Kevin Zraly Windows on the World Complete Wine Course Kevin Zraly 2021-03-16 Raise a glass to the 35th anniversary edition of the definitive guide to understanding and appreciating wine—written by James Beard Lifetime Achievement Award Winner Kevin Zraly and with more than three million copies sold.

“When it comes to beginners’ wine guides, Windows on the World Complete Wine Course is one of the perennial best.” — TheWall Street Journal Kevin Zraly is America’s ultimate wine educator, and his entertaining teaching style has made this must-have book a treasured favorite for more than three decades. He demystifies every aspect of wine: grape varieties, winemaking techniques, different types and styles of wine, how to read a wine label, and how to evaluate a wine in just 60 seconds. Ranging from the renowned reds of Bordeaux and California to the trailblazing whites of New York and Burgundy, this essential volume features maps of each region, lush photographs, a wealth of infographics, more than 800 of the best-value wines from around the world, over 100 labels—including some new to this edition—to help you find the right wines, and guided tastings. It also highlights the best vintages to savor and includes comprehensive notes on food pairings, frequently asked questions, and quizzes to test your knowledge. In short, Kevin Zraly Windows on the World Complete Wine Course provides all the tools you need to discover and enjoy the perfect wines for you. This revised edition includes new chapters on Prosecco, Rosé, and the wines of Sicily, plus a fascinating chapter written from the author's unique 50-year perspective on how wine and food culture has changed since 1970.

New York Magazine 1982-12-06 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

A Book of Scoundrels Charles Whibley 1897

Here Burns My Candle Liz Curtis Higgs 2010-03-16 A mother who cannot face her future. A daughter who cannot escape her past. Lady Elisabeth Kerr is a keeper of secrets. A Highlander by birth and a Lowlander by marriage, she honors the auld ways, even as doubts and fears stir deep within her. Her husband, Lord Donald, has secrets of his own, well hidden from the household, yet whispered among the town gossips. His mother, the dowager Lady Marjory, hides gold beneath her floor and guilt inside her heart. Though her two abiding passions are maintaining her place in society and coddling her grown sons, Marjory’s many regrets, buried in Greyfriars Churchyard, continue to plague her. One by one the Kerr family secrets begin to surface, even as bonny Prince Charlie and his rebel army ride into Edinburgh in September 1745, intent on capturing the crown. A timeless story of love and betrayal, loss and redemption, flickering against the vivid backdrop of eighteenth-century Scotland, Here Burns My Candle illumines the dark side of human nature, even as hope, the brightest of tapers, lights the way home.

How Buildings Learn Stewart Brand 1995-10-01 Buildings have often been studied whole in space, but never before have they been studied whole in time. How Buildings Learn is a masterful new synthesis that proposes that buildings adapt best when constantly refined and reshaped by their occupants, and that architects can mature from being artists of space to becoming artists of time. From the connected farmhouses of New England to I.M. Pei's Media Lab, from "satisficing" to "form follows funding," from the evolution of bungalows to the invention of Santa Fe Style, from Low Road military surplus buildings to a High Road English classic like Chatsworth—this is a far-ranging survey of unexplored essential territory. More than any other human artifacts, buildings improve with time—if they're allowed to. How Buildings Learn shows how to work with time rather than against it.

Canadian Bed and Breakfast Guide Gerda Pantel 1996-02-29 Completely updated, this guide contains comprehensive listings of B&Bs in each Canadian province, including both small towns and cities, photos of almost every B&B, as well as complete descriptions--rates, types of rooms, meals, services, and special features. It also includes maps of each province and directions to the B&Bs, along with information on area tourist attractions.

Church Clocks Hugh Rock 2009-05-19 Since the medieval period, mechanical clocks located in churches across Britain have told the time to local communities, or displayed the phases of the moon and the heavens on an elaborate astrological face. During the six-hundred-year history of the mechanical church clock the design of these timepieces changed remarkably little, and in most respects the classic Victorian clock, made with a high degree of accuracy using the latest techniques, was very similar to the type of blacksmith-made medieval movement that can still be seen in places like Salisbury Cathedral. The gentle developments and refinements that helped to make clocks more accurate and easier to maintain are detailed in this engaging book, which traces the history of church clocks from the wealthy abbeys and cathedrals of the middle ages through to the electric movements of the present day that are steadily making redundant historic clocks that have served for centuries. Focusing on some of the most noteworthy church clocks in the UK, and drawing on the intriguing stories behind them, Church Clocks is an absorbing survey of the timepieces that were, and still are, much-loved features of many communities.
