My Son H Harold Brown 2018-04-16 I have named the writings My Son: To Whom It May Concern, and I suppose this to be a short résumé of my life, but much more it is the Americana of some 80 years in which I have lived. I am 87 years of age, and the writings span time from the 1930s to the present. Those who have read my writings tell me I write somewhat like I verbalize the stories. I have also included some of my stories and a few reprints from a newspaper column I had during the 1960s. They were carried only by my hometown newspaper, The Malakoff News. What you will read are my life experiences, recalled from an old memory with the proviso that for some there is no one left to verify or contradict, except where I have noted otherwise.

To Whom It May Concern D.F. Les Pierre-Luke 2013-06-11 Book Description To Whom It May Concern:

The Night Walker A Novel To Whom It May Concern: The Night Walker is a spin off story about FINN, the main character in the novel; F.I.N.N., which speaks about his traumatic early childhood sexual abuse (molestation) and consequent promiscuous experiences that resulted in psychological scars. The devastation of losing his parents in the opening of the story, triggered psychotic behaviours in him, causing his past trauma to be manifested in mental instability almost instantly. FINN sells his parents home and

moves into an old house with an annex that is owned by his parents at a different neighbourhood somewhere east of the island of Trinidad. He opens a small haberdashery-type shop in the annex, which targets the new community of upscale residents and the old residents of the surrounding areas. His personality captivates everyone in a way that is remarkably caring. He befriends all of his patrons while interacting with them during the day but experiences memory loss when he falls asleep at night. He recognizes the need for psychological therapy and visits his doctor but holds fast to the fact that he has to get revenge for the death of his parents. To Whom It May Concern: The Night Walker has bouts of revenge, suspicion, mystery, and psycho-sexual intrigue. A tall black man who walks the streets of a newly developed neighbourhood (Conservation Heights) during the late hours of the evening and night leaves poster-like flyers or notes with the heading To Whom It May Concern and directions of where he could be found in an abandoned park that is part of the new neighbourhood. He is observed by three married women (housewives) that are married to three young urban professionals (university buddies) struggling to keep their business successful and highly recognized by the government and a same-gender loving (SGL) man (massage therapist) who is struggling with keeping a steady relationship. The three women and SGL man are friends within this newly developed neighbourhood, each of them live in very modern design homes. They became suspicious of the tall black man, particularly his physical structure and attire, which got them curious to know more about who he was, where he lives, where he goes and why he walks through the neighbourhood. They eventually were lured into a trap that caused their lives to change forever. The entire story is fictitious and is based in and around this newly developed neighbourhood and the suspicions that surround the tall black man and FINN who have similar attributes but completely different personalities. The story has been presented to mimic three steps towards achieving justice, according to FINN's psychotic thinking. These three steps combine is the structure of the novel in parts: Part 1 - Bills, is primarily setting the stage, planning to lure his victims into a trap that is pegged on sexual intrigue and mystery. Part 2 Acts, deal with the psycho-sexual interactions with his victims and altering the initial plan to ensure the end result is met, and Part 3 Laws, focuses on carrying out the detrimental and devious plan of action that will gain the revenge he needs for the loss of his parents without being caught. The story ends with the authorities being misleading, leaving them in total confusion and turmoil as to who committed the homicides.

To Whom It May Concern Vincent Di Blasi 2017-11-16 The nine stories in this volume are each unique unto themselves but they all straddle the line between what we know and what we do not know, the material world and the spiritual one, what we hope for and what we fear most. The emphasis is on hope and our search for what is most beautiful within our world and within ourselves. *Sarafina* is about a man who must choose between heaven and hell. You might think the choice is an easy one until you appreciate the consequences. In *A String of Bad Hands*, a writer plays poker with the devil to save the soul of a woman he met in the Yucatan in their distant youth. Before the game is over, he will risk everything he has in the hope of winning everything he wants. From the *Mirror* is the narrative of a man who crosses the country looking for the other person we see in the mirror, the one we could have become or perhaps will be in the future. In the title entry, *To Whom It May Concern*, the inhabitants of a small island community discover that their world is sinking beneath the sea just as communication with the outside world comes to a halt. They never lose hope. These stories are about human resilience and limitless curiosity.

To Whom it May Concern Carol Hall 1986 Conceived by Carol Hall, who wrote the music and lyrics to *The Best Little Whorehouse in Texas*, this joyful musical took Off Broadway by surprise. It is a tuneful, warm and witty observation of what really goes on in the hearts and minds of people as they participate in a church service. The ninety minutes of song, monologue and poetry require almost no set and only one piano. Done in a theatre or church sanctuary, *To Whom It may Concern* is perfect for all church and theatre groups, especially those with access to glorious voices.

To Whom It May Concern Sondra L. Settles 2005-10-24 As a writer I mainly focus on relationships. All the perils concerned with becoming involved in and maintaining a relationship with the opposite sex. As women, are emotional creatures they sometimes feel that they must have an emotional relationship before beginning a sexual relationship. While men are usually, more visual and physical by nature. They are turned on by physical contact and visual stimuli, but women need so much more than that. Women need emotional and spiritual nurturing, while men tend to lack understanding in that area of women's needs. When the two come together, this tremendous lack of understanding causes an abundance of pain and heartache. Women are left feeling under-appreciated, neglected and unloved. Men on the other hand, usually don't understand what the problem is in the relationship. We often assume they will not understand; there is also a gap in communication, which furthers the stress we feel. As a writer I attempt to explain this pain and heartache that women so often go through because of these misunderstandings. But in the end, we MUST eventually turn to a real relationship with God in order to reach the fullest potential that life has to offer.

To Whom It May Concern Lou Conboye Taylor 2016-09-28 *Mattie Barton* lives an idyllic life in a small village with her husband and two children. She bakes cakes for local community groups and school fairs, or fancy desserts for her friends at a moment's notice. Life runs smoothly in *Mattie's* world, and since she got married there have been no upsets or dramas to shake things up. One day, after a little persuasion from her husband she decides that the loft is long overdue a good clear out. She's been putting it off for sometime but her husband Jake sets the challenge that she gladly accepts. It seemed such an easy task sorting out the junk. Until she finds something that she never expected to find. A jewellery box that she thought lost many years ago. Back in her bedroom with the wooden box that once belonged to her mother, *Mattie* rummages through the contents. Apart from memories that surge back at her *Mattie* makes a further discovery that threatens to turn her idyllic life up-side-down. It is a book - one that details her deepest emotional thoughts and feelings from a previous troubled life. A book that she never shared with anyone other than her therapist. Not even her husband read a single written word. *Mattie* is torn between throwing it away and shutting off to the hurtful things she wrote about or opening up one more time in order to truly let go of the deep rooted feelings she has so far successfully kept buried. Deciding that the latter is the only way to get back to that idyllic mind-set is to read the book of letters. On a cold Autumn evening, *Mattie* embarks on an emotional journey. But can she come out the other end as the same person she thought she was and will the process change her for the better or worse?

To Whom It May Concern J. S. Cooper 2020-09-08 To Whom it May Concern, I would like to request more information about the assistant job I saw advertised in Sunday's newspaper with the six figure starting salary. I have a bachelors degree in English and many years of work experience and think I would be a good fit for the job. My questions are as follows: 1. What is the exact nature of the job? 2. Is it a strict requirement that I live with the boss? If so, can I have friends and others over? 3. The ad states there is a uniform. May I ask what sort of uniform? And why? Also, in lieu of sending a photograph, I've sent a picture of my very friendly dog that would also be joining me if I were to get the job. Yours Sincerely, Savannah Carter *** Ms. Carter, How do you know you'll be a good fit for the job if you do not know the nature of the work? My ad specifically stated I was looking for an MBA grad, not an English grad that knows nothing about the real world. 1. This would be discussed in the interview. 2. Yes, you would be living with me. And no guests are allowed. 3. The uniform would be provided on your first day. You don't need to know why. The job advertisement asked for a personal photo, is this your way of telling me you look like a dog? Today must be your lucky day because you're the only person that responded to my ad. Are you available for a phone interview tomorrow? The Wade Hart This is book one of a duet. The second and final book is Return To Sender.

To Whom It May Concern Priscila Uppal 2010-07-01 Hardev Dange is suffering through a tumultuous year. He's just been informed that the bank is going to foreclose on his house. His fickle daughter Birendra is on the verge of marriage, his son Emile is studying curses (while falling in love with a fellow male grad student), and his younger daughter, Dorothy, who's deaf, is working at a tattoo and body piercing parlour and collecting stories from the older men languishing at her local hangout. And because he's confined to a wheelchair, Hardev is dependent on his homecare worker, the kleptomaniac Rodriguez, to help him devise a plan to keep house and home together. In this modern, multicultural re-telling of King Lear, Uppal explores the vulnerability and complexity of family and inheritance. She exposes the tragic and comedic dimensions of our failures to communicate and the consequences of our betrayals, which result in disappointment and disillusionment, but also, unexpectedly, in moments of compassion and love.

This was going to be a journey of facing his insecurities and finding ways to overcome them. At the beginning, this trip was for him and him only. Yet, as the insecurities and self-doubts melted, he realized that this was becoming more than a journey of pushing his boundaries. It had become a discovery of the power of connection and relationships. As he opened up to the people who surrounded him and embraced their influence and impact, he began to smile at the world. With his newfound appetite for gratitude and positivity, he committed himself to always make an effort to positively impact someone's life. In every chapter of this odyssey, Jordan added to his collection of life lessons. But it was his reflections upon returning home that pushed him the farthest.
