The Art and Craft of Fiction

Michael Kardos 2016-09-30
Brief, practical, and affordable,
The Art and Craft of Fiction
gives aspiring writers all they

need, in a friendly voice that students love. Michael Kardos focuses on technique and presents fiction writing as a teachable (and learnable) art. With an organization built on methods and process rather than traditional literary elements, Kardos helps students begin their stories, write strong scenes, use images and research detail, revise for aesthetics and

mechanics, and finish and polish their own stories. Instructors trust *The Art and Craft of Fiction* to help structure their course, and reinforce and complement their teaching points with examples and exercises. A brief fiction anthology at the back of the book includes 15 selections that instructors praise for their usefulness in the creative writing classroom.

Manual of Free-Hand Penmanship (Classic Reprint)

Alvin R. Dunton 2017-06-21 Excerpt from *Manual of Free-Hand Penmanship* IN this little Manual we have sought to give in very brief com pass the best

method of teaching writing. Other manuals have their excellences; but they are generally so scientific and elaborate, that the practical teacher is discouraged, and soon throws them aside. In presenting this, we presume on the teacher's knowledge of the art of teaching, and only give what is needed for this special branch. We have condensed in it the results of years of practical experience in the public schools; and have endeavored to put it in such a simple, practical, and convenient shape, that the teacher can take it in his left hand, and illustrate with his right on the board. The art of teaching writing is no mystery: it is simply about the hardest work the teacher has to do; and for this simple reason, that the results are visible and permanent. If the teachings of this little book are followed, we will warrant the most satisfactory results. We might apologize for the homely character of the language used in the description of the letters. Some may mock at it; but

remember that it is meant for little children between eight and nine years old. If you have hitherto been using a complicated, scientific, abstract system of elements and principles with them, all we can say is, Try this method, and we are satisfied to abide by your verdict. There is an old proverb, Let those laugh that win. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Academic Research and Writing Linda S. Bergmann

2010 Guiding students through the research process and helping them build the skills they need for effective research, *Academic Research and Writing: Inquiry and Argument in College* presents a highly accessible look at the complex issues that typically come up in reading and constructing research projects. *Academic Research and Writing: Inquiry and Argument in College* shows students that research is important beyond the classroom and is a necessary component in any career. Beginning with coverage of skills and techniques, this comprehensive text then moves into specific kinds of academic research tasks, showing the generic features and constraints of academic writing. The main issues necessary for understanding how to read and construct research projects are discussed, including

plagiarism, copyright and patents, conventions used by different discourse communities, and how writers use sources in different ways. The result is that students are drawn into the thinking process involved in research.

Letter-writing Manuals and Instruction from Antiquity to the Present Carol Poster 2007

Once nearly as ubiquitous as dictionaries and cookbooks are today, letter-writing manuals and their predecessors served to instruct individuals not only on the art of letter composition

but also, in effect, on personal conduct. Poster and Mitchell contend that the study of letter-writing theory, which bridges rhetorical theory and grammatical studies, represents an emerging discipline in need of definition. In this volume, they gather the contributions of eleven experts to sketch the contours of epistolary theory and collect the historic and bibliographic materials - from Isocrates to email - that form the basis for its study.

Compose Yourself! Amy Rukea Stempel 2010-07 At long last someone has produced THE practical guide for teaching analytical writing! *Compose Yourself!* lays out everything a teacher needs for teaching the art of clear, complete and well-

organized writing in the content areas. In fact, I would purchase this guide for students as well as teachers- and not just for high school, but for both middle school and college as well. -Dr. Katherine Nolan, Education Consultant Finally, a book on how to teach analytical writing in all subjects. And the toolbox! I was thrilled to find templates, rubrics, and clear-cut examples for descriptive, process, and persuasive writing. Compose Yourself! is a must have for all teachers. -Susan King, Magnet School Administrator, Tampa FL, MSA National Board, National Presenter We are perceived by how well we write. Currently our nation's teachers are struggling to find time and tools to teach thoughtful, logical expository writing. Compose Yourself! is a simple, straightforward writing guide for all subject area teachers working to improve their students' analytical, expository writing skills. Compose Yourself! must find a place in the toolbox of our nation's secondary teachers. -

William F. Roberts, Assistant Superintendent Hacienda La Puente Unified School District (California) Compose Yourself! A Guide to Critical Thinking & Analytical Writing in Secondary School is a quick and easy guide to teaching and learning critical thinking and analytical writing at the secondary level, regardless of the subject area. It is perfect for teachers, parents, and students who want to go beyond the worksheet to strengthen their thinking and writing skills, better learn and retain information, and improve overall academic performance. After using this guide, students will be able to write clear, concise, analytical responses to complex, real-world questions in all subjects. This resource includes step-by-step processes, copious examples, writing checklists, helpful tips, and black-line masters, all to help all students improve their thinking and writing. Amy Rukea Stempel has been zealously working in education and education reform since 1989. Prior to founding

Lightbulb Learning Services, which specializes in the alignment of curriculum to academic standards, literacy development, and classroom/school leadership, she has led standards and curriculum development projects for the Education Trust, Edison Schools, Inc. (formerly the Edison Project) and standards development efforts for the Council for Basic education. In addition to experience in education policy, Ms. Stempel has also taught literature in the International Baccalaureate program for many years and has happily lived the harried and stimulating life of a classroom teacher. Ms. Stempel's prior publications include, *Gaining Traction*, *Gaining Ground: How Some High Schools Accelerate Learning for Struggling Students*, *Standards for Excellence in Education* (contributor), *Where in the World Are We? The Need for International Benchmarking*, *Six Case Studies of Performance Assessment*, and *Standards: A Vision for*

Learning. Many years ago, Ms. Stempel completed a B.A. in English from Carnegie Mellon University and an M.A. in Liberal Studies (with concentrations in literature and history) from Georgetown University.

My question was When in doubt in regard to the spelling of a word, how do you assure yourself? The answer, in substance, was, I write the word, and when it looks right I assume it is correct. Upon further questioning, they were unanimous in the statement that they had adopted this method as a necessity after they had left school and entered upon the active duties of life. Only three or four, out of some hundreds questioned, thought of the word as they had learned it from the spelling book, and these were teachers. Getty-Dubay Italic Handwriting Instruction Manual

Barbara Getty
1979-09 This is the Instruction Manual for the seven-part Getty-Dubay Italic Handwriting Series. Designed for the beginning reader and writer, it introduces the alphabet one

letter and one word per page. Includes basic italic lowercase, capitals, and numerals. Illustrated. A comprehensive handwriting program for K - 6th grade. Join the thousands of students everyday who learn to write using Getty-Dubay. Even if you've never taught handwriting, you'll find the Getty-Dubay Italic Handwriting Series easy to follow and full of step-by-step guidance, tips, and creative practice materials. Each of the seven books in the series has been designed to utilize the child's natural curiosity and thirst for learning. The unique "Look-Plan-Practice" approach to self-assessment enhances legibility while empowering your student, encouraging responsibility for his or her own progress. The Instruction Manual for teachers and homeschool parents provides additional guidance for all grades. Getty-Dubay Italic is legible. Italic letterforms are uncluttered and loop-free, even when written rapidly. Logical. The transition from printing to cursive is straightforward and

intuitive. Letter shapes remain the same from basic italic to cursive italic, eliminating the abrupt leap from "ball and stick" to looped cursive seen in other programs. Easy to Write. The elliptical shapes and strokes of italic conform to natural, rhythmic hand movements. The letters are formed easily and quickly. Easy to Teach. The Getty-Dubay Italic Handwriting Series provides a clear, concise, step-by-step approach with opportunity for lots of practice. "Many parents have thanked me for helping their child develop this attractive, legible handwriting." - Vicki Swartz, National Teachers Hall of Fame "Inga and Barbara deserve the thanks of every teacher and every parent. It's a breakthrough at last!" - Betty Edwards, Ph.D., Author of *Drawing on the Right Side of The Brain* *The Craft of Teaching* Kenneth E. Eble 1988 "This edition of Kenneth E. Eble's 1976 classic on college teaching has been hailed as one of the best books every published on this topic. It

offers fresh insights on issues of enduring importance, from how students learn & how to make the best use of the classroom to the nuts & bolts of assignments, tests, grades & textbooks. Eble includes entirely new chapters on developing critical thinking & on how to motivate both students & faculty. He provides new material on the impact of computer-aided instruction & on mentoring, as well as on the 'myths' of teaching & many other topics originally covered in the 1st ed."--CTE.

The Art of Creative Writing

Rodney Marshall 2018-07-19

Most children at Key Stages 2 and 3 enjoy creative writing. It allows them a freedom which other parts of the English curriculum do not. It also offers them an opportunity to express their personalities and can even be a therapeutic process. Unfortunately, it tends to be

the one area which many teachers struggle with. As a pupil, I was frequently provided with a title and then asked to write a narrative. We were told to plan carefully and were provided with (artificial) techniques such as bolting on metaphors and similes every few lines, or adding lots of adjectives. This approach remains standard practice in many primary schools, but it is lazy or misguided teaching which will only produce stories which do not ring true. Professional writers research thoroughly before picking up a pen. Students need to do the same. This book guides teachers through the process, exploring a range of topics, from story starters, through genre writing, to how historical events and topical debates can be used as launching pads for story writing. The guide also contains vocabulary banks and examples of pupils' writing. Following it will result in personal narratives which children of any ability can enjoy sharing in the classroom. editions; larger print).

literature books to fiction and nonfiction texts, and more--illustrate the methods and bring them to life. The text highlights the importance of teaching EVERY child to become competent in all of the nuances and complexities of reading, writing, and speaking. The value of reflection and peer discussion in learning to expand their students' literacies is emphasized. Readers are encouraged to reflect on their own experiences with reading and teaching throughout their lifetimes--experiences that will serve well in learning to teach reading. "Your Turn" boxes invite readers to think about their views of the material presented, and to talk with colleagues and teachers about their "best ways" of learning this new information. "Did You Notice?" boxes engage readers in observation and analysis of methods and classroom situations discussed in the text. Teachers' stories serve as models of successful teaching and to draw readers into professional dialogue about the

ideas and questions raised. End-of-chapter questions and activities provide additional opportunities for reflection and discussion. All of these pedagogical features help readers expand and refine their knowledge in the most positive ways. Topics covered in Teaching Reading to Every Child, Fourth Edition: *Getting to Know Your Students as Literacy Learners; *Looking Inside Classrooms: Organizing Instruction; *Assessing Reading Achievement; *The Importance of Oral Language in Developing Literacy; *Word Identification Strategies: Pathways to Comprehension; *Vocabulary Development; *Comprehension Instruction: Strategies At Work; *Content Area Learning; *What the Teacher Needs to Know to Enable Students' Text Comprehension; *Writing: Teaching Students to Encode and Compose; *Discovering the World Through Literature; *Technology and Media in Reading; *Teaching Reading to Students Who Are Learning English; *All Students are

Special: Some Need Supplemental Supports and Services to Be Successful; and *Historical Perspectives on Reading and Reading Instruction. New in the Fourth Edition: *A new chapter on technology with state-of-the-art applications; *A new chapter with the most up-to-date information on how vocabulary is learned and on how it is best taught, responding to the national renewed interest in vocabulary instruction; *A new section on Readers/Writer's workshop with a focus on supporting student inquiry and exploration of multiple genres; *A more comprehensive chapter on literature instruction and the role of literature in the reading program with examples that support students' multigenre responses; *A discussion of literary theories with examples for classroom implementation; *Broader coverage of the phases of reading development from the pre-alphabetic stage to the full alphabetic stage; *A more inclusive chapter on writing instruction; and *A

thoroughly revised chapter on teaching reading to students who are learning English, including extensive information on assessment and evaluation.
