*Words of Destiny* Caterina Guenzi 2021-03-01 Astrologers play an important role in Indian society, but there are very few studies on their social identity and professional practices. Based on extensive fieldwork carried out in the city of Banaras, Words of Destiny shows how the Brahmanical scholarly tradition of astral sciences (jyotiḥśāstra) described in Sanskrit literature and taught at universities has been adapted and reformulated to meet the needs and questions of educated middle and upper classes in urban India: How to get a career promotion? How to choose the most suitable field of study for children? When is the

best moment to move into a new house? The study of astrology challenges ready-made assumptions about the boundaries between "science" and "superstition," "rationality" and "magic." Rather than judging the validity of astrology as a knowledge system, Caterina Guenzi explores astrological counseling as a social practice and how it "works from within" for both astrologers and their clients. She examines the points of view of those who use astrology either as a way of earning their living or as a means through which to solve problems and make decisions, concluding that, because astrology combines mathematical calculations and astronomical observations with ritual practices, it provides educated urban families with an idiom through which modern science and devotional Hinduism can be subsumed.

**Biblical Women Speak** Joe Baumann 2023-07 What were biblical women thinking and doing when the men around them received all the attention and glory? How did Leah, Rachel, and their handmaids negotiate the complicated family dynamics of four women vying for Jacob's affections? What compelled Potiphar's wife to risk her high station to seduce Joseph, an enslaved foreigner? How did the midwives and Pharaoh's daughter conspire to rescue baby Moses, right under Pharaoh's nose? *Biblical Women Speak* employs midrash (interpretative techniques) to discover ten biblical women's stories from a female point of view and provide insights beyond how ancient male scholars viewed them. Each chapter brings alive a different biblical woman, including non-Israelite characters and others who are neglected in classical rabbinic texts, such as Keturah (Abraham's last wife), Bat Shuah (Judah's wife), Shelomith (the infamous blasphemer's mother), and Noah (one of Zelophehad's brave daughters who demanded inheritance rights). After each featured text we hear a creative retelling of the woman's story in her own voice, followed by traditional midrash and medieval commentaries and the author's reflections on how these tales and interpretations are relevant for today. Rabbi Marla J. Feldman's book is an engaging invitation to enter biblical narratives, challenge conventional wisdom, and recalibrate the stories and lessons through the lens of our own lives.

*The Astrologer's Daughter* Paula Marshall 2012-02-15 Bedding a lady...for his own gain! Sir Christopher Carlyon yearned to leave the dissipation of court, to have again the settled life he knew before the war. The only way was to accept a disgraceful bet from the Duke of Buckingham. If he could bed the astrologer's daughter, Celia Antiquis, the duke would give him the manor of Latter. When he met Celia she confounded all of Kit's expectations. She truly was the chaste woman of her repute, but also so very alluring! To seduce her would be a pleasure indeed, but how could Kit ruin her for his own gain?

**Making the Right Choice** Asha L. Abeyasekera 2021-03-12 **Making the Right Choice** unravels the entangled relationship between marriage, morality, and the desire for modernity as it plays out in the context of middle-class status concerns and aspirations for upward social mobility within the Sinhala-Buddhist community in urban Sri Lanka. By focusing on individual life-histories spanning three generations, the book illuminates how narratives about a gendered self and narratives about modernity are mutually constituted and intrinsically tied to notions of agency. The book uncovers how "becoming modern" in urban Sri Lanka, rather than causing inter-generational conflict, is a collective aspiration realized through the efforts of bringing up educated and independent women capable of making "right" choices. The consequence of this collective investment is a feminist conundrum: agency does not denote the right to choose, but the duty to make the "right" choice; hence agency is experienced not as a sense of "freedom," but rather as a burden of responsibility.

**The Golden Age of Folk and Fairy Tales** 2013-03-15 In the late 18th and early 19th centuries, attitudes toward history and national identity fostered a romantic rediscovery of folk and fairy tales. This is the period of the Golden Age of folk and fairy tales, when European folklorists sought to understand and redefine the present through the common tales of the past, and long neglected stories became recognized as cultural treasures. In this rich collection, distinguished expert of fairy tales Jack Zipes continues his lifelong exploration of the story-telling tradition with a focus on the Golden Age. Included are one hundred eighty-two tales—many available in English for the first time—grouped into eighteen tale types. Zipes provides an engaging general Introduction that discusses the folk and fairy tale tradition, the impact of the Brothers Grimm, and the significance of categorizing tales into various types. Short introductions to each tale type that discuss its history, characteristics, and variants provide readers with important background information. Also included are annotations, short biographies of folklorists of the period, and a substantial bibliography. Eighteen original art works by students of the art department of Anglia Ruskin University not only illustrate the eighteen tale types, but also provide delightful—and sometimes astonishing—21st-century artistic interpretations of them.

**Disclosure and Discretion in Roman Astrology** Steven J. Green 2014-06-26 In light of modern scepticism towards the practice, it is easy to overlook just how important a role astrology played in the career of Rome's first Emperor, Augustus. Augustus' enthusiasm for employing astrological predictions and symbols to cement his own position of power was matched by an equally forceful desire to restrict their use by his political rivals. Astrology in Rome was, then, to use Tacitus' neat formulation, both 'forbidden and maintained' (Tacitus, *Histories*, 1.22). This volume is the first to take seriously this imperial complex as a key to understanding the diverse ways in which contemporary commentators handle the volatile topic of astrology in their writings. It shows how Roman writers engage in elaborate discourses of discretion as they simultaneously celebrate the power of astrology and shy away from the sort of astrological revelations that might offend imperial sensibilities. With a particular focus on the key astrological poem of Manilius, this

study provides a new conceptual framework in which to appreciate the complex treatments of astrology during the period of Octavian/Augustus. [Women, Family, and Child Care in India](#) Susan C. Seymour 1999-01-28 Documents the lives of 24 families in India over almost thirty years.
