Broken Windows, Broken Business Michael Levine 2021-05-11 Now revised and updated,

this "inspired, impactful, and important" book shows how to achieve the ultimate success by rectifying the small problems that can sink a business (Stephen R, Covey, author of *The 7 Habits of Highly Effective People*). Once every few years a book comes along with an insight so penetrating, so powerful—and so simply, demonstrably true—that it instantly changes the way we think and do business. Such a book is *Broken Windows, Broken Business*, a breakthrough in management theory that can alter the destiny of countless companies striving to stay ahead of their competition. In this vital work, author Michael Levine offers compelling evidence that problems in business, large and small, typically stem from inattention to tiny details. Social psychologists and criminologists agree that if a window in a building is broken and left unrepaired, soon thereafter the rest of the windows will be broken—and the perception will build that crime in that neighborhood is out of control. The same principle applies to

business. Drawing on real-world corporate examples, from JetBlue's decision to give fliers what they really want—leather seats, personal televisions, online ticketing - to Google's customer-based strategy for breaking out of the pack of Internet search engines, to business-to-business firms' successes and failures, Levine proves again and again how constant vigilance and an obsession with detail can make or break a business or a brand. With tips and advice on changing any business to one that dots its i's, crosses its t's, and attracts more clients, Broken Windows, Broken Business goes straight to the heart of what makes all enterprises successful—the little things that mean a lot.

Slave Revolt on Screen Alyssa Goldstein Sepinwall 2021-05-28 Recipient of the 2021

Honorary Mention for the Haiti Book Prize from the Haitian Studies Association In Slave Revolt on Screen: The Haitian Revolution in Film and Video Games author Alyssa Goldstein Sepinwall analyzes how films and video games from around the world have depicted slave revolt, focusing on the Haitian Revolution (1791–1804). This event, the first successful revolution by enslaved people in modern history, sent shock waves throughout the Atlantic World. Regardless of its historical significance however, this revolution has become less well-known—and appears less often on screen—than most other revolutions; its story, involving enslaved Africans liberating themselves through violence, does not match the suffering-slaves-waiting-for-a-white-hero genre that pervades Hollywood treatments of Black history. Despite Hollywood's near-silence on this event, some films on the Revolution do exist—from directors in Haiti, the US, France, and elsewhere. Slave Revolt on Screen offers the first-ever comprehensive analysis of Haitian

Revolution cinema, including completed films and planned projects that were never made. In addition to studying cinema, this book also breaks ground in examining video games, a pop-culture form long neglected by historians.

Sepinwall scrutinizes video game depictions of Haitian slave revolt that appear in games like the Assassin's Creed series that have reached millions more players than comparable films. In analyzing films and games on the revolution, *Slave Revolt on Screen* calls attention to the ways that economic legacies of slavery and colonialism warp pop-culture portrayals of the past and leave audiences with distorted understandings.

When America Stopped Being Great Nick Bryant 2021-03-04 'Nick Bryant is brilliant. He has a way of showing you what you've been missing from the whole story whilst never leaving you feeling stupid.' - Emily Maitlis 'Bryant is a genuine rarity, a Brit who

understands America' - Washington Post In When America Stopped Being Great, veteran reporter and BBC New York correspondent Nick Bryant reveals how America's decline paved the way for Donald Trump's rise, sowing division and leaving the country vulnerable to its greatest challenge of the modern era. Deftly sifting through almost four decades of American history, from post-Cold War optimism, through the scandal-wracked nineties and into the new millennium, Bryant unpacks the mistakes of past administrations, from Ronald Reagan's 'celebrity presidency' to Barack Obama's failure to adequately address income and racial inequality. He explains how the historical clues, unseen by many (including the media) paved the way for an outsider to take power and a country to slide towards disaster. As Bryant writes, 'rather than being an aberration, Trump's presidency marked the culmination of so much of what had been going wrong in the United States for decades - economically, racially, politically, culturally,

technologically and constitutionally.' A personal elegy for an America lost, unafraid to criticise actors on both sides of the political divide, When America Stopped Being Great takes the long view, combining engaging storytelling with recent history to show how the country moved from the optimism of Reagan's 'Morning in America' to the darkness of Trump's 'American Carnage'. It concludes with some of the most dramatic events in recent memory, in an America torn apart by a bitterly polarised election, racial division, the national catastrophe of the coronavirus and the threat to US democracy evidenced by the storming of Capitol Hill.

Foundations of Woodworking Michael Pekovich 2021 "Foundations of Woodworking gets to the very core of the craft of woodworking: laying out, cutting, and assembling joinery for furniture and other treasured wood objects. After an introductory chapter on the basic woodworking strategies

that apply to anything you might build, Pekovich dives into a step-by-step, project-by-project description of the essential wood joints, from rabbets and dados through mortise and tenons to dovetails and miters. Master these joints--with a combination of hand tools and power tools--and the door is open to create just about any design you can think of"--

The Negro Motorist Green Book Victor H. Green
The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that

the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

New York Journal of Homœopathy 1921

Stand Up for Alabama Jeff Frederick 2007-11-11
Whereas other studies have focused on George Wallace's career as a national figure, Stand Up for Alabama provides a detailed, comprehensive, and analytical study of Wallace's political life that emphasizes his activities and their impact within the state of Alabama. Jeff Frederick examines the development of policy during the Wallace administrations and documents relationships with his constituents in ways that

go beyond racial politics. He also analyzes the connections between Wallace's career and Alabamians' understanding of their history, sense of morality, and class system.

The Casebook of a Residential Care

Psychiatrist Martin Fleishman 2014-03-18

Discover an alternative realm of psychiatry—without offices or couches! The Casebook of a Residential Care Psychiatrist: Psychopharmacosocioeconomics and the Treatment of Schizophrenia in Residential Care Facilities addresses the problems involved in the onsite treatment of mentally ill patients in residential care facilities. This book is the first to identify the need for psychiatrists to be available to individuals in such facilities as adult homes, community care homes, transitional living facilities, and rest homes. This vital resource also contains specific recommendations as to how these visits should be conducted with regard to frequency, duration, space, and the types of Medicare procedure codes to utilize. In

The Casebook of a Residential Care Psychiatrist, Dr. Fleishman uses his 40 years of experience as a psychiatrist to show you the ins and outs of practicing psychiatry in residential facilities. The book also discusses the profound changes psychiatric drugs have produced in the social, economic, and legal arenas. Using anecdotes, personal stories, and actual documents from Dr. Fleishman's files, this book provides you with a wealth of knowledge not found anywhere else. With this book, you'll learn more about: time-saving interview/assessment techniques the importance of psychopharmacology in residential care and how it has changed the practice of psychiatry Dr. Fleishman's method for appropriately creating and using progress notes and other records during treatment ways to work with other members of the residential facility professional community—including psychologists, social workers, pharmacists, and administrators—to make everyone's job easier the best ways to control paperwork obligations

the impact that federal, state, and local government agencies have had on mental health spending, services, and practitioners In *The Casebook of a Residential Care Psychiatrist*, you will find wisdom, knowledge, and advice along with case studies, tables and examples. While focused on psychiatry and schizophrenia, this book will be of interest to mental health workers, long-term caregivers, and residential facility administrators as well as psychiatrists and psychologists.

Abrams' Clinical Drug Therapy Geralyn Frandsen 2020-10-05 Highly praised for its clear organization and approachable presentation, *Abrams' Clinical Drug Therapy*, Twelfth Edition continues a long tradition of guiding students and instructors through the practice of safe and effective medication administration. Expert pharmacology educators and clinicians explain the “why” behind each nursing action and emphasize individualized nursing care and drug therapy to promote optimal outcomes in every

care setting. This updated edition is filled with case studies, concept maps, and other engaging features, and is complemented by robust online resources that reinforce understanding and establish a solid foundation for success from the classroom to the NCLEX® to clinical practice.

Don Van Vliet, stand up to be discontinued

Don Van Vliet 1993

Captain Beefheart's Trout Mask Replica Kevin Courrier 2007-03-23 In the spring of 1969, the inauspicious release of Captain Beefheart and the Magic Band's *Trout Mask Replica*, a double-album featuring 28 stream-of-consciousness songs filled with abstract rhythms and guttural bellows, dramatically altered the pop landscape. Yet even if the album did cast its radical vision over the future of music, much of the record's artistic strength is actually drawn from the past. This book examines how Beefheart's incomparable opus, an album that divided (rather than) united a pop audience, is informed by a variety of diverse sources. *Trout Mask*

Replica is a hybrid of poetic declarations inspired by both Walt Whitman and the beat poets, the field hollers of the Delta Blues, the urban blues of Howlin' Wolf, the gospel blues of Blind Willie Johnson, and the free jazz of Ornette Coleman. This book illustrates how Trout Mask Replica was not so much an arcane specimen of the avant-garde, but rather a defiantly original declaration of the American imagination.

Get Up, Stand Up Bruce E. Levine 2011-04-11
Polls show that the majority of Americans oppose recent US wars and Wall Street bailouts, yet most remain passive and appear resigned to powerlessness. In *Get Up, Stand Up*, Bruce Levine offers an original and convincing explanation for this passivity. Many Americans are deeply demoralized by decades of oppressive elitism, and they have lost confidence that genuine democracy is possible. Drawing on phenomena such as learned helplessness, the abuse syndrome, and other psychological principles and techniques for pacifying a population, Levine explains how major US institutions have created fatalism. When such

fatalism and defeatism set in, truths about social and economic injustices are not enough to set people free. However, the situation is not truly hopeless. History tells us that for democratic movements to get off the ground, individuals must recover self-respect, and a people must regain collective confidence that they can succeed at eliminating top-down controls. Get Up, Stand Up describes how we can recover dignity, confidence, and the energy to do battle. That achievement fills in the missing piece that, until now, has undermined so many efforts to energize genuine democracy. Get Up, Stand Up details those strategies and tactics that oppressed peoples have successfully employed to gain power. We the People can unite, gain strength, wisely do battle, and wrest power away from the ruling corporate-government partnership (the "corporatocracy"). Get Up, Stand Up explains how.

When the Crickets Stopped Singing Marilyn Cram-Donahue 2018-03-20 Set in the summer of

1939, this historical novel for readers aged 10-14 tells the story of a young girl who finds the strength to defy the social norms of her community when a dangerous man poses a threat to a friend. Twelve-year-old Angie Wallace and her friends embark on a quest to "love thy neighbor," which includes newcomer Jefferson Clement. But soon the girls begin to suspect that he's a dangerous man, even if the adults refuse to see it. Like Scout in *To Kill a Mockingbird*, the characters in this book must explore the nature of truth and justice as Angie struggles to stand up for what she knows is right. It's the calm before the storm of World War II in 1939 in small-town Messina, California. Angie Wallace and her friends have set out on a mission to "love thy neighbor"--even if that means inviting weird Dodie Crumper to join in their summer plans. But as they move through their neighborly to-do list, the girls can't help but notice that there's something strange about the sudden return of Jefferson Clement. He might be well-

dressed and respected, yet with each interaction they become more aware of his dark intentions, especially when it comes to young girls. The adults in town either don't notice or ignore the danger he poses, but when Angie is the only witness to a terrible accident, she must make a choice that calls into question everything she understands about truth and justice. With a setting that blossoms to life from the first page, When the Crickets Stopped Singing is the story of a transformative summer in a young girl's life, when the idylls of childhood collide with the perils of the world beyond.
