The Ulster Port Books, 1612-15 Robert John Hunter 2012 The Early seventeenth-century port books for Londonderry, Coleraine, Carrickfergus and the Lecale ports are an underrated source which have been underutilised by historians of the early seventeenth century. As Robert Hunter himself highlighted, they can be used to establish the character of the merchant class of the emerging plantation towns and the incipient commercialisation which was one of the characteristics of plantation. They can also be used, as names are gradually identified, to indicate the hinterlands of the Ulster ports, for example, Strabane merchants trading through Derry.

Cases and Materials on the Carriage of Goods By Sea Martin Dockray 2013-03-04 Cases Materials on the Carriage of Goods by Sea includes a collection of legislative material, standard form contracts and up-to-date coverage of English case law. It covers the major areas of chartering and bills of lading, as well as matters such as exclusion and limitation of liability. This edition has been comprehensively updated and adds the

latest cases to its strong coverage of classic authorities. Notable additions in the chapters dealing with bills of lading include *The Starsin*, *The Rafaela S*, *Motis Exports* and *The David Agmashenebeli*. On the Carriage of Goods by Sea Act 1924, the important decisions of *The Berge Sisar* and *East West Corp* are incorporated, while key recent decisions on chartering, such as *The Hill Harmony*, *The Happy Day* and *The Stolt Spur* are fully treated. This book provides an up-to-date collection of materials relating to the carriage of goods by sea which will be of value to both students of law and legal practitioners.

Security and Technology in Arctic Governance

Stefan Kirchner 2022-08 Because the impact of climate change is felt acutely in the Arctic, this region has gained increasing global attention in recent years. Since the last days of the Cold War, a particular system of international governance that includes local stakeholders, in particular indigenous peoples, and that transcends political divisions, has been created among the Arctic states. In *Security and Technology in Arctic Governance*, researchers from different disciplines investigate current and emerging challenges for the governance of the Arctic that are connected to security concerns and the use of modern technology.

Leaving Port Captain Charles Gallagher USNR (Ret.) 2020-09-26 In 1961, Charles Gallagher graduated from the Naval Academy at the age of 20. Little did he know that after his first ship completed a Mediterranean cruise, it would be the first ship to leave port under emergency Top Secret orders for a mission that turned out to be the Cuban Missile Crisis . . . and that he would

be part of an unfolding, thrilling, terrifying scenario that involved forcing a Russian submarine to surface. And that amazing story is only one of the remarkable exploits described in this gripping memoir. Follow Charles as he searches for a lost hydrogen bomb, obeys surprise orders to transfer to a US submarine in the middle of the Atlantic, accepts an assignment to be embedded in a Vietnamese River Assault Group, and more. Although Captain Gallagher left active duty in 1970, his memories of service are as vivid and compelling as a Tom Clancy novel—and better yet, every word is true!
