Francis Adams Jr., great-grandson and grandson of U.S. presidents, son of the U.S. ambassador to the United Kingdom. In the spring of 1864, the regiment journeyed south and fought in Grant's siege of Petersburg, where it joined attacks that nearly took the city in June. The 5th was then abruptly sent to Maryland to guard Confederate prisoners of war, until Col. Charles Francis

Adams advocated for, and was granted, a return to combat duty. As part of the mostly Black XXV Corps, the cavalymen found themselves at the vanguard of the Union army as it captured Richmond. On April 3, 1865, the 5th Massachusetts Cavalry Regiment was among the first units to enter the burning Confederate capital, at once a hellscape of destruction and a heaven for liberated slaves. Denied the rapid demobilization granted white regiments, the 5th ended the war in Texas on the Mexican border. In the spirit of the book *One Gallant Rush* and the movie *Glory*, *Riders in the Storm* covers—uncovers and indeed recovers—the story of the African-American cavalymen of the 5th Massachusetts. Author John Warner has literal fingertip command of the primary sources, and after spending two decades researching letters, diaries, reports, newspapers, and more, he tells a story of resilience in the face of adversity, one that will resonate not just during the present moment of reckoning with race in the United States, but in the annals of American history for all time.

Lincoln's Greatest Journey Noah Andre Trudeau 2016-08-15 From a New York Times–bestselling author, “a vivid account of Lincoln’s sixteen days at the front in Virginia” (James McPherson, Pulitzer Prize–winning author of *Battle Cry of Freedom*). March 1865: The United States was at a crossroads and, truth be told, Abraham Lincoln was a sick man. I am very unwell, he confided to a close acquaintance. A vast and terrible civil war was winding down, leaving momentous questions for a war-weary president to address. A timely invitation from Gen. Ulysses S. Grant provided the impetus for an escape to City Point, Virginia, a journey from which Abraham Lincoln drew much more than he ever expected. This book offers the first comprehensive account of a momentous time in his presidency. Lincoln made the trip to escape the constant interruptions in the capital that were draining his vitality, and to make his personal amends for presiding over the most destructive war in American history in order to save the nation. Lincoln returned to Washington sixteen days later with a renewed sense of purpose, urgency, and direction that would fundamentally shape his second-term agenda. This was his longest break from the White House

since he had taken office, and until now little has been known about it. *Lincoln’s Greatest Journey* represents the most extensively researched and detailed story of these decisive sixteen days at City Point, in a narrative laden with many previously unpublished accounts that fill in gaps and clear up misconceptions. A fresh, more complete picture of Lincoln emerges, set against a dramatically new narrative of what really happened during those last weeks of his life. *Handbook* 1979

They Called Him Stonewall Burke Davis 2016-03-29 The New York Times–bestselling biography of the South’s most brilliant and audacious military commander: “Completely fascinating” (Kirkus Reviews). With the exception of Robert E. Lee, no Confederate general was more feared or admired than Thomas “Stonewall” Jackson. Once derisively known as “Tom Fool,” Jackson was an innovative battlefield strategist who struck terror in the hearts of Union army commanders and inspired Confederate soldiers to victory after victory in the early days of the Civil War. A fanatically religious man, Jackson prayed at the start and conclusion of every battle—yet showed no mercy when confronting the enemy. Eccentric, enigmatic, and fiercely intelligent, he became the stuff of legend soon after he died from wounds suffered during the Battle of Chancellorsville; his untimely death would help to change the course of the conflict. Based on a wealth of first-person sources, including Jackson’s private papers and correspondences, and the memoirs of family, friends, and colleagues, *They Called Him Stonewall* is a masterful portrait of the man behind the myth. *Lee's Miserables* J. Tracy Power 2015-01-01 Never did so large a proportion of the American population leave home for an extended period and produce such a detailed record of its experiences in the form of correspondence, diaries, and other papers as during the Civil War. Based on research in more than 1,200 wartime letters and diaries by more than 400 Confederate officers and enlisted men, this book offers a compelling social history of Robert E. Lee’s Army of Northern Virginia during its final year, from May 1864 to April 1865. Organized in a chronological framework, the book uses the words of the soldiers themselves to provide a

view of the army's experiences in camp, on the march, in combat, and under siege--from the battles in the Wilderness to the final retreat to Appomattox. It sheds new light on such questions as the state of morale in the army, the causes of desertion, ties between the army and the home front, the debate over arming black men in the Confederacy, and the causes of Confederate defeat. Remarkably rich and detailed, Lee's Miserables offers a fresh look at one of the most-studied Civil War armies.

Sherman's March Burke Davis 2016-03-29 A New York Times--bestselling author's account of the devastating military campaign that broke the Confederacy's back in the last months of the Civil War. In November 1864, just days after the reelection of President Abraham Lincoln, Gen. William T. Sherman vowed to "make Georgia howl." The hero of Shiloh and his 65,000 Federal troops destroyed the great city of Atlanta, captured Savannah, and cut a wide swath of destruction through Georgia and the Carolinas on their way to Virginia. A scorched-earth campaign that continues to haunt the Southern imagination, Sherman's "March to the Sea" and ensuing drive north was a crucial turning point in the War between the States. Weaving together hundreds of eyewitness accounts, bestselling author Burke Davis tells the story of this infamous episode from the perspective of the Union soldiers and the Confederate men and women who stood in their path. Eloquent, heartrending, and vastly informative, Sherman's March brilliantly examines one of the most polarizing figures in American military history and offers priceless insights into the enduring legacy of the Civil War.

The Era of the Civil War--1820-1876 US Army Military History Research Collection 1974 Victors in Blue Albert Castel 2015-11-20 Make no mistake, the Confederacy had the will and valor to fight. But the Union had the manpower, the money, the materiel, and, most important, the generals. Although the South had arguably the best commander in the Civil War in Robert E. Lee, the North's full house beat their one-of-a-kind. Flawed individually, the Union's top officers nevertheless proved collectively superior across a diverse array of battlefields and ultimately produced a victory for the Union. Now acclaimed author Albert Castel brings his inimitable style, insight, and wit to a new reconsideration of these generals. With the assistance of Brooks Simpson, another leading light in this field, Castel has produced a remarkable capstone volume to a distinguished career. In it, he reassesses how battles and campaigns forged a decisive Northern victory, reevaluates the generalship of the victors, and lays bare the sometimes vicious rivalries among the Union generals and their effect on the war. From Shiloh to the Shenandoah, Chickamauga to Chattanooga, Castel provides fresh accounts of how the Union commanders--especially Grant, Sherman, Sheridan, Thomas, and Meade but also Halleck, Schofield, and Rosecrans--outmaneuvered and outfought their Confederate opponents. He asks of each why he won: Was it through superior skill, strength of arms, enemy blunders, or sheer chance? What were his objectives and how did he realize them? Did he accomplish more or less than could be expected under the circumstances? And if less, what could he have done to achieve more--and why did he not do it? Castel also sheds new light on the war within the war: the intense rivalries in the upper

ranks, complicated by the presence in the army of high-ranking non-West Pointers with political wagons attached to the stars on their shoulders. A decade in the writing, *Victors in Blue* brims with novel, even outrageous interpretations that are sure to stir debate. As certain as the Union achieved victory, it will inform, provoke, and enliven sesquicentennial discussions of the Civil War.

Ends of War Caroline E. Janney 2021-09-13 The Army of Northern Virginia's chaotic dispersal began even before Lee and Grant met at Appomattox Court House. As the Confederates had pushed west at a relentless pace for nearly a week, thousands of wounded and exhausted men fell out of the ranks. When word spread that Lee planned to surrender, most remaining troops stacked their arms and accepted paroles allowing them to return home, even as they lamented the loss of their country and cause. But others broke south and west, hoping to continue the fight. Fearing a guerrilla war, Grant extended the generous Appomattox terms to every rebel who would surrender himself. Provost marshals fanned out across Virginia and beyond, seeking nearly 18,000 of Lee's men who had yet to surrender. But the shock of Lincoln's assassination led Northern authorities to see threats of new rebellion in every rail depot and harbor where Confederates gathered for transport, even among those already paroled. While Federal troops struggled to keep order and sustain a fragile peace, their newly surrendered adversaries seethed with anger and confusion at the sight of Union troops occupying their towns and former slaves celebrating freedom. In this dramatic new history of the weeks and months after Appomattox, Caroline E. Janney reveals that Lee's surrender was less an ending than the start of an interregnum marked by military and political uncertainty, legal and logistical confusion, and continued outbursts of violence. Janney takes readers from the deliberations of government and military authorities to the ground-level experiences of common soldiers. Ultimately, what unfolds is the messy birth narrative of the Lost Cause, laying the groundwork for the defiant resilience of rebellion in the years that followed.

A Companion to the U.S. Civil War Aaron Sheehan-Dean 2014-02-05 A Companion to the

U.S. Civil War presents a comprehensive historiographical collection of essays covering all major military, political, social, and economic aspects of the American Civil War (1861-1865). Represents the most comprehensive coverage available relating to all aspects of the U.S. Civil War Features contributions from dozens of experts in Civil War scholarship Covers major campaigns and battles, and military and political figures, as well as non-military aspects of the conflict such as gender, emancipation, literature, ethnicity, slavery, and memory

Petersburg to Appomattox Caroline E. Janney 2018-03-14 The last days of fighting in the Civil War's eastern theater have been wrapped in mythology since the moment of Lee's surrender to Grant at Appomattox Court House. War veterans and generations of historians alike have focused on the seemingly inevitable defeat of the Confederacy after Lee's flight from Petersburg and recalled the generous surrender terms set forth by Grant, thought to facilitate peace and to establish the groundwork for sectional reconciliation. But this volume of essays by leading scholars of the Civil War era offers a fresh and nuanced view of the eastern war's closing chapter. Assessing events from the siege of Petersburg to the immediate aftermath of Lee's surrender, *Petersburg to Appomattox* blends military, social, cultural, and political history to reassess the ways in which the war ended and examines anew the meanings attached to one of the Civil War's most significant sites, Appomattox. Contributors are Peter S. Carmichael, William W. Bergen, Susannah J. Ural, Wayne Wei-Siang Hsieh, William C. Davis, Keith Bohannon, Caroline E. Janney, Stephen Cushman, and Elizabeth R. Varon.

Sherman's March Burke Davis 1988-05-12 *Sherman's March* is the vivid narrative of General William T. Sherman's devastating sweep through Georgia and the Carolinas in the closing days of the Civil War. Weaving together hundreds of eyewitness stories, Burke Davis graphically brings to life the dramatic experiences of the 65,000 Federal troops who plundered their way through the South and those of the anguished -- and often defiant -- Confederate women and men who sought to protect themselves and their family treasures,

usually in vain. Dominating these events is the general himself -- "Uncle Billy" to his troops, the devil incarnate -- the Southerners he encountered. "What gives this narrative its unusual richness is the author's collation of hundreds of eyewitness accounts...The actions are described in the words, often picturesque and often eloquent, of those who were there, either as participants -- Union soldiers, Confederate soldiers -- in the fighting and destruction or as victims of Sherman's frank vow to 'make Georgia howl.' Mr. Davis intercuts these scenes with closeups of the chief actors in this nightmarish drama, and he also manages to give us a coherent historical account of the whole episode. A powerful illustration of the proposition put forth in Sherman's most famous remark." -- The New Yorker

To Appomattox; Nine April Days, 1865 Burke Davis 1960

The Long Surrender Burke Davis 2016-03-29 A panoramic and spellbinding history of the last days of the Confederacy and the flight, capture, and imprisonment of Jefferson Davis In April 1865, Richmond fell to the Union army and Gen. Robert E. Lee surrendered to his Northern counterpart, Ulysses S. Grant, at the Appomattox Court House. But the Civil War was far from over. Determined to keep Confederate dreams of secession alive, President Jefferson Davis and his cabinet fled the burning capital city. With Union troops in pursuit, the fugitives rallied loyalists across the South and made plans to escape to Cuba. In the aftermath of President Abraham Lincoln's assassination, a \$100,000 bounty was placed on Davis's head. Finally captured in Irwinville, Georgia, the former US senator and secretary of war became a prisoner of the American government. The harsh treatment he received would inflame tensions between North and South for years to come. Meticulously researched and brilliantly told, *The Long Surrender* brings these dramatic events to vivid, unforgettable life and paints a fascinating portrait of Davis, one of history's most enigmatic figures. By shining a light on this forgotten chapter of the Civil War, bestselling author Burke Davis examines the lasting impact of America's bloodiest conflict on the national character.

The Cavalry at Appomattox Edward G. Longacre

2003 The final campaign of the American Civil War in the eastern theatre witnessed the zenith of American cavalry warfare, the salient aspect of the operation. The Appomattox Campaign not only determined whether the conflict would continue, but also which army had better assimilated the intricate, difficult lessons of mounted service. The outcome indicated why the Union troopers emerged victorious: They displayed greater tactical versatility -- the ability to fight mounted and afoot -- whereas the Confederate horsemen considered the outdated 'saber charge' the essence of mounted battle.

Virginia at War, 1865 William Davis

2012-01-01 Kent Hollingsworth captures the flavor and atmosphere of the Sport of Kings in the dramatic account of the development of the Thoroughbred in Kentucky. Ranging from frontier days, when racing was conducted in open fields as horse-to-horse challenges between proud owners, to the present, when a potential Triple Crown champion may sell for millions of dollars, *The Kentucky Thoroughbred* considers ten outstanding stallions that dominated the shape of racing in their time as representing the many eras of Kentucky Thoroughbred breeding. No less colorful are his accounts of the owners, breeders, trainers, and jockeys associated with these Thoroughbreds, a group devoted to a sport filled with high adventure and great hazards. First published in 1976, this popular Kentucky classic has been expanded and brought up to date in this new edition.

Willie McLean and the Civil War Surrender

Candice F. Ransom 2004-09-01 Relates how, in 1865, a boy named Willie McLean watched as General Robert E. Lee surrendered his army to General Ulysses S. Grant to end the Civil War.

The Five Forks Campaign and the Fall of Petersburg Edwin C. Bearss 2014-03-12 The wide-ranging and largely ignored operations around Petersburg, Virginia, were the longest and most extensive of the entire Civil War. The fighting began in June of 1864, when advance elements from the Union Army of the Potomac crossed the James River and botched a series of

attacks against a thinly defended city. The fighting ended nine long months later in the first days of April of 1865. The Five Forks Campaign and the Fall of Petersburg, March 29 - April 2, 1865, includes the final major operation that turned Lee's right flank, cut his final railroad lifeline, and resulted in the loss of Petersburg and Richmond. In addition to original maps and photos, this book includes a complete chapter on the April 1 VI Corps "Breakthrough" and a special postscript by historian Chris Calkins on the retreat to Appomattox.

Historical Dictionary of the Civil War and Reconstruction William L. Richter 2011-12-01

The second edition of this highly readable, one-volume Historical Dictionary of the Civil War and Reconstruction looks to place the war in its historical context. The more than 800 entries, encompassing the years 1844-1877, cover the significant events, persons, politics, and economic and social themes of the Civil War and Reconstruction. An extensive chronology, introductory essay, and comprehensive bibliography supplement the cross-referenced dictionary entries to guide the reader through the military and non-military actions of one of the most pivotal events in American history. The dictionary concludes with a selection of primary documents. This book is an excellent access point for students, researchers, and anyone wanting to know more about the Civil War and Reconstruction.

Wandering to Glory Dewitt Boyd Stone 2002 In *Wandering to Glory* DeWitt Boyd Stone, Jr., pieces together the words of officers and soldiers in an imaginative, nontraditional brigade history of one of the Confederacy's most active combat troops. Stone blends firsthand accounts from a variety of sources to tell the colorful story of Brigadier General Nathan George Shanks Evans and his Tramp Brigade. An independent South Carolina unit never permanently attached to a particular army, Evans's Brigade traveled widely, making its way from one frontline to another and earning its nickname. Stone profiles the unit's accomplished but egotistical commander, who gained fame as a hero at the First Battle of Manassas, and traces its impressive war record, which began at Second Manassas and included its moment of glory at ground zero during the Battle of the

Crater, at Petersburg, Virginia. Nearly ten percent of all South Carolinians who fought in the Confederate army were members of Evan's Brigade, which included South Carolina's 17th, 18th, 22nd, and 23rd Regiments, the Macbeth Light Artillery, and the infantry companies of the Holcombe Legion. Later the 26th Regiment of South Carolina Volunteers joined the unit. The troops numbered

Marine! Burke Davis 2016-03-29 The gripping story of an extraordinary American hero, the most decorated man in US Marine Corps history, from a New York Times–bestselling author. “We are flanked on both sides by an enemy that outnumbers us 29:1. They can’t get away from us now!” —Lewis B. “Chesty” Puller, USMC In the glorious chronicles of the US Marine Corps, no name is more revered than that of Lt. Gen. Lewis B. “Chesty” Puller. The only fighting man to receive the Navy Cross five separate times—a military honor second only to the Congressional Medal of Honor—he was the epitome of a professional warrior. A son of the South, descendant of Robert E. Lee, and cousin to George S. Patton, Puller began his enlisted career during World War I and moved up through the ranks as he proved his battlefield mettle in Haiti and Nicaragua, with the Horse Marines in Peking, in the Pacific Theater of World War II, and in the nightmarish winter engagements of the Korean War. Fearless and seemingly indestructible, adored by the troops he championed yet forced into early retirement by a high command that resented his “lowly” beginnings and unwillingness to play politics, Puller remains one of most towering figures in American military history. Bestselling military biographer Burke Davis paints the definitive portrait of this extraordinary marine hero.

Citizen Lincoln Ward McAfee 2004 In modern times, some critics have belittled Abraham Lincoln's antislavery resolve as shallow. Some have portrayed him as a passive president, waiting upon the bold initiatives of others. 'Citizen Lincoln' regards him differently. First, it portrays Lincoln's animus against slavery as

rooted in the highest ideals of the American Revolution, which he saw as being corrupted in his own time. Second, it analyses Lincoln's supposed 'passivity' as more aptly defined as wise caution. Lincoln learned as a legislator, first in Illinois and later in the United States Congress, that bold initiatives often backfire and fail to fulfil original intentions. In the state legislature, Lincoln supported a dramatic internal-improvements project that collapsed in the midst of a national depression. Lincoln also boldly opposed the Mexican War in Congress, only to see his cause evaporate as soon as a peace treaty was drafted with Mexico. In both instances, his timing was faulty. He had rushed into taking rigid policy positions when greater caution would have reaped better results. But in both instances, he learned lessons that would hold him in good stead later. Lincoln as president was wisely cautious, knowing that bold action could only disrupt the delicate coalition that kept the Union cause moving forward to victory. Harriet Beecher Stowe described Lincoln's unique strength as "swaying to every influence, yielding on this side and on that to popular needs, yet tenaciously and inflexibly bound to carry its great end". She wisely added that no other kind of strength could have seen the nation through the worst trial in its history. In filling this role, Abraham Lincoln fulfilled that which he had long regarded as his personal mission within the larger context of his nation's providential destiny.

To Appomattox Burke Davis 2016-03-29 A gripping account of the last nine days of the Civil War from the New York Times–bestselling author of Sherman’s March. After four long years of fighting, the Army of Northern Virginia was irreparably broken in April 1865, despite the military brilliance of its commander, Gen. Robert E. Lee. Acclaimed author Burke Davis recounts the last days leading up to Lee’s surrender to Union army commander Ulysses S. Grant in this riveting and uniquely revealing journey down the final road to Appomattox Court House. Beginning his remarkable saga during the decisive Siege of Petersburg, Davis chronicles the last days of the War between the States in intimate and unforgettable detail. Drawing on a wide array of voices—from frontline soldiers and battlefield commanders to

presidents Abraham Lincoln and Jefferson Davis to regular citizens in the North and the South—*To Appomattox* vividly captures the human stories behind one of the most enthralling chapters in American history.
