Orgies of Words Filip Doroszewski 2022-08-01 Nonnus' Paraphrasis, an epic rendition of the Fourth Gospel, offers a highly sophisticated interpretation of the Johannine text. An essential means to this end is extensive use of the imagery related to Greek, and especially Dionysiac, mysteries. Doroszewski successfully challenges the once predominant view that the mystery terminology in the poem is nothing more than rhetorical ornament. He convincingly argues for an important exegetical role Nonnus gives to the mystery terms. On the one hand, they refer to

the Mystery of Christ. Jesus introduces his followers into the new dimension of life and worship that enables them to commune with God. This is portrayed as falling into Bacchic frenzy and being initiated into secret rites. On the other hand, the terminology has a polemical function, too, as Nonnus uses it to present the Judaic cult as bearing the hallmarks of pagan mysteries. As the book discusses the Paraphrasis against the background of the mystery metaphor development in antiquity, it serves as an excellent introduction to this key feature of the ancient mentality and will appeal to all interested in the culture of Imperial times, especially in Early Christianity, Patristics, Neoplatonism and Late Antique poetry.

Sacred Founders Diliانا Angelova 2015-09-02 Diliانا Angelova argues that from the time of Augustus through early Byzantium, a discourse of “sacred founders”—articulated in artwork, literature, imperial honors, and the built environment—helped legitimize the authority of the emperor and his family. The discourse coalesced around the central idea, bound to a myth of origins, that imperial men and women were sacred founders of the land, mirror images of the empire’s divine founders. When Constantine and his formidable mother Helena established a new capital for the Roman Empire, they initiated the Christian transformation of this discourse by brilliantly reformulating the founding myth. Over time, this transformation empowered imperial women, strengthened the cult of the Virgin Mary, fueled contests between church and state, and provoked an arresting synthesis of imperial and Christian art. *Sacred Founders* presents a bold interpretive framework that unearths deep continuities between the ancient and medieval worlds, recovers a forgotten transformation in female imperial power, and offers a striking reinterpretation of early Christian art.

Peter Chrysologus David Vincent Meconi, S.J. 2020-10-11 *Peter Chrysologus* is the first book to offer an introduction to the life of Peter Chrysologus and a selection of his most important sermons in translation, as well as his letter to Eutyches. Bishop Peter of Ravenna preached before the imperial family for nearly two decades (c. 430-450) after the imperial capital was moved to Peter’s See of Ravenna in 402 by Emperor Honorius. With the Empire’s elite directly before him, Peter also had the problems of 5th century Monophysitism behind him. As such, his homilies stress the incarnate Christ’s ability to change lives by reuniting mortal humans with their life-giving God. The thorough introduction explores the figure of Peter, beginning with the obscure biographies telling of his early life, to his becoming Metropolitan of Ravenna, situating his elevation in the wider socio-political context of the powerful court of Valentinian III and the 5th century Roman West. It also looks at

the significant influence his legacy had on future generations. Translated into a modern idiom, this collection of sermons makes the preaching and pastoral wisdom of this key figure accessible to modern readers. It is an invaluable tool for anyone working on early Christian theology and the Early Church, as well as students of Late Antiquity and the Western Empire.

Life of Jesus in Icons 2008 "In the Cathedral Church of Mary of the Assumption in Tbilisi, Georgia, in Eastern Europe, "the Word of Life" is proclaimed in the Liturgy, and also told through one hundred and thirty icons of scenes from the Bible, elegantly arranged along the Cathedral’s side walls. For the faithful, these icons uncover the thread of love that can draw them to enter, through prayer, into contemplation of the image of the invisible God." "Thirty of these icons, which tell the story of the life

of Jesus, are reproduced in this book together with the relevant biblical texts and a commentary written especially for the English language edition by Francis J. Moloney, SDB. Carefully chosen extracts from early Church Fathers shed further light on each of the events portrayed in the icons."--BOOK JACKET.

Orthodox Preaching as the Oral Icon of Christ James Kenneth Hamrick 2015-03-15 Father James K. Hamrick is a priest in the Antiochian Orthodox Christian Archdiocese of North America and currently serves as the founding pastor of St. John the Baptist Mission in Lewistown, Maryland. During his two decades of pastoral ministry, Father James has received numerous invitations to preach and speak at various venues. His sermons are aired each Sunday morning on The Source Christian Radio (AM 1450 and at www.wthu.org) where he had previously served as a founding member of the radio station's Board of Directors. Father James holds masters' degrees from Holy Trinity Theological College & Seminary and from the University of Balamand. He is a life member of the Honor Society of Phi Kappa Phi, a Knight of the Order of St. Ignatius of Antioch, and a member of the Fellowship of St. Alban and St. Sergius in Oxford, England. Father James and his wife, Pamela, reside in Thurmont, Maryland, and enjoy visits from their four grown children and young granddaughters. Father James may be reached at frjameshamrick@gmail.com. In a relativistic postmodern age that is skeptical of propositional truth claims but that is "wired" for images and stories, the iconic nature of Orthodox preaching offers a compelling answer for effectively communicating the Gospel of Jesus Christ. Though preaching styles have varied widely across history and cultures, it is Orthodox preaching, by virtue of its faithfulness to the sacred apostolic and patristic traditions, its integral connection to the sacramental and liturgical life of the Church, and its functioning in tandem with Orthodox spirituality which conveys itself as iconic. Orthodox Preaching as the Oral Icon of Christ addresses the current crisis of preaching in our age and approaches the homiletical discipline from an iconological perspective, revealing how Orthodox preaching sacramentally mediates the presence of the Risen Lord in the midst of

the assembly through artful and imaginative word images whereby lives are personally touched and transformed. Just as Orthodox icons are understood to be "windows into heaven," so effective Orthodox preaching may be understood to transport the listener into the realm of the Holy where lives may be interpreted and transfigured in the light of the Gospel and indeed in the very presence of Christ.

Selected Sermons [St. Peter Chrysologus] and Homilies [St. Valerian] Saint Peter (Chrysologus, Archbishop of Ravenna) 1953

The Monastic Footprint in Post-Reformation Movements Kenneth C. Carveley 2022-03-31 This book examines the influence of the monastic tradition beyond the Reformation. Where the built monastic environment had been dissolved, desire for the spiritual benefits of monastic living still echoed within theological and spiritual writing of the seventeenth and eighteenth centuries as a virtual exegetical template. The volume considers how the writings of monastic authors were appropriated in post-Reformation movements by those seeking a more fervent spiritual life, and how the concept of an internal cloister of monastic/ascetic spirituality influenced several Anglican writers during the Restoration. There is a careful examination of the monastic influence upon the Wesleys and the foundation and rise of Methodism. Drawing on a range of primary sources, the book will be of particular interest to scholars of monastic and Methodist history, and to those engaged in researching ecclesiology and in ecumenical dialogues.

Ezekiel, Daniel Kenneth Stevenson 2014-02-19 The books of Ezekiel and Daniel are rich in imagery that is taken up afresh in the New Testament. It is no wonder these books, despite the difficulties in interpreting them, took hold on the imagination of the early church. In this ACCS volume, over forty church fathers are cited and four extant works are included, providing a wealth of insight.

Selected Sermons, Volume 3 Saint Peter Chrysologus 2013-11-30 This volume is the third in the Fathers of the Church series to make available selected sermons of St. Peter Chrysologus (ca. 406-50), Archbishop of Ravenna and Doctor of the Church. With its publication, all of the authentic sermons of Chrysologus are now available in English. A gifted homilist, Chrysologus manifested great reverence for the Scriptures as divine communication and made them accessible to his congregation. Making use of imagery drawn from Ravenna's natural surroundings as well as from some of the professions occupied by members of his flock, Chrysologus explained orthodox doctrine and promoted spiritual development. The Gospels occupy the foreground in most of his sermons, yet Chrysologus allows the reader a glimpse of the daily life, religious debates, political milieu, and Christian belief and practice in mid-fifth-century Ravenna. In this volume are several expositions of St. Paul's letters and some sermons delivered on the feast days of saints and at the consecrations of new bishops. Most of the selections, however, are homilies on texts from the four Gospels that Chrysologus interpreted throughout the year. Of particular note is his preaching on specific liturgical seasons--the end of Lent, Easter, Pentecost, the period immediately prior to Christmas, and the Christmas and Epiphany cycle. ABOUT THE TRANSLATOR William B. Palardy is Professor of Patristics at St. John's Seminary School of Theology in Brighton, Massachusetts. PRAISE FOR THE BOOK "This volume represents all of Chrysologus's sermons now available in the English language. . . . Throughout this volume Palardy provides the reader with first rate insight . . . making this final collection of sermons by Chrysologus truly an important addition to

the study of Patristics." -- Jonathan Ignatius von Kodar, Laval Theologique et Philosophique

Disability Studies and Biblical Literature C. Moss 2011-11-09 The primary aim of this volume is to synthesize the two fields of disability studies and biblical studies. It illustrates how academic or critical biblical scholarship has shown that many texts involving disability in the Bible is much more nuanced than a casual reading or isolated proof texting may indicate.

Passion and Compassion in Early Christianity Susan Wessel 2016-06-09 This book examines how the early Christian elite articulated and cultivated the affective dimensions of compassion in a Roman world that promoted emotional tranquillity as the path to human flourishing. Drawing upon a wide range of early Christians from both east and west, Wessel situates each author in the broader cultural and intellectual context. The reader is introduced to the diverse conditions in which Christians felt and were urged to feel compassion in exemplary ways, and in which warnings were sounded against the possibilities for distortion and exploitation. Wessel argues that the early Christians developed literary methods and rhetorical techniques to bring about appropriate emotional responses to human suffering. Their success in this regard marks the beginning of affective compassion as a Christian virtue. Comparison with early modern and contemporary philosophers and ethicists further demonstrates the intrinsic worth of the early Christian understanding of compassion.
