[A SHINING STAR AT NIGHT](#) GU HONG YING 2019-07-10 The three children of Ganzhong Yang were only in their teens when Yang was already in his late fifties. He has worked as a heavy laborer for as long as his children could remember. His middle and favorite child, Yunrong, was always curious about why her father had sad and melancholy eyes and felt that his elegant temperament did not resonate with his social status. "My life could be a book. I'll tell you my story when you are a bit older." He has told her. Unfortunately, Ganzhong never had a chance to tell his stories. Many years later, Yunrong has managed to uncover many details from her father's past through numerous sources. Ganzhong's life stories, indeed, were nothing short of the sort told in books: His unusual childhood, his impressive military experiences, the loss of a true love, the rise to the long-time head of a local government, and the fall to a laborer during the chaos in China in the 1960s. His eventful and extraordinary life has manifested itself into this epic and breathtaking book.

Charming Orient Shining England Dr. Mahmoud F. Al-Ali 2013-11-14 The Arabian Nights is a composite work consisting of popular stories originally transmitted orally and developed during several centuries, with material added somewhat haphazardly at different periods and places. This study was devoted to the impact of The Arabian Nights on four novelists of the nineteenth century: Charlotte Brontë, Charles Dickens, George Meredith, and Robert Louis Stevenson. These authors were selected on the ground of their life spans, which encompassed almost the whole century. Because they are among the masters of the English novel, it is reasonable to assume that they did not content themselves with mere imitations resulting in pseudo-oriental tales. Their original creations assimilated the influences from The Arabian Nights, forming new unified structures with interwoven references and allusions, which are to be redetected.
