Adventuring with Books Amy A. McClure 2002 In this 13th edition of "Adventuring with Books," teachers and librarians will find descriptions of more than 850 texts (published between 1999 and 2001) suitable for student use in background research, unit study, or pleasure reading, and children will find books that delight, amuse, and entertain. The texts described in the book are divided into 24 general topics, including Science Nonfiction; Struggle and Survival; Fantasy Literature; Sports; Games and Hobbies; and Mathematics in Our World. To highlight literature that reflects the schools' multiple ethnicities, the booklist also introduces readers to recent literature that celebrates African American, Asian and Pacific Island, Hispanic American, and indigenous cultures. Each chapter begins with a brief list of selection criteria, a streamlined list of all annotated titles in that chapter, and an introduction in which chapter editors discuss their criteria and the status of available books in that subject area. While the reviews were written by adults, the voices and opinions of children are often included as well, lending credence to adult choices of the quality children's books. A belief that transcends the boundaries of religion. Transcends the dogma. Transcends the differences. We have heard all we need to hear about what divides us. The Amazing Faith of Texas is about what unites us. From tiny churches on dusty back roads to the mega churches along our cities' highways, from temples, mosques, and synagogues--Amazing Faith is a look at our places of worship and a listen to the stories that bring Texans to their faith. From the desert of West Texas to the pines of East Texas, from the Panhandle to the border, The Amazing Faith of Texas is an exploration of common ground on higher ground.
