Willing to Die Joseph Sheridan Le Fanu 2016-01-10 Chapter I. AN ARRIVAL. One of the earliest scenes I can remember with perfect distinctness is this. My sister and I, still denizens of the nursery, had come down to take our tea with good old Rebecca Torkill, the Malory housekeeper, in the room we called the cedar parlour. It is a long and rather sombre room, with two tall windows looking out upon the shadowy court-yard. There are on the wall some dingy portraits, whose pale faces peep out, as it were, through a background of black fog, from the canvas; and there is one, in better order than the others, of a grave

man in the stately costume of James the First, which hangs over the mantel-piece. As a child I loved this room; I loved the half-decipherable pictures; it was solemn and even gloomy, but it was with the delightful gloom and solemnity of one of Rebecca Torkill's stories of castles, giants, and goblins. It was evening now, with a stormy, red sky in the west. Rebecca and we two children were seated round the table, sipping our tea, eating hot cake, and listening to her oft-told tale, entitled the Knight of the Black Castle. This knight, habited in black, lived in his black castle, in the centre of a dark wood, and being a giant, and an ogre, and something of a magician besides, he used to ride out at nightfall with a couple of great black bags, to stow his prey in, at his saddle-bow, for the purpose of visiting such houses as had their nurseries well-stocked with children. His tall black horse, when he dismounted, waited at the hall-door, which, however mighty its bars and bolts, could not resist certain magical words which he uttered in a sepulchral voice--

Twilight of the Wolves Edward J. Rathke 2014-03-28 *Twilight of the Wolves* is an epic fantasy following a man cursed by a dying god's blessing, a mute eunuch carrying the dead to the Goddess of Death, and a young girl saved from a burning metropolis only to be raised by the cursed man and two wolf gods. These three lives intersect and become bound together as they walk with gods, watch them die, and hide from the terror that is humanity's lust for violence and destruction. Wandering across countries and cultures, the characters discover the cacophony and contradiction of visions and values that define humanity. They see the collision of cultures highlighting the definitions of civilization and try to find their place within and without them. The past, present, and future haunt the people of this world as they wander on, hoping to find an answer to the questions buried deepest.

At the Beach Jean-Didier Urbain 2003 Around the world, when people think of vacation it's the beach they want—even when long distances must be traversed, the seashore is the place to escape the rigors of modern life. How did this come to be, and what does our ongoing love affair with the beach mean? How do shore vacations differ from traditional tourism, and what does this tell us about our fears and dreams? In *At the Beach*, Jean-Didier Urbain offers witty and insightful answers to these questions. Urbain traces the transformation of the beach from a place of mythological threats and a demanding workplace fraught with danger to a destination for medical treatment and the pursuit of pleasure. He looks to the emergence of the modern vacation in the nineteenth century, examines representations of beachgoing in literature and the arts, and shows the transgressive side of beach culture—from nudism to hedonism to various "scandals" about costume, behavior, and sexuality that make the beach the site of social spectacle as well as leisure. Urbain's ultimate focus is the paradoxical enterprise of the residential seaside vacationer, who travels in order to stay in one place and who leaves the everyday world behind to reconstruct an idealized version of it at the shore. He argues that unlike tourists, who move from place to place, beach vacationers are not seeking to explore nature, to discover other cultures, or even to "get away from it all"; rather, they are attempting to re-create their own identities through a simplified community they can no longer find elsewhere. Blending history with social observation, Urbain presents an original, incisive, and entertaining account of this enduring ritual of escape and recreation.

The Dead and Those About to Die John C. McManus 2015-05-05 From the author of *Fire and Fortitude* and *Island Infernos*, a white-knuckle account of the 1st Infantry Division's harrowing D-Day assault on the eastern sector of Omaha Beach—acclaimed historian John C. McManus has written a gripping history that will stand as the last word on this titanic World War II battle. Nicknamed the Big Red One, 1st Division had fought from North Africa to Sicily, earning a reputation as stalwart warriors on the front lines and rabble-rousers in the rear. Yet on D-Day, these jaded combat veterans melded with fresh-faced replacements to accomplish one of the most challenging and deadly missions ever. As the

men hit the beach, their equipment destroyed or washed away, soldiers cut down by the dozens, courageous heroes emerged: men such as Sergeant Raymond Strojny, who grabbed a bazooka and engaged in a death duel with a fortified German antitank gun; T/5 Joe Pinder, a former minor-league pitcher who braved enemy fire to save a vital radio; Lieutenant John Spalding, a former sportswriter, and Sergeant Phil Streczyk, a truck driver, who together demolished a German strong point overlooking Easy Red, where hundreds of Americans had landed. Along the way, McManus explores the Gap Assault Team engineers who dealt with the extensive mines and obstacles, suffering nearly a fifty percent casualty rate; highlights officers such as Brigadier General Willard Wyman and Colonel George Taylor, who led the way to victory; and punctures scores of myths surrounding this long-misunderstood battle. *The Dead and Those About to Die* draws on a rich array of new or recently unearthed sources, including interviews with veterans. The result is history at its finest, the unforgettable story of the Big Red One's nineteen hours of hell—and their ultimate triumph—on June 6, 1944.

Silence on the Shores Le la Sebbar 2000-01-01 *Silence on the Shores* depicts the final day in the life of a Maghrebian immigrant in France. Having crossed the Mediterranean to "the other shore" as a young man to find work, he ultimately remained in France, married a French woman, and broke the promise he made to his mother to return home one day. Aware that death is drawing close, he fears experiencing the ultimate form of exile: dying alone, with no fellow Muslim at his side to whisper the customary prayer for the dead in his ear. Le la Sebbar's minimalist style deftly and powerfully conveys the simplicity of everyday life on both shores of the Mediterranean. Interweaving several monologues, she examines multiple facets of exile and the role of memory in easing its pain.
