More Than a Rose Heather Robertson 1992

The American Jewish Year Book 1992 The American Jewish Committee 1992-09 The Library owns the volumes of the American Jewish Yearbook from 1899 - current.

The Oxford Dictionary of Idioms Judith Siefring 2005-11-10 Did you know that 'flavour of the month' originated in a marketing campaign in American ice-cream parlours in the 1940s, when a particular flavour would be specially promoted for a month at a time? And did you know that 'off the cuff' refers to the rather messy practice of writing impromptu notes on one's shirt cuff before speaking in public? These and many more idioms are explained and put into context in this second edition of the Oxford Dictionary of Idioms. This vastly entertaining dictionary takes a fresh look at the idiomatic phrases and sayings that make English such a rich and intriguing language. A major new edition, it contains entries for over 5000 idioms, including 350 new entries and over 500 new quotations. The text has been updated to include many new idioms using the findings of the Oxford English Reading Programme, the biggest language research programme in the world. The entries are supported by a wealth of illustrative quotations from a wide range of sources and periods. For example: 'Rowling has not been asleep at the wheel in the three years since the last Potter novel, and I am pleased to report that she has not confused sheer length with inspiration.' - Guardian, 2003. 'I made the speech of a lifetime. I had them tearing up the seats and rolling in the aisles.' - P.G. Woodhouse, 1940. Many entries include boxed features which give more detailed background on the idiom in question. For example, did you know that 'taken aback' was adopted from nautical terminology, and described a ship unable to move forward because of a strong headwind pressing its sails back against the mast? The text has been entirely redesigned so that it is both elegant and easy to use. Anyone interested in the quirky side of the English language will have hours of fun browsing through this fascinating and informative volume.

The Day of the Dead Jo Farb Hernandez 1979

How to Have a Good Day Caroline Webb 2016-02-02 In *How to Have a Good Day*, economist and former McKinsey partner Caroline Webb shows readers how to use recent findings from behavioral economics, psychology, and neuroscience to transform our approach to everyday working life. Advances in behavioral sciences are giving us an ever better understanding of how our brains work, why we make the choices we do, and what it takes for us to be at our best. But it has not always been easy to see how to apply these insights in the real world—until now. In *How to Have a Good Day*, Webb explains exactly how to apply this science to our daily tasks and routines. She translates three big scientific ideas into step-by-step guidance that shows us how to set better priorities, make our time go further, ace every interaction, be our smartest selves, strengthen our personal impact, be resilient to setbacks, and boost our energy and enjoyment. Through it all, Webb teaches us how to navigate the typical challenges of modern workplaces—from conflict with colleagues to dull meetings and overflowing inboxes—with skill and ease. Filled with stories of people who have used Webb's insights to boost their job satisfaction and performance at work, *How to Have a Good Day* is the book so many people wanted when they finished *Nudge*, *Blink* and *Thinking Fast and Slow* and were looking for practical ways to apply this fascinating science to their own lives and careers. A remarkable and much-needed book, *How to Have a Good Day* gives us the tools we need to have a lifetime

of good days.

The Law Society of Upper Canada and Ontario's Lawyers, 1797-1997 Christopher Moore 1997-12-15

At the end of the eighteenth century, when ten lawyers gathered in what is now Niagara-on-the-Lake to form the Law Society of Upper Canada, they were creating something new in the world: a professional organization with statutory authority to control its membership and govern its own affairs. Today's Law Society of Upper Canada, with more than 25,000 members, still wields these powers. Marking the bicentennial of the society's foundation, Christopher Moore's history begins by exploring the unprecedented step taken in 1797 and follows the evolution of lawyers' work and the idea of professional autonomy through two hundred years of growth and change. The Law Society of Upper Canada and Ontario's Lawyers is a broad-ranging story of the growth and development of the Law Society and the legal profession, from the days when horseback barristers travelled the backwoods by horseback, through the reforms of the late nineteenth century to the period of reaction between the two world wars and the long struggle of women and minorities for access to and equity in the legal profession. Writing in a style that is scholarly as well as entertaining, Moore traces to the present a story rich in personalities, and shows how, after a period of tremendous growth and change, questions of governance, legal aid, and practice insurance triggered a series of crises that rocked the society to its foundations. This is the first study to be based on full access to the society's two hundred years of historical records. Moore, who has organized his research into themes and periods to illuminate the story, also includes new material on the lives and careers of Ontario lawyers and on the place of the Law Society in professional and public life. Readable and extensively illustrated, *The Law Society of Upper Canada and Ontario's Lawyers* shows that such issues as professional autonomy and the internal organization, at the forefront of debate at the society's inception, continue to dominate discussions today.

Oxford Dictionary of English Idioms John Ayto 2010-07-08 Offers entries for over six thousand idioms, including seven hundred new to this edition, and provides background information, additional cross-references, and national variants.

Oxford Dictionary of Idioms John Ayto 2020-06-18 What is it to 'cock a snook', where is the land of Nod, and who was first to go the extra mile? Find the answers to these questions (and many more!) in the new edition of the Oxford Dictionary of Idioms. This dictionary uncovers the meanings of myriad phrases and sayings that are used daily in the English language, encompassing more than 10,000 figurative expressions, similes, sayings, and proverbs. More than 400 idioms have been added to this new edition, and comprise recently coined and common sayings alike. New additions include 'back of the net', 'drag and drop', 'go it alone', 'how come?', 'if you ask me', 'make your skin crawl', and 'woe betide'. Illustrative quotations sourced from the Oxford corpora give contextual examples of the idioms and their standard usage, and many entries include background information on the origins of the idiom in question. An updated thematic index makes for easy navigation, and anyone who is interested in the origins and diversity of English vernacular will have hours of fun browsing this fascinating dictionary.

The Canadian Encyclopedia James H. Marsh 1999 This edition of "The Canadian Encyclopedia is the largest, most comprehensive book ever published in Canada for the general reader. It is COMPLETE: every aspect of Canada, from its rock formations to its rock bands, is represented here. It is UNABRIDGED: all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume.

It has been EXPANDED: since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones; as a result, the text from 1988 has grown by 50% to over 4,000,000 words. It has been UPDATED: the researchers and contributors worked hard to make the information as current as possible. Other words apply to this extraordinary work of scholarship: AUTHORITATIVE, RELIABLE and READABLE. Every entry is compiled by an expert. Equally important, every entry is written for a Canadian reader, from the Canadian point of view. The finished work - many years in the making, and the equivalent of forty average-sized books - is an extraordinary storehouse of information about our country. This book deserves pride of place on the bookshelf in every Canadian Home. It is no accident that the cover of this book is based on the Canadian flag. For the proud truth is that this volume represents a great national achievement. From its formal inception in 1979, this encyclopedia has always represented a vote of faith in Canada; in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated. At the start of a new century and a new millennium, in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations, this "Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future. The statistics behind this volume are staggering. The opening sixty pages list the 250 Consultants, the roughly 4,000 Contributors (all experts in the field they describe) and the scores of researchers, editors, typesetters, proofreaders and others who contributed their skills to this massive project. The 2,640 pages incorporate over 10,000 articles and over 4,000,000 words, making it the largest - some might say the greatest - Canadian book ever published. There are, of course, many special features. These include a map of Canada, a special page comparing the key statistics of the 23 major Canadian cities, maps of our cities, a variety of tables and photographs, and finely detailed illustrations of our wildlife, not to mention the colourful, informative endpapers. But above all the book is "encyclopedic" - which the "Canadian Oxford Dictionary describes as "embracing all branches of learning." This means that (with rare exceptions) there is satisfaction for the reader who seeks information on any Canadian subject. From the first entry "A mari usque ad mare - "from sea to sea" (which is Canada's motto, and a good description of this volume's range) to the "Zouaves (who mustered in Quebec to fight for the beleaguered Papacy) there is the required summary of information, clearly and accurately presented. For the browser the constant variety of entries and the lure of regular cross-references will provide hours of fascination. The word "encyclopedia" derives from Greek expressions alluding to a grand "circle of knowledge." Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known. Yet now Canada's finest scientists, academics and specialists have distilled their knowledge of our country between the covers of one volume. The result is a book for every Canadian who values learning, and values Canada.

100 Views of the Adirondacks 1989 This luxurious oversized volume of large-format full-color photographs captures and preserves the beauty of the natural environment in the Adirondacks, the largest wilderness park in the United States. More than 100 color illustrations.

Canadian Books in Print Marian Butler 2000

Catalog of the Gerald K. Stone Collection of Judaica Gerald K. Stone 2021-01-05 Gerald K. Stone has collected books about Canadian Jewry since the early 1980s. This volume is a descriptive catalog of his Judaica collection, comprising nearly 6,000 paper or electronic documentary resources in English, French, Yiddish, and Hebrew. Logically organized, indexed, and selectively annotated, the catalog is broad in scope, covering Jewish Canadian history, biography, religion, literature, the Holocaust, antisemitism, Israel and the Middle East, and more. An introduction by Richard Menkis discusses the significance of the Catalog and collecting for the study of the Jewish experience in Canada. An informative bibliographical resource, this book will be of interest to scholars and students of Canadian and North American Jewish studies.

Murder in A-Major Morley Torgov 2008-05-01 Schumann and Brahms are the stars of Torgov's first Hermann Preiss mystery. Musical egos clash and murder ensues in mid-19th century Germany.

Toronto Sketches Mike Filey 1992-09-01 Mike Filey's "The Way We Were" column in the Toronto Sun continues to be one of the paper's most popular features. In Toronto Sketches Filey brings together some of the best of his columns. Each column looks at Toronto as it was, and contributes to our understanding of

how Toronto became what it is. Illustrated with photographs of the city's people and places of the past, Toronto Sketches is a nostalgic journey for the long-time Torontonians, and a voyage of discovery for the newcomer.

The Fractured Twentieth Century Jerry Grafstien 2022-12-23 A personal history of the fragmented 20th century that has careened from modern technology to barbarity in a complex and confusing spiral. The author is the son of immigrants who were born thirty kilometres from each other in southern Poland. Fortuitously, due to religious ties, they met in Toronto in 1927, fell in love, married and settled in London, Ontario in 1930. The author's father's life spanned the first half of the twentieth century until his tragic death in a street accident in 1950. His mother's life spanned the entire twentieth century, born in 1900, arriving in Canada in 1907, and she passed away in 2002, in Toronto, and remained lucid to the end. History repeats itself, while mistakes are little learned from errors, venality and endless brutality. At best, he witnessed the descent from principle to pragmatism. He is fortunate in encountering fascinating personalities in politics, religion, arts, academia, and sports all of whom left singular impressions on him and others in Canada and around the globe. Ultimately, he discovered that it is not the destination but the journey along the way that continues to astound and surprise him as the innards of the human condition revolves and evolves without rhyme or reason.

Holly Farb and the Princess of the Galaxy Gareth Wronski 2017-06-06 Guardians of the Galaxy meets Hitchhiker's Guide to the Galaxy in this laugh-out-loud funny journey into space and beyond! Holly Farb is not the Princess of the Galaxy. She may be top of the class in every subject, but she can't even win a school election, never mind rule the Milky Way. The aliens who kidnapped her have gotten it all wrong.

Unfortunately Holly's alien pirate kidnappers believe that she's the princess they've been looking for, and so she finds herself hurtling through space on an alien pirate ship together with her teacher, Mr. Mendez, and Chester, the most annoying boy in her class. Now all she has to do is escape the pirates, find the missing princess, and get back to Earth in time for her big test on Friday. But it turns out that space is a pretty big place, and before they can go home, Holly, Chester, and Mr. Mendez must face down space cruise liners, bounty hunters, giant worms, perky holograms, cosmic board games, sinister insectoid librarians, and a robot who is learning how to lie. Between running from space pirates, defying the President of the Universe, and meeting a host of rather unusual new friends, Holly starts to wonder if there might be more to life than being top of the class after all.
