Shoshone, and Other Western Wonders (Classic Reprint) Edwards Roberts 2015-08-05 Excerpt from Shoshone, and Other Western Wonders In the preface to his volume called the "Oregon Trail," - one of the most delightful of his books, by the way, and one which should be regularly sold on the "overland trains" of the Union Pacific, - the historian Parkman describes how, shortly after graduation, he, in company with his cousin and classmate, Quincy A. Shaw, was one day journeying in the then wilderness, which is now Eastern Colorado. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. Railroading Religion David Walker 2019-08-13 Railroads, tourism, and government bureaucracy combined to create modern religion in the American West, argues David Walker in this innovative study of Mormonism's ascendancy in the railroad era. The center of his story is Corinne, Utah—an end-of-the-track, hell-on-wheels railroad town founded by anti-Mormon businessmen. In the disputes over this town's frontier survival, Walker discovers intense efforts by a variety of theological, political, and economic interest groups to challenge or secure Mormonism's standing in the West. Though Corinne's founders hoped to leverage industrial capital to overthrow Mormon theocracy, the town became the site of a very different dream. Economic and political victory in the West required the production of knowledge about different religious groups settling in its lands. As ordinary Americans advanced their own theories about Mormondom, they contributed to the rise of religion itself as a category of popular and scholarly imagination. At the same time, new and advantageous railroad-related alliances catalyzed LDS Church officials to build increasingly dynamic religious institutions. Through scrupulous research and wide-ranging theoretical engagement, Walker shows that western railroads did not eradicate or diminish Mormon power. To the contrary, railroad promoters helped establish Mormonism as a normative American religion.
